CONSTITUTION OF THE UNITED STATES

AMENDMENT 22

1. No person shall be elected to the office of the president more than twice, and no person who has held the office of president, or acted as president, for more than two (2) years of a term to which some other person was elected president shall be elected to the office of president more than once. But this article shall not apply to any person holding the office of president when this article was proposed by the congress, and shall not prevent any person who may be holding the office of president, or acting as president, during the term within which this article becomes operative from holding the office of president or acting as president during the remainder of such term.

2. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths (¾) of the several states within seven (7) years from the date of its submission to the states by the congress.

NOTE.—This amendment was submitted by Congress on March 24, 1947 and declared in force on March 1, 1951 having been ratified by the necessary 36 states, including Montana.

OF THE

TERRITORY OF MONTANA

THE ENABLING ACT

§ 10. * * *

Operation and Effect

This is a general granting clause and shows clearly the interest of the Congress in the common schools of the newly admitted state. Texas Pacific Coal & Oil Co. v. State, 125 M 258, 234 P 2d 452, 453.

§ 11. * * *

Except as otherwise provided herein, the said lands may be leased under such regulations as the legislature may prescribe. Leases for the production of minerals, including leases for exploration for oil, gas, and other hydrocarbons and the extraction thereof, shall be for such term of years and on such conditions as may be from time to time provided by the legislatures of the respective states; leases for grazing and agricultural purposes shall be for a term not longer than ten years; and leases for development of hydroelectric power shall be for a term not longer than fifty years.

Compiler's Note

The second paragraph of sec. 11 of the Enabling Act, as amended April 13, 1948, ch. 183, 62 Stat. at L. 170, is set out above. This amendment was accepted by the state of Montana by Chapter 18, Laws of 1949.

Oil and Gas Leases

The amount bid over the minimum of 75 cents per acre as established in section 81-1703 is considered part of the rental and thus placed in the common school interest and income fund to be apportioned and distributed annually to the several school districts in the state as provided in Article XI, Section 5 of the Constitution of Montana. State ex rel. Dickgraber v. Sheridan, 126 M 447, 254 P 2d 390. (See, however, dissenting opinions of Justices Anderson and Angstman in 126 M 447, 254 P 2d 390 on pages 397 and 403 respectively.)

The 1953 amendment of section 81-1702 by chapter 122, Laws of 1953, is not inconsistent with federal law. State ex rel. Johnson v. State Board of Land Comrs., 348 U S 961, 99 L Ed 750, 75 S Ct 524, reversing and remanding State ex rel. Jones v. State Board of Land Comrs., 128 M 462, 279 P 2d 393, which had held that oil and gas leases issued under section 81-1702 as amended in 1953 for 20 years and "as long thereafter as oil and gas in paying quantities shall be produced" were not for a term of years and hence violative of section 11 of the enabling act.

Operation and Effect

The Enabling Act restrictions apply to mineral rights on state lands. A lease of the mineral rights by the state for a period of 5 years, made in 1925, with options to renew, cannot run in total more than 20 years, since Congress in 1921 amended § 11 of the Enabling Act by the Act of Aug. 11, 1921, 42 Stat. 158 which limited such leases to 20 years and the amendment was accepted by Montana in 1927 by Laws 1927, Ch. 108 (81-1701 et seq.). Texas Pacific Coal & Oil Co. v. State, 125 M 258, 234 P 2d 452, 453.

§ 12. That upon the admission of each of said states into the Union, in accordance with the provisions of this act, fifty sections of unappropriated public lands within such states, to be selected and located in legal subdivisions as provided in section 10 of this act, shall be, and are hereby, granted to said states for public buildings at the capital of said states for legislative, executive, and judicial purposes, including construction, reconstruction, repair, renovation, furnishings, equipment, and any other permanent improvement of such buildings and the acquisition of necessary

land for such buildings, and the payment of principal and interest on bonds issued for any of the above purposes.

Compiler's Note

Section 12 of the Enabling Act, as amended by Public Law 6, 85th Congress, approved February 26, 1957, is set out above. This amendment was accepted by the state of Montana by Chapter 209, Laws of 1957 (83-503).

Operation and Effect before Amendment

Capitol land grant funds may be used to repair, renovate or reconstruct an old building and install a roll call voting machine in the chambers of the house of representatives. State ex rel. Morgan v. Board of Examiners et al., — M —, 309 P 2d 336, specifically overruling Bryant v. Board of Examiners et al., — M —, 305 P 2d 340.

§ 18. * * *

Construction

This section must be read with reference to section 14 of The Organic Act. The words "shall be found" and "in lieu thereof" show that this section applies to lands known to be mineral at the time of survey and clear listing. As soon as the survey identified the land and it was not then mineral it went to the state for the common school fund. The land passed and with it the after-discovered minerals. Texas Pacific Coal & Oil Co. v. State, 125 M 258, 234 P 2d 452, 453.

Laws Impairing the Obligation of Contracts

That part of Laws 1945, Ch. 137, amending secs. 1 and 6 of Laws 1937, Ch. 87 (the Teachers' Retirement Act, secs. 75-2701, 75-2707) by changing the interest to which a withdrawing member would be entitled was invalid as to contributions made both before and after the effective date of such act. Clarke v. Ireland, 122 M 191, 199 P 2d 965, 970.

When a city council has created a housing authority under sections 35-101 to 35-146 and entered into a cooperation agreement with the housing authority such as is required by 42 U.S.C. 1415 (7) (b) (i) before the granting of federal loans, it cannot later pass an ordinance which repudiates the cooperation agreement without violating this section of the Constitution. State ex rel. Helena Housing Authority v. City Council of Helena, 125 M 592, 242 P 2d 250, 255.

Laws Not Violating This Provision

Where trust was created in 1915 and the transfer was taxed on the inheritance tax rate in existence in 1945, the time of the settlor's death, there was no violation of this section. In re Kohr's Estate, 122 M 145, 199 P 2d 856, 862, 5 ALR 2d 1046.

Sec. 16.

Advising Defendant of Nature and Cause of Accusation Against Him

Information which charges defendant with an infamous crime against nature and also described the manner in which the crime was committed which was an assault, such information did not leave the defendant in the dark as to the nature and cause of the accusation. In plain and concise language he was accused of the infamous crime against nature, which of necessity, like the crime of rape, involved an assault as a part of the act. State v. McSloy, 127 M 265, 261 P 2d 663, 664.

Construction

It was error for the trial court to allow the testimony of a witness at the first trial to be read into evidence at the second trial. It was the right of the defendant to have the jury see and observe the witness upon the witness stand. It was his right that the jury see how the witness acted while under direct and cross-examination. It was his right to have the jury judge the credibility of the witness from his appearance and manner while on the witness stand. None of these rights could be had except and unless the witness met the defendant "face to face" in the presence of the jury during the course of trial. State v. Storm, 127 M 414, 265 P 2d 971, 973. (See, however, the dissenting opinion in 127 M 414, 265 P 2d 971, 975.)

On the second trial of a defendant the testimony of a state witness given at the first trial could not be read into evidence at the second trial since to do so would be to deprive the defendant of his right to meet a witness face to face. State v. Piveral, 127 M 427, 265 P 2d 969, 970. (See, however, dissenting opinion in 127 M 427, 265 P 2d 969, 970.)

Impartial Jury

Trial court was in error for refusing to grant the defendant a change of venue where evidence disclosed that local newspapers had fanned the feeling of the community against the defendant and that county officials themselves felt that the feeling against the defendant was so high that they moved him for safety to the state prison. State v. Dryman, 127 M 579,

269 P 2d 796, 800. (Dissenting opinion, 127 M 579, 269 P 2d 796, 801.)

Right of Accused to Meet Witnesses Against Him Face to Face

Constitutional right to meet witnesses face to face and to demand nature and cause of accusation can be made ineffective if state can conceal names of its witnesses until day of trial. State ex rel. Porter v. District Court, 124 M 249, 220 P 2d 1035, 1042.

Right to Trial by Impartial Jury

This provision and sections 93-1404 and 93-1502 show that it is the intention that every person is entitled to a trial by a jury called by lot from the whole body of qualified jurors in the county, while section 93-1506 provides for a box of jurors' names residing in the city or town which can be used in emergencies as specified in section 93-1510. It is though, an abuse of discretion on the part of the trial judge to use jurors from the latter group when six days before the trial the defendant pointed out the inadequacies of the panel jury and requested additional jurors from the box of names comprising qualified jurors of the whole of the county, and such motion was denied by the judge. It amounts to a systematic and calculated exclusion of persons residing throughout the county at large other than those living in the city. State v. Porter, 125 M 503, 242 P 2d 984, 986.

Venue of Criminal Actions

While indirect methods of establishing venue in criminal cases is not approved, where there was evidence that the offense occurred in Whitefish, Montana, it sufficiently established that the offense was committed in Flathead County; Whitefish being shown within the boundaries of Flathead County on the official map. State v. Williams, 122 M 279, 202 P 2d 245, 246.

Sec. 17.

References

Sec. 18.

Operation and Effect

Where petition for deposition alleges facts which show that the person whose testimony is desired could be charged with a felony; to compel the person to so testify would violate this section. State ex rel. Neilson v. District Court, 128 M 445, 277 P 2d 536, 539. (Dissenting opinion, 128 M 445, 277 P 2d 536, 540.)

The protection afforded by this section is accorded a person even though the proceeding in which he is to testify is a civil one. State ex rel. Neilson v. District Court, 128 M 445, 277 P 2d 536, 539. (Dissenting opinion, 128 M 445, 277 P 2d 536, 540.)

Requiring suspect or defendant in criminal case to demonstrate voice for purposes of identification. 16 ALR 2d 1322.

Pretrial requirement that suspect or accused wear or try on particular apparel as violating constitutional rights. 18 ALR 2d 268.

Sec. 19.

Mandamus to compel judge or other officer to grant accused bail or to accept proffered sureties. 23 ALR 2d 803.

Sec. 23.

Directed Verdict in Criminal Case

In a prosecution for unlawfully driving a truck with an overload, a misdemeanor, it was error for the court to instruct and direct the jury to return a verdict of guilty where the evidence as to the true weight of the truck was in conflict as shown by two different state police scales. State v. Baillargeron, 126 M 310, 249 P 2d 799, 801.

Pre-Trial Conference

The provisions of section 93-4905 granting the court permission to require a pretrial conference do not violate the constitutional guarantee of a jury trial. State ex rel. Kennedy v. District Court, 121 M 320, 194 P 2d 256, 260, 2 ALR 2d 1050.

Recovery on a Foreign Judgment

An action to recover a money judgment on a foreign judgment and to recover spe-

cific personal property with damages is clearly an action at law and is an action in which a party cannot be denied a jury trial. Little v. Little, 127 M 152, 259 P 2d 343, 344.

Sec. 27.

Fair trial

To deny a defendant in any criminal case the right to a change of venue or place of trial from a county where he cannot be tried by an impartial jury is to deny such defendant the fair trial guaranteed by this section. State v. Dryman, 127 M 579, 269 P 2d 796, 800. (Dissenting opinion, 127 M 579, 269 P 2d 796, 801.)

Statutes and Proceedings Held Invalid Under This Provision

Section 2620.45 of the Revised Codes of 1935 (3-2445) levying a tax on dealers in oleomargarine was in violation of this section in that it denied the right to carry on a lawful business without due process of law. Brackman v. Kruse, 122 M 91, 199 P 2d 971, 975.

Sections 66-1701 et seq., known as the Photographic Examiners Act declared unconstitutional as it violates this section and sec. 3, Art. 3 of the Montana Constitution and section 1 of the 14th Amendment to the Constitution of the United States. State v. Gleason, 128 M 485, 277 P 2d 530.

Statutes and Proceedings Held Valid Under This Provision

The Grass Conservation Act (46-2301 to 46-2332) does not violate this section. Thompson v. Tobacco Root Co-op. State Grazing Dist., 121 M 445, 193 P 2d 811, 814.

Where trust was created in 1915 and the transfer was taxed on the inheritance tax rate in existence in 1945, the time of the settlor's death, there was no violation of this section. In re Kohr's Estate, 122 M 145, 199 P 2d 856, 862, 5 ALR 2d 1046.

ARTICLE IV—DISTRIBUTION OF POWERS

Sec. 1.

Interference of Executive in Judiciary

Governor is not empowered to exclude or remove from office the duly elected, qualified and acting judge of a judicial district or to order the judge of another district into his district. State ex rel. Bennett v. Bonner, 123 M 414, 214 P 2d 747.

Separation of Powers

Chapter 143, Laws of 1953 which purported to create the "Montana Legislative Council" and under which all of the members of the council were also members of the legislature contravenes this section. The act permits the legislative department through this council, to exercise powers of investigation properly belonging to the executive and judicial departments of the state government. It permits the legislative department through this council, to exercise powers of the judicial department by giving such council the power to "compel the attendance of witnesses before its hearings and require the production of papers, documents or other evidence required by it, and to issue subpoenas for such purposes." State ex rel. Mitchell v. Holmes, 128 M 275, 274 P 2d 611, 613.

Statutes Held Not to Violate This Provision

Initiative Measure No. 54, Laws 1951, p. 781 (84-5606 and Compiler's Notes thereunder) providing for the payment of a soldiers' bonus and authorizing the state board of examiners to issue bonds with which to pay the bonus, and providing for an additional cigarette tax with which to retire the bonds was not a delegation of legislative powers to the board, since standards are set up in the act. The act specifically defines the persons entitled to receive the honorarium, and irrevocably sets aside the tax for the payment of a sum which can be made certain. The amount needed to pay the honorarium and the income to be received from the cig-

arette tax are both unknown, and therefore properly left to the determination of the board. State ex rel. Graham v. Board of Examiners, 125 M 419, 239 P 2d 283, 292.

ARTICLE V—LEGISLATIVE DEPARTMENT

Sec. 1.

"Appropriation" Defined and Limitations on under This Provision

Constitutional prohibition against appropriations of money by initiative is directed solely to appropriations from the general funds; hence, Initiative Measure No. 54, Laws 1951, p. 781 (84-5606 and Compiler's Notes thereunder) which provides for an additional cigarette tax with which to pay a soldiers' bonus, and that such additional tax is to go into a special fund and be used only for that special purpose, does not violate this provision. State ex rel. Graham v. Board of Examiners, 125 M 419, 239 P 2d 283, 293.

Initiative—Technical Objections to, or Sufficiency of Petition Disregarded after Election

After the people have voted on a matter and a great majority of the voters have expressed their approval, the courts presume that the public interest was there and objections that there were not the required number of signatures on the petition are disregarded. State ex rel. Graham v. Board of Examiners, 125 M 419, 239 P 2d 283, 288, 289.

Operation and Effect

Chapter 143, Laws of 1953 which purported to create the "Montana Legislative Council" under which all of the members of the council were also members of the legislature and which act allowed "actual traveling and other expenses incurred in the discharge of their duties, including attendance at meetings" violates this section which provides the per diem and mileage allowed each member of the legislative assembly and says that he "shall receive no other compensation, perquisite, or allowance whatsoever." State ex rel. Mitchell v. Holmes, 128 M 275, 274 P 2d 611, 612.

The act creating the "Montana Legislative Council" which provided that all of the members of the council were also members of the legislature violates this section which provides that no session of the legislative assembly shall exceed sixty days. The duties of the proposed council are the same as those performed by members and committees of the regular legislative assembly during a regular 60-day session, with the exception of finally exacting proposed measures into law. Among those duties are: Examining state offices, state institutions, state funds and appropriations; receiving messages and reports from the governor and other state officials; holding public hearings and investigations; and reporting its findings and proposed legislative enactments to each succeeding regular session of the legislative assembly, on or before the tenth day of such session. The intent and purpose of the act is to permit the legislative assembly to perform duties and exercise powers, acting through but eight of its members, over a period of more than two years, which the Constitution permits only to be performed and exercised by a duly organized legislative assembly over a 60-day period. State ex rel. Mitchell v. Holmes, 128 M 275, 274 P 2d 611, 613.

Sec. 7.

Operation and Effect

Chapter 143, Laws of 1953 which purported to create the "Montana Legislative Council" contravenes this section of the Constitution. State ex rel. Mitchell v. Holmes, 128 M 275, 274 P 2d 611, 613.

Operation and Effect

Chapter 143, Laws of 1953 which purported to create the "Montana Legislative Council" under which all of the members

Operation and Effect

If Laws 1945, Ch. 142 (84-3601 to 84-3610, since repealed) should be construed as making legal the operation of slot machines by nonprofit corporations as well as providing for their licensing, it would be void as containing more than one subject. State ex rel. Replogle v. Joyland Club, 124 M 122, 220 P 2d 988, 998.

Sec. 26.

Laws Not Violating This Provision

Sections 46-2301 to 46-2332, relating to grazing districts, do not constitute a local or special law in violation of this section. Thompson v. Tobacco Root Co-op. State Grazing Dist., 121 M 445, 193 P 2d 811, 817.

Section 52-319 relating to the requirement that mortgage lien-holders of livestock file their lien with the recorder of marks and brands in order to give notice to livestock markets does not constitute a special law in violation of this section. The classification is legitimate and reasonable and operates equally upon every person or thing in the class. Montana Meat Co. v. Missoula Livestock Auction Co., 125 M 66, 230 P 2d 955, 958.

Section 75-4601 is not violative of this provision. It is general in its application and the classification made by it is reasonable in the light of the purpose, which is limited to the construction, repair, improvement, and equipment of school buildings. Lorang v. High School Dist. "C" of Cascade County, 126 M 204, 247 P 2d 477, 479.

Operation and Effect

Chapter 143, Laws of 1953 which purported to create the "Montana Legislative Council" contravenes this section. State ex rel. Mitchell v. Holmes, 128 M 275, 274 P 2d 611, 613.

Parking Meters

The installation and use of parking meters by a city is not in violation of this section of the constitution prohibiting local or special laws chartering or licensing toll roads. Glodt v. Missoula, 121 M 178, 190 P 2d 545, 548.

Special or Local Laws Forbidden

Section 84-4159 was a special law shortening the period of the statute of limitations with respect to certain persons and individuals and invalid. Lowery v. Garfield County, 122 M 571, 208 P 2d 478, 487; Ross v. First Trust & Sav. Bank, 123 M 81, 208 P 2d 490; Mitchell v. Garfield County, 123 M 115, 208 P 2d 497, 506.

Laws 1949, Ch. 51 (32-1621) which authorized the expenditure of state highway funds on "All toll bridges crossing any river in the state of Montana" was a local and special law since the only bridge crossing any river in the state where tolls are collected for its use is the Great Northern Railway bridge at Snowden. Construction

Where the term of office of an appointee is for a definite period of four years and for an indefinite period thereafter until his successor in office shall have been appointed and qualified, and the officer holds over because the appointment of his successor is not effective there is no violation of this section. Sec. 39. Except as hereinafter provided, no obligation or liability of any person, association or corporation, held or owned by the state, or any municipal corporation therein, shall ever be exchanged, transferred, remitted, released or postponed, or in any way diminished by the legislative assembly; nor shall such liability or obligation be extinguished, except by the payment thereof into the proper treasury.

It shall however be lawful for the legislative assembly, in such manner as it may direct, to authorize the cancellation of any personal property taxes which are not a lien on real estate and which have been delinquent for ten (10) years or more.

It shall also be lawful for the legislative assembly, in such manner as it may direct, to authorize the cancellation of any contractual obligation owed to or held by a county, for seed grain, feed or other relief, the collection of which obligation is barred by the statute of limitations.

Compiler's Note

This constitutes sec. 39 of article V as amended by act approved March 5, 1947 (ch. 197, Laws of 1947); adopted at the general election of November 2, 1948; effective under governor's proclamation December 3, 1948. This amendment added the last two paragraphs.

Sec. 7.

Application

This section, authorizing recess appointments, has reference only to such vacancies which leave the office without anyone to discharge the duties and does not apply to a case where the incumbent holds until his successor is elected or appointed and qualified and is discharging the duties of his office. Hence an appointment to the industrial accident board on May 1, 1955

which was during a time when the senate was not in session was not effective, since it was not "by and with the consent of the senate" as required by section 92-104. The incumbent, whose term expired May 1, 1955 would continue to hold the office and discharge its duties. State v. Swanberg, — M —, 299 P 2d 446, 448.

Sec. 9. The governor shall have the power to grant pardons, absolute or conditional, and to remit fines and forfeitures, and to grant commutation of punishments and respites after conviction and judgment for any offenses committed against the criminal laws of the state; Provided, however, That before granting pardons, remitting fines and forfeitures, or commuting punishments, the governor shall be advised concerning the same and that such action has been approved by a board, or a majority thereof, who shall be known as the board of pardons. The legislative assembly shall by law prescribe for the appointment and composition of said board of pardons, its powers and duties; and regulate the proceedings thereof.

Compiler's Note

This constitutes sec. 9 of article VII as amended by act approved Feb. 28, 1953 (Ch. 106, Laws of 1953); adopted at the general election of November 2, 1954; effective under governor's proclamation Dec. 7, 1954. This amendment provides that the legislative assembly shall prescribe for the appointment and composition of the board of pardons and fix its powers and duties. Prior to amendment the board was composed of the secretary of state, attorney general and state auditor. For section prior to amendment, see parent volume.

Sec. 2.

Supervisory Control

There are no written laws promulgated or enacted by the law-making department of our government prescribing the regulations and limitations governing the issuance of so-called "writs of supervisory control." There being no such provisions, the court has attempted to make its own regulations and limitations as to when such writ may or may not issue, which regulations and limitations appear to change with each new petition for the "writ." State ex rel. Reid v. District Court, 126 M 489, 255 P 2d 693, 704.

Supervisory control, invoking the original jurisdiction of the Supreme Court is not a substitute for an appeal provided by statute. Original proceedings seeking supervisory control may not be employed to by-pass the statutes allowing and requiring timely appeals to the Supreme Court. Where as here the appeal allowed by statute furnishes an adequate remedy, such remedy is exclusive and furnishes the only lawful means of review. State ex rel. Reid v. District Court, 126 M 489, 255 P 2d 693, 703.

Writ of Prohibition—Authority to Review Action of District Court

Refusal of court to set aside indictments on grounds set forth in section 94-6601 may be reviewed by Supreme Court on writ of prohibition. State ex rel. Porter v. District Court, 124 M 249, 220 P 2d 1035, 1039.

Among the devices prescribed for the exercise by the supreme court of its power and jurisdiction to superintend and control proceedings in the district courts is the ancient writ of prohibition for which the legislature has made provision. State v. District Court of Lewis and Clark County, — M —, 295 P 2d 233, 237.

Where, during the course of a divorce proceeding, a judge disqualifies himself,

and another judge assumes jurisdiction and commits the husband to jail for contempt, on a habeas corpus petition brought by the jailed husband, the disqualified judge would not be authorized to act and a writ of prohibition will lie to prohibit such judge from proceeding further in the habeas corpus matter. Grand Jury Term

Sec. 1.

Operation and Effect

The fact that a lessor's percentages of the net smelter returns paid under its lease are net proceeds as to it and taxable as royalties under sections 84-5406 and 84-5409 and hence classified as class one of 84-301 and 84-302 does not of itself contravene this section and section 11, article XII of the state constitution. Statutes Violating this Provision

Chapter 178, Laws of 1951 which amended section 84-301 is an unconstitutional exercise of the legislative function to classify property for taxation. Victor Chemical Works v. Silver Bow County, — M —, 301 P 2d 730, 737. (Dissenting opinion, — M —, 301 P 2d 730, 737.)

Unreasonable and Arbitrary Discrimination

Section 2620.45 of the Revised Codes of 1935 (3-2445) levying a tax on dealers in oleomargarine was invalid as levying a tax which resulted in unreasonable and arbitrary discrimination. Brackman v. Kruse, 122 M 91, 199 P 2d 971, 975.

Sec. 1(b). No monies paid into the state treasury which are derived from fees, excises or license taxes relating to registration, operation or use of vehicles on the public highways or to fuels used for the propulsion of such vehicles, except fees and charges paid to the board of railroad commissioners of the state of Montana and the public service commission of Montana or its successor or successors by motor carriers pursuant to law, shall be expended for other than cost of administering laws under which such monies are derived, statutory refunds and adjustments provided therein, payment of highway obligations, cost of construction, reconstruction, maintenance and repair of public highways, roads, streets, and bridges, and expenses authorized by the state legislature for dissemination of public information relating to the public highways, roads, streets and bridges of the state of Montana and the use thereof.

Compiler's Note

This constitutes sec. 1 (b) of article XII as added by act approved March 10, 1955 (Ch. 239, Laws 1955); adopted at the general election of November 6, 1956, effective under governor's proclamation December 28, 1956. This amendment added section 1 (b) to article XII of the Constitution.

Sec. 2.

Property Leased for School Purposes

Under this section, ownership of the property is of no importance. It is exempt from taxation if it is used exclusively for educational purposes. Northwestern Improvement Co. v. Rosebud County, — M —, 288 P 2d 657, 659.

A school building, built by an improvement company and leased by it to the school district, wherein the school district was to pay any tax which might be assessed and wherein the amount of the lease just covered the cost of the building, such building was exempt from taxation. Northwestern Improvement Co. v. Rosebud County, — M —, 288 P 2d 657, 659.

Purpose of Tax Exemption

The purpose of exempting from taxation property used exclusively for educational purposes was to promote and encourage the cause of education. Northwestern Improvement Co. v. Rosebud County, — M —, 288 P 2d 657, 659.

Sec. 3.

Net Proceeds

It does not matter whether the mine is operated at a profit or at a loss by the operator, so far as the royalty holder is concerned. He must pay on the royalty yielded to him whether the operator of the mine operated it at a loss or not. Nor does it matter whether the operator deducted the royalties in making up its return for the computation of its net proceeds. The taxing authorities are required to tax the lessor's net smelter returns for what they are, not for what the parties may do with them. New Silver Bell Min. Co. v. County of Lewis and Clark, — M —, 284 P 2d 1012, 1019. (Dissenting opinion, — M —, 284 P 2d 1012, 1021.)

Tax Not for a Public Purpose

Section 2620.45 of the Revised Codes of 1935 (3-2445) levying a tax on dealers in oleomargarine was invalid in that it levied a tax for the purpose of prohibiting in large part the sale of oleomargarine in Montana in aid of the dairy industry and not for a public or government purpose. ARTICLE XIII—PUBLIC INDEBTEDNESS

Sec. 1.

Contract for Use of Railroad Bridge

State highway commission is prohibited by this section from entering into contract with railroad by which it would pay to the railroad company a portion of the highway funds so that the railroad would permit vehicular travel over its railroad bridge free of toll. Sjostrum v. State Highway Comm., 124 M 562, 228 P 2d 238, 241.

Sale of Tax Lands

A statute which would permit a lessee of tax lands to purchase at the appraised value when there were higher bids would be unconstitutional as permitting a gift. State ex rel. Rich v. Garfield County, 120 M 568, 188 P 2d 1004, 1005.

Sec. 2.

Operation and Effect

This provision does not require that the legislature set a time limit on a debt; it merely requires that irrevocable and irrepealable law be passed providing for the levy of a tax sufficient to pay the interest, and extinguish the principal of the debt within the time limited by law. Where there is no specific time limited by law, and the law is made irrepealable until the debt and interest have been extinguished, the constitutional mandate has been met. State ex rel. Graham v. Board of Examiners, 125 M 419, 239 P 2d 283, 292.

Persons Entitled to Vote

This section requiring that laws creating an indebtedness be submitted to the people is qualified by Art. IX, sec. 2 which provides that in questions concerning the creation of a levy, debt or liability the voter "must also be a taxpayer whose name appears on the last preceding completed assessment roll." Thomas v. Board of Examiners, 122 M 564, 207 P 2d 553, 556.

Sec. 6. No city, town, township or school district shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding five per centum (5%) of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness, and all bonds or obligations in excess of such amount given by or on behalf of such city, town, township or school district shall be void; provided, however, that the legislative assembly may extend the limit mentioned in this section, by authorizing municipal corporations to submit the question to a vote of the taxpayers affected thereby, when such increase is necessary to construct a sewerage system or to procure a supply of water for such municipality which shall own and control said water supply and devote the revenues derived therefrom to the payment of the debt.

Compiler's Note

This constitutes sec. 6 of article XIII as amended by act approved March 3, 1949 (ch. 193, Laws of 1949); adopted at the general election of November 7, 1950, effective under governor's proclamation December 6, 1950. This amendment raised the limitation on indebtedness from three to five per centum.

Proposed Amendment

Chapter 161, Laws of 1957 proposed an amendment to this section of the Constitution of Montana. This proposed amendment is to be submitted to the voters at the general election in November 1958. The amendment reads as follows: "Sec. 6. No city, town, township, school district or high school district shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding five per centum (5%) of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the incurring

of such indebtedness, and all bonds or obligations in excess of such amount given by or on behalf of such city, town, township, school district or high school district shall be void; and each school district and each high school district shall have separate and independent bonding capacities within the limitation of this section: provided, however, that the legislative assembly may extend the limit mentioned in this section, by authorizing municipal corporations to submit the question to a vote of the taxpayers affected thereby, when such increase is necessary to construct a sewerage system or to procure a supply of water for such municipality which shall own and control said water supply and devote the revenues derived therefrom to the payment of the debt." Laws 1957, ch. 161, sec. 2.

Operation and Effect

Section 75-3902 was amended in 1951 to conform with this constitutional amendment and an injunction which restrains the trustees of a school district from becoming indebted to more than the 3% constitutional limit of the value of the taxable property becomes inoperative on July 1, 1951 which is the effective date that section 75-3902 as amended by Ch. 65, Laws 1951 becomes law raising the limit to 5% of the value of the taxable property. Rankin v. Love, 125 M 184, 232 P 2d 998, 1002.

Overlapping School Districts

Rankin v. Love, 125 M 184, 232 P 2d 998 at page 1001 overruled House v. School Dist. No. 4 of Park County, 120 M 319, 184 P 2d 285, which had held that each school district can contract indebtedness up to the constitutional limit notwithstanding the fact that the territory of one district may be embraced wholly or in part within the area of the other.

Where a high school district is created which overlaps the common school districts, such high school district can incur indebtedness so long as such indebtedness when apportioned among the common school districts in proportion to the assessed valuation of the property in each and this part added to the existing indebtedness of the common school districts respectively did not bring the debt of any of the latter in excess of the limit prescribed by this section. Wright v. Browning High School District, 125 M 495, 240 P 2d 862, 863.

Special Improvement District Bonds

Where town issued bonds under provisions of Revised Codes 1921, sec. 5226 (11-2202), providing for the creation of special improvement districts, the bonds were payable from the special improvement district fund and town could not be compelled to pay them from the water fund. Operation and Effect

H.B. 229, Laws of Montana 1953, pp. 651, 652 insofar as it permits the armory board to convey the Poplar armory, and land upon which it is situated, to the city of Poplar, is unconstitutional as it violates Art. 17, sec. 1 of the Montana Constitu-

tion. The armory board is part and parcel of the government of the state and in acquiring land and armories it acted for and took title thereto as an arm and agency of the state. State ex rel. Olsen v. Montana Armory Board, 128 M 344, 275 P 2d 652, 655. (Dissenting opinion, 128 M 344, 275 P 2d 652, 655.)

ARTICLE XVIII—LABOR

Section 1. The legislative assembly shall provide for a department of agriculture, and a separate department of labor and industry to be located at the capitol and each of said departments shall be under the control of a separate commissioner who shall be appointed by the governor, subject to the confirmation of the senate. Each commissioner shall hold office for four (4) years, and until his successor is appointed and qualified; the compensation of each commissioner shall be as provided by law. The powers and duties of each commissioner shall be prescribed by the legislature.

Compiler's Note

This constitutes sec. 1 of article XVIII as amended by act approved February 3, 1949 (Ch. 6, Laws of 1949); adopted at the general election of November 7, 1950, effective under governor's proclamation December 6, 1950. This amendment created a separate department of agriculture and department of labor and industry in place of the bureau of agriculture, labor and industry.

Sec. 1.

Operation and Effect

Chapter 143, Laws of 1953 which purported to create the "Montana Legislative Council" under which all of the members of the council were members of the legislature and which council was permitted to accept grants or gifts of money from any person or corporation is in direct conflict with and violative of the constitutional oath required by this section. State ex rel. Mitchell v. Holmes, 128 M 275, 274 P 2d 611, 612.

Sec. 2.

Raising Question of Violation

CHAPTER 5—MISCELLANEOUS

Section 1-501. State aviation fund.

1-501. State aviation fund. Creation of state aviation fund—All costs and expenses of administering this act, including the salaries of employees and assistants provided for in section 6 [1-203] hereof, the expenses of members of the commission, and all other disbursements necessary to carry out the purposes of this act, shall be paid out of the state aviation fund hereby created.

The state aviation fund shall be made up of the following revenues to-wit: All gifts and all legislative appropriations for said fund; all moneys received from any branch or department of the federal government, or from other sources, for the purposes mentioned in this act or for the furtherance of aeronautics generally in this state.

There shall also be paid into said fund the proceeds of one cent (1¢) per gallon out of the amount per gallon of gasoline license tax now or hereafter imposed by the laws of Montana upon purchases of gasoline used for the operation of aircraft.

The revenue from said one cent (1¢) per gallon of said tax shall no longer be placed in either the state highway fund or the gasoline license drawback fund as now required by section 2381.22, Revised Codes of Montana of 1935 [84-1812], as amended, but the same shall, when received by the state treasurer, be placed in the state aviation fund.

No part of said one cent (1¢) per gallon of gasoline license tax imposed by the laws of Montana on gasoline purchased and used for the operation of aeroplanes or aircraft, shall be subject to refund under the provisions of section 2396.4, Revised Codes of Montana, 1935 [84-1818], as amended, it being the intent of this section to reduce by one cent (1¢) per gallon of the amount of gasoline license tax which may be refunded on purchases of gasoline used in the operation of aircraft, and to leave otherwise unchanged the provisions of said section 2396.4 [84-1818].

History: En. Sec. 20, Ch. 152, L. 1945; amd. Sec. 1, Ch. 120, L. 1949.

Amendment

The 1949 amendment substituted the words "the amount per gallon of gasoline license tax now or hereafter" for "each five cents per gallon license tax now" in the third paragraph and substituted "by one cent (1c) per gallon of" for "from five to four cents per gallon" in the last paragraph.

Repealing Clause

Section 2 of Ch. 120, L. 1949 repealed all acts and parts of acts in conflict therewith.

Appropriation

The appropriation made by Laws 1947, p. 761 from the gasoline drawback fund was an appropriation of the one cent gasoline tax for payment of the expenses of the commission. State ex rel. State Aeronautics Comm. v. Board of Examiners, 121 M 402, 194 P 2d 633, 640.

Federal funds and other moneys derived otherwise than by taxation never reach the general fund of the state treasury and hence require no legislative appropriation other than that made by subd. (d) of section 1-205. State ex rel. State Aeronautics Comm. v. Board of Examiners, 121 M 402, 194 P 2d 633, 636.

Constitutionality

Article 12, sec. 10 of the state constitution has no application to the license tax provided for in this act and therefore it is not necessary that the proceeds of the one cent gasoline tax be paid into the state treasury as part of the general fund but it was competent for the legislature to provide that it be kept as a separate fund. State ex rel. State Aeronautics Comm. v. Board of Examiners, 121 M 402, 194 P 2d 633, 638.

Operation and Effect

The practical operation of this act is to levy a one cent per gallon tax on the user of gasoline for aviation purposes and it is used to regulate the aviation operators, and therefore is not a revenue measure and not subject to the constitutional provisions relating to taxation. State ex rel. State Aeronautics Comm. v. Board of Examiners, 121 M 402, 194 P 2d 633, 637.

The amendment of section 84-1818 by Laws 1947, Ch. 130 had no effect on this section. State ex rel. State Aeronautics Comm. v. Board of Examiners, 121 M 402, 194 P 2d 633, 641.

CHAPTER 6—UNIFORM STATE LAW FOR AERONAUTICS

Section 1-603. Lawfulness of flight—landings—recovery of damages.

1-603. Lawfulness of flight—landings—recovery of damages. Flight in aircraft over the lands and waters of this state is lawful, unless at such a low altitude as to interfere with the then existing use to which the land or water, or the space over the land or water, is put by the owner, or unless so conducted as to be imminently dangerous to persons or property lawfully on the land or water, or in violation of the air commerce regulations which have been, or may hereafter be, promulgated by the department of commerce of the United States. No person shall operate an aircraft in a careless or reckless manner so as to endanger the life or property of others, including the aircraft being operated and passengers carried therein. The wilful and malicious use of aircraft in stunting or diving over livestock in a manner calculated to frighten or stampede them, shall be deemed an unlawful use thereof, and actual and punitive damages, in addition to the

penalties, provided by this act, may be recovered in an action for damages caused therefrom.

The landing of an aircraft on the lands or waters of another, without his consent, is unlawful, except in the case of a forced landing. For damages caused by a forced landing, however, the owner or lessee of the aircraft or the pilot shall be liable for actual damage caused by such forced landing.

History: En. Sec. 7, Ch. 17, L. 1929; amd. Sec. 1, Ch. 109, L. 1939; amd. Sec. 1, Ch. 16, L. 1949.

Amendment

The 1949 amendment added the second sentence and substituted "or the pilot" for "if the pilot" in the last paragraph.

Repealing Clause

Section 2 of Ch. 16, L. 1949 repealed all acts and parts of acts in conflict therewith.

Effective Date

Section 3 of Ch. 16, L. 1949 provided the act should take effect from and after its passage and approval. Approved February 4, 1949.

Operation and Effect

A conviction may be had of the owner of a tavern for the sale of beer to a minor although such sale was made by a barmaid who was not on the defendant's payroll but acted at times as bartender when the manager was gone. The owner by her silence and by accepting and retaining the benefits of the sales by the barmaid whom she knew was acting as a substitute bartender for her manager did ratify said acts. State v. (f) Full name and address of the vendor of such mixture.

(g) When space is provided on labels appearing on seed, providing for the insertion of specific items relative thereto and such spaces are left open, the blank space or spaces shall be deemed to imply that the word "none" was intended, when such interpretation is reasonable.

9. The commissioner of agriculture of the state of Montana shall prescribe the form and outline text of all labels to be used as provided for in section 3-802.

10. Prohibition of sales of certain seeds. It shall be unlawful for any person, firm, co-partnership, corporation or association to sell, or to offer for sale, or to expose or display for sale, any agricultural seed within the state of Montana, irrespective of the place of origin of such seed, which contains noxious weed seeds of any one, or more, of said groups of noxious weed seeds, as follows:

The application for registration shall be submitted to the commissioner on a form furnished by the commissioner and shall be accompanied by a fee of thirty-five dollars ($35.00) per brand and ten dollars ($10.00) per grade. Fees so collected shall constitute a fund for payment of the costs of inspection, sampling, and analysis and other expenses necessary for the administration of this act. Upon approval by the commissioner a copy of the registration shall be furnished to the applicant. All registrations expire on December 31 of each year. The application shall include the following information:

(d) If on the basis of an inspection and/or the analysis of the official sample a commercial fertilizer is found to be subject to penalty or other legal action, the commissioner shall forward to the registrant notification of the violation at least ten days before the report of the chemist is made public. If during that period no adequate evidence to the contrary is made available to the commissioner the report shall become official. History: En. Sec. 15, Ch. 41, L. 1957.

3-1727. Violation. (a) If it shall appear from the examination of any commercial fertilizer that any of the provisions of this act or the rules and regulations issued thereunder have been violated, the commissioner shall cause notice of the violations to be given to the registrant, distributor, or possessor from whom said sample was taken; any person so notified shall be given opportunity to be heard under such rules and regulations as may be prescribed by the commissioner. If it appears after such a hearing, either in the presence or absence of the person so notified, that any of the provisions of this act or rules and regulations issued thereunder have been violated, the commissioner may certify the facts to the proper prosecuting attorney.

(b) Any person convicted of violating any provision of this act or the rules and regulations issued thereunder shall be punished in the discretion of the court.

(c) Nothing in this act shall be construed as requiring the commissioner or his representative to report for prosecution or for the institution

Operation and Effect

This section and section 4-237 are in conflict with sec. 1 of Laws 1927, Ch. 122 (11048.1 R. C. M. 1935) and repealed such section by implication. State v. Holt, 121 M 459, 194 P 2d 651; State v. Morrissey, 122 M 246, 199 P 2d 964.

While this section operated as a repeal of section 11048.1 R. C. M. 1935 it was in turn repealed by implication, insofar as it covers the sale of liquor to minors, by Laws 1937, Ch. 84 which so far as the sale of liquor to minors is concerned, in section 18 (4-420), makes such sale by a "person who has not been issued a license" a felony, but by section 11 (4-413) makes such sale by a "licensee or his or her employee" merely a misdemeanor. State v. Holt, 121 M 459, 194 P 2d 651, 660; State v. Morrissey, 122 M 246, 199 P 2d 964.

Advertising of Liquor or Beer

Prohibition of liquor or beer advertising as a reasonable regulation has been uniformly sustained. Fletcher v. Paige, 124 M 114, 220 P 2d 484, 488, 19 ALR 2d 1108.

Beer being included within the term "liquor" in this section under the provisions of section 4-102 as originally enacted, the 1949 amendment to such section that liquor "shall not mean or include beer as that term is defined in the Montana Beer Act" did not impliedly repeal the prohibition in subsec. (3) of this section against beer advertising. Fletcher v. Paige, 124 M 114, 220 P 2d 484, 19 ALR 2d 1108. (See 1951 amendment to section 4-101 making the term "beer" as referred to in this act apply only to that containing more than 4% of alcohol.)

4-236. Declaration of time original regulatory acts became effective.
4-240. License tax on liquor—amount—distribution of proceeds.

4-207. (2815.132) Occupant of premises deemed party to offense, when.

Operation and Effect

This section does not provide punishment for any offense but merely purports to state a rule of evidence, a quasi presumption. State v. Holt, 121 M 459, 194 P 2d 651, 659.

This section is part of the State Liquor Control Act and is applicable only to an offense against that act. State v. Holt, 121 M 459, 194 P 2d 651, 659.

A conviction may be had of the owner of a tavern for a violation of sections 4-330 and 4-345 for sale of beer to minors by a barmaid, although the barmaid was not on the defendant's payroll, because defendant knew that the barmaid oper-

ated the tavern when the manager was gone and the defendant reaped all the benefits of such sales and remained silent. There was ample evidence tending to show at the very least, an ostensible agency. State v. Erlandson, 126 M 316, 249 P 2d 794, 797.

4-223. (2815.148) **District court to have jurisdiction of offenses.**

Application

This section does not give the district courts jurisdiction of criminal actions for a violation of section 4-413. State v. Holt, 121 M 459, 194 P 2d 651, 663.

4-227. (2815.152) **Reports to state examiner—annual reports—contents.** (1) Effective July 1, 1949 the board shall from time to time make reports to the state examiner covering such matters in connection with the administration or enforcement of this act as he may require, and shall annually make a report for the twelve months ending on the thirtieth day of June in the fiscal year in which the report is made, which shall contain—

(a) A statement of the nature and amount of the business transacted by each vendor under this act during the year;

(b) A statement of its assets and liabilities including a profit and loss account, and such other accounts and matters as may be necessary to show the result of operations of the board for the year;

(c) General information and remarks as to the working of the law within the state;

(2) Every annual report made under this section shall be forthwith laid before the legislature if the legislature is then in session, and if not then in session, shall be laid before the legislature within fifteen days after the opening of the next session.

(3) The books and records of the board shall be at all times subject to examination and audit by the state examiner or his duly authorized agents or employees.

History: En. Sec. 92, Ch. 105, L. 1933; amd. Sec. 1, Ch. 86, L. 1949.

Amendment

The 1949 amendment substituted "thirtieth day of June" for "thirty-first day of December."

4-230. (2815.155) **When balance sheet and profit and loss statement to be made.** Effective July 1, 1949 the accounts of the board shall be made up for the fiscal year ending June 30 in each year and at such other times as may be required by the state examiner; and in every case the board shall prepare a balance sheet and statement of profit and loss and submit the same to the state examiner.

Section 3 of Ch. 165, L. 1951 repealed all acts and parts of acts in conflict therewith.

Effective Date

Section 4 of Ch. 165, L. 1951 provided the act should be in effect from and after July 1, 1951 at noon.

4-237. (2815.163) **Penalty for violations not otherwise provided for.**

Operation and Effect

This section and section 4-161 are in conflict with sec. 1 of Laws 1927, Ch. 122 (11048.1 R. C. M. 1935) and repealed such section by implication. State v. Holt, 121 M 459, 194 P 2d 651; State v. Morrissey, 122 M 246, 199 P 2d 964.

4-240. License tax on liquor—amount—distribution of proceeds. The Montana liquor control board is hereby authorized and directed to charge, receive and collect at the time of sale and delivery of any liquor under any provisions of the laws of the state of Montana a license tax of four per centum (4%) of the retail selling price on all liquor so sold and delivered. Said tax shall be charged and collected on all liquor brought into the state and taxed by the Montana liquor control board. The retail selling price shall be computed by adding to the cost of said liquor the state mark-up as designated by said board. Said four per centum (4%) license tax shall be figured in the same manner as the state excise tax and shall be in addition to said state excise tax. The Montana liquor control board shall retain the amount of such four per centum (4%) license tax so received in a separate account and shall apportion said license tax to the treasurers of the counties according to the amount of liquor sold by said board to the purchasers in each county. The Montana liquor control board shall pay quarterly to each county treasurer the proportion of the license tax due each county.

The county treasurer of each county shall retain one-fourth (¼) of said license tax, and shall, within thirty (30) days after receipt thereof, apportion the remaining three-fourths (¾) thereof to the treasurers of the incorporated cities and towns within his county, said apportionment to be based in each instance upon the proportion which the gross sale of liquor in such incorporated city or town bears to the gross sale of liquor in all of the incorporated cities and towns in his said county.

History: En. Sec. 1, Ch. 217, L. 1957.

Title of Act

An act authorizing and directing the

Montana liquor control board to charge and collect a license tax on all liquor sold by it for the use and benefit of the counties, and incorporated cities and towns of the state of Montana; providing for the payment of said license tax to the treasurers of the various counties of the state where said liquor is sold; providing in addition that said tax shall be charged and collected on all liquor brought into the state and taxed by the Montana liquor control board; requiring the Montana liquor control board to pay quarterly to each county treasurer the proportion of said license tax due each county; providing for the retention of one-fourth of said license tax by each county and providing for the time when and the manner of the apportionment of the remaining three-fourths of said license tax to the incorporated cities and towns in each county; providing for said funds to be deposited to the credit of the general funds of said incorporated cities and towns, and counties, and for said funds to be expended for law enforcement and regulation and control of the sale of liquor and the use thereof; and repealing all acts and parts of acts in conflict herewith.

4-241. Use of proceeds of license tax. The license tax monies when so apportioned shall be deposited to the credit of the general funds of said incorporated cities and towns, and counties and shall be expended by said incorporated cities and towns, and counties for law enforcement and the regulation and control of the sale of liquor and the use thereof.

Beer, porter, ale, stout and malt liquors containing more than four per

centum (4%) of alcohol by weight and which are defined as "liquor" by the "State Liquor Control Act of Montana", shall be subject to the regulations and controls provided by the "State Liquor Control Act of Montana", (section 4-101 through section 4-171, inclusive, Revised Codes of Montana, 1947, as amended) and the regulations and controls provided by the "Montana Retail Liquor License Act" (sections 4-401 through 4-441, inclusive, Revised Codes of Montana, 1947, as amended).

History: En. Sec. 1, Ch. 106, L. 1933; amd. Sec. 1, Ch. 166, L. 1951.

Amendment

The 1951 amendment added all that part of the section following the first sentence.

Cross-Reference

Effective date of Montana Beer Act, sec. 4-236.

Construction

This act, before 1951 amendment, and the State Liquor Control Act (4-101 to 4-239) are in pari materia and must be construed together, and together with the amendments thereto are all one homogeneous and consistent body of law. Fletcher v. Paige, 124 M 114, 220 P 2d 484, 485, 19 ALR 2d 1108.

Operation and Effect

This act and section 4-401 are police regulations enacted pursuant to the police powers of the state. The deeds prohibited are mala prohibita as distinguished from acts mala in se, and the only inquiry is: Has the law been violated? State v. Erlandson, 126 M 316, 249 P 2d 794, 797.

4-302. (2815.11) **Definitions.** In this act, the expression

(a) "Board" as used in this act means the Montana liquor control board, which shall administer the Montana Beer Act, under its provisions, without additional compensation.

(b) "Beer" means any beverage obtained by alcoholic fermentation of an infusion or decoction of barley, malt and hops, or of any similar products, in drinkable water, containing not more than four per centum (4%) of alcohol by weight. Beer which is the subject of regulation and control under this, the Montana Beer Act is beer containing not more than four per centum (4%) of alcohol by weight.

(c) "Brewer" means any person having a factory or an establishment adapted for the making of beer.

(d) "Retailer" means any person engaged in the sale and the distribution of beer, either on draught or in bottles, or cans, to the public to be served and consumed on the premises of such retailer, or in the sale or distribution of beer to the public with intent that such beer shall be taken away from the premises of such retailer for consumption off such premises.

(e) "Storage depot" means a building or structure owned or operated by a brewer at any point in the state of Montana, off and away from the premises of a brewery, and which structure is equipped with refrigeration or cooling apparatus for the storage of beer, and from which a brewer may sell or distribute beer as permitted by the Montana Beer Act.

(f) "This Act" or "this act" means the "Montana Beer Act" as amended or supplemented.

(g) "Vehicle" means any means of transportation by land or by water or by air and includes everything made use of in any way whatever for such transportation.

(h) "Warehouse" or "subwarehouse" means a building or structure owned or operated by a licensed wholesaler for the receiving, storage, and distribution of beer from such location, as permitted by the Montana Beer Act.

(i) "Wholesaler" means any person having a store or establishment for the sale and distribution of beer in wholesaling or jobbing quantities, or for the sale and distribution of beer in original packages to the public, with intent that such packages shall be delivered or taken away from the premises of such wholesaler in unbroken package for consumption off the premises of such wholesaler.

History: En. Sec. 2, Ch. 106, L. 1933; amd. Sec. 1, Ch. 46, Ex. L. 1933; amd. Sec. 6, Ch. 30, L. 1937; amd. Sec. 2, Ch. 166, L. 1951.

Amendment

The 1951 amendment in definition (a) deleted the words "ex officio and" preceding "without additional compensation", in definition (b) added the last clause of the first sentence, added the second sentence, and deleted the word "other" preceding "similar products", omitted former definitions (d), (e) and (f) defining "club," "club member" and "person" respectively, relettered former definition (g) as (d) and inserted the words "or cans", added the definitions of "storage depot" and "this act", relettered the definition of "vehicle" from (h) to (g), and added the definition of "warehouse" or "subwarehouse."

Application

The definition of beer in this section was applicable throughout the State Liquor Control Act (4-101 to 4-239). Fletcher v. Paige, 124 M 114, 220 P 2d 484, 485, 19 ALR 2d 1108. (Decision prior to 1951 amendment.)

4-303. Closing hours for licensed retail beer establishments.

Operation and Effect

The word "closed" means absolutely closed, to close off the front, sides, and rear of that part of a room which is used for the purpose of selling liquor. It makes no difference if any liquor is sold or not; the offense consists in its being open. State v. Perez, 126 M 15, 243 P 2d 309, 312.

4-304. Sale of beer during closed hours forbidden—lawful business, etc.

Operation and Effect

Where the dining room is entirely separate from the bar room with a connecting door, this section is violated by keeping the bar room open after hours and allowing people to remain therein. The restaurant business may be conducted without using the bar room. State v. Perez, 126 M 15, 243 P 2d 309, 312.

4-306. Montana liquor control board to administer act.

(2) Relating to, and prescribing standards of sanitation, cleanliness, and safety for all premises licensed for the consumption of beer on the premises, and the plumbing therein and therefor, toilets and rest room facilities, equipment, supplies, fixtures, beer-dispensing apparatus, and utensils on such premises, or used in connection with the dispensation and consumption of beer thereon; and

(3) Without limitation from the foregoing, such other and further regulations as are necessary and feasible for the purpose of carrying into effect the provisions of the Montana Beer Act. Rules and regulations adopted by the board within the authority of this act, shall have the force and effect of law.

History: En. Sec. 3, Ch. 106, L. 1933; amd. Sec. 2, Ch. 46, Ex. L. 1933; amd. Sec. 3, Ch. 166, L. 1951.

Amendment

The 1951 amendment entirely revised this section which formerly provided in general terms power to do things necessary or advisable to carry into effect the act, to prescribe the forms of applications and licenses and the powers now prescribed by subsec. (b) (3).

History: En. Sec. 31, Ch. 106, L. 1933; amd. Sec. 11, Ch. 46, Ex. L. 1933; amd. Sec. 7, Ch. 166, L. 1951.

Amendment

The 1951 amendment amended that part of this section following the first paragraph. Prior to amendment it merely prohibited the sale or disposition to any person appearing to be in an intoxicated or disorderly condition or to allow such persons on the premises.

Construction

This section as amended by chapter 166, Laws of 1951 did not repeal by implication sections 94-35-106 and 94-35-106.1. State v. Winter, — M —, 285 P 2d 149, 156.

Operation and Effect

A conviction of the owner of a tavern for a violation of this section and section 4-345 may be had when a barmaid at the tavern sold beer to minors, although the barmaid was not on the defendant's pay-

roll, because defendant knew that she acted at times as barmaid and operated the tavern when the manager was gone, and the defendant reaped all the benefits of such sales and remained silent. There was ample evidence tending to show at the very least, an ostensible agency. State v. Erlandson, 126 M 316, 249 P 2d 794, 795.

4-333. (2815.36) **Issuance of retail beer licenses—limit on number of—off-premises beer licenses—lapse and cancellation.** (1) Except as otherwise provided by law, a license to sell beer at retail in accordance with the provisions of this act and the regulations of the Montana liquor control board, may be issued to any person, firm or corporation who shall be approved by a majority of the board as a fit and proper person, firm or corporation to sell beer; provided, that the number of retail beer licenses that the board may issue shall be determined as follows:

(a) The number of retail beer licenses that the board may issue for premises situated within incorporated cities and incorporated towns and within a distance of five (5) miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the most recent official United States census authorized by congress, to wit: In incorporated towns of five hundred (500) inhabitants or less and within a distance of five (5) miles from the corporate limits of such towns, not more than two (2) retail beer licenses to be used in conjunction with retail liquor licenses and not more than one (1) additional retail beer license which shall not be used in conjunction with a retail liquor license; in incorporated cities or incorporated towns of more than five hundred (500) inhabitants and not over two thousand (2000) inhabitants and within a distance of five (5) miles from the corporate limits of such cities or towns, two (2) retail beer licenses for the first five hundred (500) inhabitants and one (1) retail beer license for each additional five hundred (500) inhabitants, which said retail beer licenses shall be used in conjunction with retail liquor licenses, and one (1) additional beer license for each five hundred (500) inhabitants which said beer license shall not be used in conjunction with retail liquor licenses; in incorporated cities of over two thousand (2000) inhabitants and within a distance of five (5) miles from the corporate limits of such cities, five (5) retail beer licenses for the first two thousand (2000) inhabitants and one (1) retail beer license for each additional one thousand (1000) inhabitants which said retail beer licenses shall be used in conjunction with retail liquor licenses, and two (2) additional retail beer licenses for the first two thousand (2000) inhabitants or major fraction thereof and one (1) additional retail beer license for each additional two thousand (2000) inhabitants which shall not be used in conjunction with retail liquor licenses. The number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of five (5) miles from the corporate limits thereof, shall govern the number of retail beer licenses that may be issued for use within such cities and towns and within a distance of five (5) miles from the corpo-

rate limits thereof; provided, that where two (2) or more incorporated municipalities are situated within a distance of five (5) miles from each other, the total number of retail beer licenses that may be issued for use in both of such municipalities and within a distance of five (5) miles from their respective corporate limits, shall be determined on the basis of the combined populations of both of such municipalities and shall not exceed the foregoing limitations. The said distance of five (5) miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town. Retail beer licenses of issue on the date of the passage and approval of this act and which are in excess of the foregoing limitations shall be renewable, but no new licenses shall be issued in violation of such limitations; provided, that such limitations shall not prevent the issuance of a nontransferable and nonassignable retail beer license to any post of a nationally chartered veterans' organization or any lodge of a recognized national fraternal organization, if such veterans' or fraternal organization has been in existence for a period of five (5) years or more prior to January 1, 1949. No incorporated city or incorporated town may by ordinance restrict the number of licenses that the board may issue; provided that no retail beer license may be issued by the board for any premises situated within any zone of such city or town wherein the sale of beer is prohibited by ordinance, a certified copy of which has been filed with the board. The board shall have discretion to deny the issuance of a retail beer license if it shall determine that the premises proposed for licensing are off regular police beats and cannot be properly policed by local authorities.

(b) The number of retail beer licenses that the board may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of five (5) miles from the corporate limits thereof, or for use at premises situated within any unincorporated town shall be as determined by the board in the exercise of its sound discretion; provided, that no retail beer license shall be issued for any premises so situated unless the board shall determine that the issuance of such license is required by public convenience and necessity.

(2) A retail license to sell beer in the original packages for off-premises consumption only may be issued to any person, firm or corporation who shall be approved by a majority of the board as a fit and proper person, firm or corporation to sell beer. The number of such licenses that the board may issue shall not be limited by the provisions of subsection (1) of this section, but shall be determined by the board in the exercise of its sound discretion, and the board may in the exercise of its sound discretion grant or deny any application for any such license or suspend or revoke any such license for cause. The annual license fee for a license to sell beer at retail for off-premises consumption shall be the same as for a retail beer license.

(3) From and after February 1, 1949, any retail license issued pursuant to this act (including any retail license to sell beer for off-premises consumption), not actually used in a going establishment for a period of ninety (90) days, shall automatically lapse. Upon determining the fact of nonuser for such period the board shall cancel such license of record and

no portion of the fee paid therefor shall be refundable. The provisions of this subsection shall not apply to the license of any licensee whose premises are operated on a seasonal basis in connection with a bona fide dude ranch, resort, park hotel, tourist facility or like business, provided such licensee has secured written authority from the board to close his licensed premises for a specified period of greater than ninety (90) days' duration.

Repeal

These sections (Secs. 33 to 35, Ch. 106, Laws 1933), relating to club licenses, were repealed by Sec. 12, Ch. 166, Laws 1951.

Repeal

This section (Sec. 44, Ch. 106, L. 1933), relating to the powers of the Montana liquor control board to issue retail beer licenses to retailers outside of cities, towns and villages, was repealed by Sec. 2, Ch. 55, Laws 1955.

4-342. (2815.45) **Denial of application for license or renewal—suspension or revocation—actions.** The board may (1) upon its own motion and shall (2) upon a written, verified complaint of any person, investigate the action and operation of any brewer, wholesaler or retailer licensed under the Montana Beer Act. If the board, after investigation, shall have reasonable cause to believe that any such licensee has violated any of the provisions of this act, or any rules, or regulations of the board, it may, in its discretion, and in addition to the other penalties herein prescribed, proceed to revoke the license of any such licensee, or it may suspend the same for a period of not to exceed three (3) months, or it may refuse to grant a renewal of said license upon the expiration thereof, under the procedures herein provided. If the board shall, in its sound discretion, determine to invoke such procedures for the purpose of refusing to grant a license or refusing to grant a renewal thereof to any applicant, or for revoking or suspending any license previously granted, it shall give applicant or licensee, as the case may be, fifteen (15) days' notice in writing of its intended action, addressed and forwarded by registered mail to the applicant or licensee at the address given in the application for license, or upon the existing license, as the case may be, stating generally the basis and reasons

for its intended action and the proposed action. Within said fifteen (15) day period said applicant or licensee may, in cases of intention to refuse to grant a license, or intention to refuse to grant a renewal thereof, institute proceedings in the nature of a writ of review, or, in case of intention to revoke or suspend a license, institute proceedings in injunction, and in any event in the district court of the county wherein the premises of applicant or licensee are located for the purpose of having the intended action of the board judicially reviewed and inquired into for (a) abuse of discretion on the part of the board, (b) failure of the board to observe, or its departure from, or disregard of the applicable law governing the board in the particular circumstances, or (c) for arbitrary or tyrannical action by the board. The board shall in all cases certify to the court its complete record in the matter and the issues shall be heard on the merits by the court upon such record and upon such further legal evidence as the parties may present. If the court in any such proceedings determines that such licensee has, in fact, violated any provisions of this act or any regulations of the board, the court shall dismiss such proceedings, and the board shall proceed to such administrative determination as to it seems proper in the circumstances. Pending determination of such matter on the merits the court may, based upon a showing of undue hardship to a licensee and upon the posting of a proper bond in an amount, and conditioned upon such terms as the court may prescribe in the presence of the surrounding circumstances, stay the effective date of the intended action of the board for such time as to the court may seem proper. If no stay order is issued by the court or any stay order once issued has expired, the board shall issue its order of suspension or of revocation of license or its order denying the license applied for, or renewal thereof. If the court shall, on the other hand, determine that good cause did not exist for the intended action of the board, or that the board abused its discretion, or otherwise acted unlawfully with respect to its intended action, on any of the grounds herein stated, the court shall issue its order and decree accordingly and the board shall comply therewith. Either party to the proceedings in the district court may appeal from its decision to the Supreme Court of the state of Montana, by following the procedures applicable to such appeals in civil actions.

4-343. (2815.46) **Repealed.**

Repeal

This section (Sec. 47, Ch. 106, Laws 1933), relating to appeals to district court from refusal of board to grant or from order revoking or suspending license, was repealed by Sec. 12, Ch. 166, Laws 1951. For present provisions, see sec. 4-342.

4-344. (2815.47) **Jurisdiction of courts.** The district courts of this state shall have concurrent jurisdiction with justice of the peace courts in all prosecutions under this act.

History: En. Sec. 48, Ch. 106, L. 1933; amd. Sec. 16. Ch. 46, Ex. L. 1933; amd. Sec. 9, Ch. 166, L. 1951.

Amendment

The 1951 amendment omitted the first part of this section which prescribed the penalty for a violation of the act.

Construction

This section expressly confers upon the district courts concurrent original jurisdiction with justice courts in prosecutions for violations of the Montana Beer Act. State v. Winter, — M —, 285 P 2d 149, 156.

4-345. (2815.48) **Common nuisance defined—misdemeanor—lien, etc.**

Operation and Effect

A conviction of the owner of a tavern for a violation of this section and section 4-330 may be had when a barmaid at the tavern sold beer to minors, although the barmaid was not on the defendant's payroll, because defendant knew that she acted at times as barmaid and operated the tavern when the manager was gone, and the defendant reaped all the benefits of such sales and remained silent. There was ample evidence tending to show at the very least, an ostensible agency. State v. Erlandson, 126 M 316, 249 P 2d 794, 795.

4-347. (2815.50) **Revenue to be paid to state treasurer—audit of books—disposition of revenue.** All fees, charges, taxes and revenues collected by or under authority of the Montana liquor control board, under the Montana beer act shall be paid over to the state treasurer on or before the tenth day of each and every month who shall deposit said funds to the credit of the state general fund, and the state examiner shall annually audit the books of the board in order to determine that the amount of money received as shown by the books of the board correspond with the books of the state treasurer.

History: En. Sec. 49, Ch. 106, L. 1933; amd. Sec. 17, Ch. 46, Ex. L. 1933; amd. Sec. 20B, Ch. 109, L. 1935; amd. Sec. 9, Ch. 14, L. 1941; amd. Sec. 1, Ch. 121, L. 1949.

Amendment

The 1949 amendment omitted the reference to penalties and omitted provisions relating to the Montana Beer Act fund 10% of which was to be used for administrative expenses and all over $5,000 was to be transferred to the state general fund whenever the special fund exceeded $10,000. The amendment also provided for an annual instead of quarterly audit of the books.

interior of his place of business, or in the windows inside the place of business of the licensed retailer, and only if the particular brand of beer so advertised on such signs is actually available for sale on the licensee's premises, at the time of such display.

(b) No brewer or wholesaler shall advance or loan money to, or furnish money for, or pay for or on behalf of any retailer, for any license or tax which may be required to be paid for any retailer, and no brewer or wholesaler shall be financially interested, either directly or indirectly, in the conduct or operation of the business of a retailer, as herein defined.

(c) No sale or delivery of beer shall be made to any retail licensee, except for cash paid within seven (7) days after the delivery thereof, and in no event shall any brewer or wholesaler extend more than seven (7) days' credit on account of such beer to a retail licensee, nor shall any retail licensee accept or receive delivery of such beer without agreement to pay in cash therefor within seven (7) days from delivery thereof. A correctly dated check which is honored upon presentment shall be considered as cash within the meaning of this act. Any extension or acceptance of credit in violation hereof shall be regarded and construed as rendering or receiving financial assistance, and the licenses of both brewers, wholesalers and retail licensees involved in violations hereof shall be suspended or revoked, as determined by the board in its discretion.

Operation and Effect

This act and section 4-301 are police regulations enacted pursuant to the police powers of the state. The deeds prohibited are mala prohibita as distinguished from acts mala in se, and the only inquiry is: Has the law been violated? State v. Erlandson, 126 M 316, 249 P 2d 794, 797.

Purpose of Act

It is the people of the state of Montana who are to be protected in their "health, welfare and safety" by the act and by the rules and regulations promulgated by the liquor control board and not the people of any other state. Perry v. Luding, 123 M 570, 217 P 2d 207, 214.

4-403. Issuance of retail liquor licenses—limit on number of licenses—retail wine licenses—lapse and cancellation. (1) Except as otherwise provided by law, a license to sell liquor at retail in accordance with the provisions of this act and the regulations of the Montana liquor control board, may be issued to any person who shall be approved by a majority of the board as a fit and proper person to sell liquor; provided, that the number of retail liquor licenses which the board may issue shall be determined as follows:

(a) The number of retail liquor licenses that the board may issue for premises situated within incorporated cities and incorporated towns and within a distance of five (5) miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the

most recent official United States census authorized by congress, to-wit: In incorporated towns of five hundred (500) inhabitants or less and within a distance of five (5) miles from the corporate limits of such towns, not more than two (2) retail liquor licenses; in incorporated cities or incorporated towns of more than five hundred (500) inhabitants and not over two thousand (2000) inhabitants and within a distance of five (5) miles from the corporate limits of such cities and towns, two (2) retail liquor licenses for the first five hundred (500) inhabitants and one (1) retail liquor license for each additional five hundred (500) inhabitants; in incorporated cities of over two thousand (2000) inhabitants and within a distance of five (5) miles from the corporate limits thereof, five (5) retail liquor licenses for the first two thousand (2000) inhabitants and one (1) retail liquor license for each additional one thousand (1000) inhabitants. The number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of five (5) miles from the corporate limits thereof, shall govern the number of retail liquor licenses that may be issued for use within such cities and towns and within a distance of five (5) miles from the corporate limits thereof; provided, however, that where two (2) or more incorporated municipalities are situated within a distance of five (5) miles from each other, the total number of retail liquor licenses that may be issued for use in both of such municipalities and within a distance of five (5) miles from their respective corporate limits, shall be determined on the basis of the combined populations of both of such municipalities and shall not exceed the foregoing limitations. The said distance of five (5) miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town. Retail liquor licenses of issue on the date of the passage and approval of this act and which are in excess of the foregoing limitations shall be renewable, but no new licenses shall be issued in violation of such limitations; provided that such limitations shall not prevent the issuance of a nontransferable and nonassignable retail liquor license to any post of a nationally chartered veterans' organization or any lodge of a recognized national fraternal organization, if such veterans' or fraternal organization has been in existence for a period of five (5) years or more prior to January 1, 1949. No incorporated city or incorporated town may by ordinance restrict the number of licenses that the board may issue; provided that no retail license may be issued by the board for any premises situated within any zone of a city or town wherein the sale of liquor is prohibited by ordinance, a certified copy of which has been filed with the board. The board shall have discretion to deny the issuance of a retail license if it shall determine that the premises proposed for licensing are off regular police beats and cannot be properly policed by local authorities.

for any premises so situated unless the board shall find that the issuance of such license is required by public convenience and necessity.

(2) From and after February 1, 1949, any retail license issued pursuant to this act not actually used in a going establishment for a period of ninety (90) days, shall automatically lapse. Upon determining the fact of nonuser for such period the board shall cancel such license of record and no portion of the fee paid therefor shall be refundable. The provisions of this subsection shall not apply to the license of any licensee whose premises are operated on a seasonal basis in connection with a bona fide dude ranch, park hotel, tourist facility or like business, provided such licensee has secured written authority from the board to close his licensed premises for a specified period of greater than ninety (90) days' duration.

Amendments

The 1949 amendment added those clauses providing for the granting of licenses without limitation to veterans' and fraternal organizations and providing for the automatic cancellation of licenses when not used for 90 days.

The 1951 amendment added the words "except that licenses issued to licensees who conduct seasonal operations, such as dude ranches, resorts, park hotels, tourist facilities and similar businesses shall not be cancelled in the above manner" at the end of the first sentence.

Section 3 of Ch. 144, L. 1951 provided the act should be in effect from and after its passage and approval. Approved February 28, 1951.

Operation and Effect

Where hotel and bar were leased for a period of five years at time when there was no quota on liquor licenses and contract provided for return of the property to lessor upon expiration of lease but made no mention of transfer of liquor license, lease could not be reformed in equity to include provision for transfer of liquor license where Quota Law had been enacted prior to expiration of lease. 4-410. Contents of license—posting—privilege—transfer—expiration. Every license issued under this act shall set forth the name of the person to whom issued, the location by street and number, or other appropriate specific description of location if no street address exists, of the premises where the business is to be carried on under said license, and such other information as the board shall deem necessary. If the licensee is a partnership or if more than one person has any interest in the business operated

under the license, the names of all persons in the partnership or interested in the business must appear on the license. Every license must be posted in a conspicuous place on the premises wherein the business authorized under the license is conducted and such license shall be exhibited upon request to any authorized representative of the board or to any peace officer of the state of Montana.

Any license issued under the provisions of this act shall be considered a privilege personal to the licensee named in the license and shall be good until the expiration of the license, unless sooner revoked or suspended. A license may be transferred to the executor or administrator of the estate of any deceased licensee when such estate consists in whole or in part of the business of selling liquor under a license and in such event the license may descend or be disposed of with the business to which it is applicable under appropriate probate proceedings.

In the event of a major loss or damage to licensed premises by unforeseen natural causes, or in case of expiration of lease of the licensed premises, or in the event of eviction or increase of rent by the landlord, in case of rented, licensed premises, or in case of proposed removal of license to premises as substantially suited for the retail liquor business as the premises vacated, the licensee may apply to the board for a transfer of the license to a different premises, the board may in its discretion permit a transfer in such cases if it appears to the board that such a transfer is required to do justice to the licensee applying for the transfer. The board shall in no event, nor for any cause, permit a transfer to a different premises where the sanitary, health and service facilities are less satisfactory than such facilities which exist or had existed at the premises from which the transfer is proposed to be made. Upon a bona fide sale of the business operated under any license the license may be transferred to a qualified purchaser. No transfer of any license as to person or location shall be effective unless and until approved by the board and any licensee or transferee or proposed transferee who operates or attempts to operate under any supposedly transferred license prior to the approval of such transfer by the board, endorsed upon the license in writing, shall be considered as operating without a license and the license affected may be revoked or suspended by the board. The board shall not in any event permit the transfer of any license beyond the quota area within which such license was originally issued, any such license which is not within a quota area may not be transferred to any premises within a quota area.

Except as above provided, no license shall be transferred or sold, nor shall it be used for any place of business not described in the license, provided however, that such license may be subject to mortgage and other valid liens, in which event the name of the mortgagee, upon application to and approval of the board, must be endorsed on the license. All licenses shall expire at midnight of June thirtieth of each year.

Amendment

The 1951 amendment inserted the words "or other appropriate specific description of location if no street address exists" in the first sentence, substituted the second sentence for a sentence which read "If issued to a partnership the names of the persons conducting the business", inserted provisions relating to peace officers in subject matter of third sentence, substituted the second and third paragraphs

for "Such license shall be signed by the licensee, shall be nontransferable except and only with the consent of the board. Every license issued under the provisions of this act is separate and distinct, and no person, except the licensee therein named, shall exercise any of the privileges granted thereunder, and all licenses are applicable only to the premises in respect to which they are issued," and changed the expiration date of licenses from January first to midnight of June thirtieth.

Repealing Clause

Section 2 of Ch. 97, L. 1951 repealed all acts and parts of acts in conflict therewith.

Assignment of License

An "involuntary" assignment and coerced surrender, enforced by court decree, after making for the parties a contract to which they did not and could not agree, is not authorized. Light v. Zeiter, 124 M 67, 219 P 2d 295, 300.

Complaint in suit for reformation of contract on ground that words "stock and fixtures" in contract for sale of beer and liquor establishment, containing provision for surrender of property in case of default, were intended by the parties to include the beer and liquor licenses, showed plaintiffs had no right in the original licenses which were transferred to purchasers where the several plaintiffs were alleged to have been joint owners, but the original liquor and beer licenses were in the name of only one of them. Light v. Zeiter, 124 M 67, 219 P 2d 295, 303.

Attachment of License

A retail liquor license is subject to attachment. Stallinger v. Goss, 121 M 437, 193 P 2d 810.

Disqualification of Partner

The disqualification of a single partner works a disqualification of all the partners. Light v. Zeiter, 124 M 67, 219 P 2d 295, 302.

Operation and Effect

Where a court decree adjudged that the liquor licenses be transferred to the defendants, but because they were unable under Montana law to hold such licenses, an arrangment was made between the plaintiff and the defendant to transfer the licenses to the plaintiff along with a lease of the premises; such lease and transfer will be upheld where there is consideration. Sears v. Barker, 126 M 101, 244 P 2d 516.

Sheriff's Sale

A retail liquor dealer's license could be purchased by a qualified person at a sheriff's sale and such purchaser could insist that the license so purchased be transferred to him. Stallinger v. Goss, 121 M 437, 193 P 2d 810.

Transfer of Location

Purchaser of a license from a licensee cannot compel liquor control board to consent to transfer of license where he intends to carry on business at a location different from that authorized in the original license. State ex rel. Jester v. Paige, 123 M 301, 213 P 2d 441.

Montana liquor control board conformed to legislative directive in refusing to authorize removal of license from premises for which it was granted to another location three doors away on same side of street. State ex rel. Boulds v. Paige, 124 M 353, 224 P 2d 141.

4-413. Persons to whom liquor may not be sold or given. No licensee or his or her employee or employees, nor any other person, shall sell, deliver, or give away or cause or permit to be sold, delivered or given away any liquor, beer or wine to:

1. Any person under the age of twenty-one (21) years.

2. Any intoxicated person or any person actually, apparently or obviously intoxicated.

3. A habitual drunkard.

4. An interdicted person.

5. Any minor, or other person who knowingly misrepresents his or her qualifications for the purpose of obtaining liquor, beer or wine from such licensee shall be equally guilty with said licensee and shall, upon conviction thereof, be subject to the penalty provided in section 4-439 provided, however, that nothing herein contained shall be construed as authorizing or permitting the sale of liquor, beer or wine to any person in violation of any federal law.

History: En. Sec. 11, Ch. 84, L. 1937; amd. Sec. 3, Ch. 221, L. 1939; amd. Sec. 1, Ch. 71, L. 1953.

Amendment

The 1953 amendment added the words "nor any other person" in the first sentence; in subdivision 5 omitted the word "Indian" following the comma after the word "minor" and added the proviso.

Repealing Clause

Section 2 of Ch. 71, Laws 1953, repealed all acts and parts of acts in conflict therewith.

Application

This section applies only to licensees or their employees and to that extent is a special act which must prevail over the provisions of a general law when such

provisions are in conflict. State v. Holt, 121 M 459, 194 P 2d 651, 661.

Entrapment

Defense of entrapment would not be available to a bar owner in a prosecution for selling liquor to a minor where it was shown that the public officers had given a minor money and sent him into the bar to purchase the liquor in order to obtain evidence. State v. Parr, — M —, 283 P 2d 1086. (Dissenting opinion, — M —, 283 P 2d 1086, 1090.)

Jurisdiction

The original jurisdiction of an offense defined in this section is in the justices' courts. State v. Holt, 121 M 459, 194 P 2d 651, 662; State v. Morrissey, 122 M 246, 199 P 2d 964.

It is not possible to read into this act the provisions of section 4-223 which gives the district court jurisdiction of criminal actions for violation of the State Liquor Control Act. State v. Holt, 121 M 459, 194 P 2d 651, 663; State v. Morrissey, 122 M 246, 199 P 2d 964.

Legislative Intent

The very next legislature, after the case of State v. Holt, 121 M 459, 194 P 2d 651, dispelled all doubt as to its intent by promptly enacting chapter 143, Laws of 1949 (94-35-106, 94-35-106.1) whereby original jurisdiction of the offense of selling of intoxicating liquor to any minor is expressly conferred upon the district courts of the state. State v. Winter, — M —, 285 P 2d 149, 156.

Operation and Effect

This section repeals by implication that part of section 4-161 relating to sales to minors. State v. Holt, 121 M 459, 194 P 2d 651, 660; State v. Morrissey, 122 M 246, 199 P 2d 964.

Penalty

A defendant cannot be prosecuted under this section and punished as for a violation of former section 94-35-106. State v. Holt, 121 M 459, 194 P 2d 651, 662.

Time of Taking Effect

As chapter 71, Laws of 1953 failed to prescribe or fix a time whereon the act shall take effect it did not take effect until July 1, 1953 by virtue of section 43-507. Hence the provisions of that chapter have no application to an offense committed May 8, 1953 which was prior to the effective date of chapter 71. State v. Winter, — M —, 285 P 2d 149, 155.

Intoxicating Liquors⇦79.

4-414. Hours for sale of liquor.

Sufficiency of Complaint

A complaint that alleges "on or about" a certain day of a certain month is sufficient since the precise day is not of the essence of the offense and it is sufficient if the evidence discloses the unlawful sale of liquor on a day other than the date disclosed in the complaint. State ex rel. Borberg v. District Court, 125 M 481, 240 P 2d 854, 856, 858, 859.

4-417. Excise liquor tax—collection. The Montana liquor control board is hereby authorized and directed to charge, receive and collect at the time of the sale and delivery of any liquor as authorized under any provision of the laws of the state of Montana an excise tax at the rate of sixteen per centum (16%) of the retail selling price on all liquor so sold and delivered. The Montana liquor control board shall retain the amount of such excise tax received in a separate account and shall deposit with the state treasurer, to the credit of the general fund, such sums so collected and received not later than the tenth (10th) day of each and every month.

Amendment

4-425. Denial of application for license or renewal—suspension or revocation—actions. The board may (1) upon its own motion and shall (2) upon the written, verified complaint of any other person, investigate the action and operation of any retailer licensed under the Montana Retail Liquor License Act. If the board, after investigation, shall have reasonable cause to believe that any such licensee has violated any of the provisions of this act, or any rules, or regulations of the board, it may, in its discretion, and in addition to the other penalties herein prescribed, proceed to revoke the license of any such licensee, or it may suspend the same for a period of not to exceed three (3) months, or it may refuse to grant a renewal of said license upon the expiration thereof, under the procedures herein provided. If the board shall, in its sound discretion, determine to invoke such procedures for the purpose of refusing to grant an application for renewal of any license previously issued or for revoking or suspending any such license, it shall give to the licensee fifteen (15) days notice of its intended action, addressed and forwarded by registered mail to the licensee at the address given in the existing license, stating generally the basis and reasons for its intended action and the proposed action. Within said fifteen (15) day period said licensee may, in case of intention to refuse to grant a renewal of a license, institute proceedings in the nature of a writ of review, or, in case of intention to revoke or suspend a license, institute proceedings in injunction, and in any event in the district court of the county wherein the premises of the licensee are located for the purpose of having the intended action of the board judicially reviewed and inquired into for (a) abuse of discretion on the part of the board, (b) failure of the board to observe, or its departure from, or disregard of the applicable law governing the board in the particular circumstances, or (c) for arbitrary or tyrannical action by the board. The board shall in all cases certify to the court its complete record in the matter and the issues shall be heard on the merits by the court upon such record and upon such further legal evidence as the parties may present. If the court in any such proceedings determines that such licensee has, in fact, violated any provisions of this act or any regulations

of the board, the court shall dismiss such proceedings, and the board shall proceed to such administrative determination as to it seems proper in the circumstances. Pending determination of such matter on the merits the court may, based upon a showing of undue hardship to a licensee and upon the posting of a proper bond in an amount, and conditioned upon such terms as the court may prescribe in the presence of the surrounding circumstances, stay the effective date of the intended action of the board for such times as to the court may seem proper. If no stay order is issued by the court or any stay order once issued has expired, the board shall issue its order of suspension or of revocation of license or its order denying the renewal of license. If the court shall, on the other hand, determine that good cause did not exist for the intended action of the board, or that the board abused its discretion, or otherwise acted unlawfully with respect to its intended action, on any of the grounds herein stated, the court shall issue its order and decree accordingly and the board shall comply therewith. Either party to the proceedings in the district court may appeal from its decision to the Supreme Court of the state of Montana, by following the procedures applicable to such appeals in civil actions.

CHAPTER 5—PUBLIC BIDDER'S BOND

Section 6-501. Bids accompanied by covenant of indemnity—contents—bidder's security—money, checks or bonds—forfeiture.

6-501. Bids accompanied by covenant of indemnity—contents—bidder's security—money, checks or bonds—forfeiture. In all cases where (a) the state of Montana, or any department (including the state purchasing department, unless otherwise authorized by express provision of law), institution, board, commission, agency, authority or subordinate jurisdiction thereof, or (b) any county, or other political subdivision of this state, or (c) any municipal corporation or authorized subdivision thereof, or (d) school districts, irrigation districts, or other public authority organized under the laws of the state of Montana (any and all thereof being herein referred to as a "public authority" or "obligee") is authorized by law to solicit bids, tenders or proposals for public works, improvements or undertakings of any kind, or for the purchase of commodities, goods, or property, or for the procurement of technical or special services on a bid basis (exclusive of services on the basis of salaries or wages) or for the sale and purchase of bonds, debentures, notes or any other forms of indebtedness of any such public authority, the respective executive, administrative or other officers of and acting for such public authority shall require, as a condition precedent to considering any such bids, as evidence of good faith on the part of the bidder, and as indemnity for the benefit of such public authority against the failure or refusal of any bidder to enter into any written contract that may be awarded upon and following acceptance of bid, or consummating any sale and purchase of any forms of indebtedness, that any bid shall contain a written covenant of indemnity conditioned as herein prescribed and that the bid shall be accompanied by bid security of the nature herein specified, for the performance of such covenant. The advertisement, request, or solicitation for bids or offers shall distinctly specify that all bidders, offerors, tenderers or contractors shall,

(a) In any case where bids are solicited other than for purchase of any forms of indebtedness, expressly covenant in any bid that if the bidder shall be awarded the contract the bidder will, within the time required, as stated in the advertisement or solicitation, enter into a formal contract and give a good and sufficient bond to secure the performance of the terms and conditions of the contract; otherwise, the bidder will pay unto the public authority the difference in money between the amount of the bid of the said bidder and the amount for which the public authority legally contracts with another party to perform the work or supply the property, commodities or services, as the case may be, if the latter amount be in excess of the former, but in no event shall the bidder's liability or the liability of the surety of such bidder, exceed the penal sum stated in the solicitation or advertisement for bids, which sum shall be represented by the money posted or stated in the security instrument or bid bond; or

(b) In any case where the bids are solicited for the purchase and sale of any forms of indebtedness of such public authority, expressly covenant that the money or bank instrument accompanying the bid, in the sum specified by the public authority, shall be kept and retained by the public authority as liquidated damages for failure to consummate the

purchase of such forms of indebtedness as may be awarded on acceptance of bid, and in compliance with the terms thereof.

In no event shall the bidder's liability, or the liability of the maker of the security instrument, or the liability on the bid bond exceed the amount specified by the public authority in the solicitation or advertisement for bids, whether the amount shall be posted in money, or be stated as the amount payable in the security instrument, or as the maximum amount payable in the bid bond. The public authority shall distinctly specify in the solicitation or advertisement for bids the penal or other sum fixed by statute to be paid by any bidder failing or refusing as aforesaid, in any case where such sum or sums are fixed by statute for bid security; otherwise, it shall in all cases specify the sum which it may deem reasonably necessary to protect and indemnify the public authority against the failure or refusal of the bidder to enter into the contract, or consummate the purchase of indebtedness, as the case may be.

In all cases under category (a) the bidder, offeror, or tenderer shall accompany any bid with either (1) lawful moneys of the United States, or (2) with a cashier's check, certified check, bank money order, or bank draft, in any case drawn and issued by a national banking association located in the state of Montana, or by any banking corporation incorporated under the laws of the state of Montana, or (3) a bid bond or bonds executed by a surety corporation authorized to do business in the state of Montana; and in all cases under category (b) the bidder shall accompany the bid with the security described in (1) or (2) above. The moneys or, in lieu of moneys, any of such bank instruments or bid bonds shall be payable directly to the public authority soliciting or advertising for bids.

If, in any instance, one or more bids be accepted, or if a sale of any form of indebtedness is ordered, or if a contract is awarded, any bidder whose bid is accepted and who shall thereafter refuse to enter into and execute the proposed contract, or carry out and consummate the purchase of any form of indebtedness, as stated in the covenant in the bid, and herein, shall absolutely forfeit such moneys or bank instruments to the public authority concerned, and become immediately liable on the bid bond but not in excess of the penal sum therein stated. The moneys or bank instruments or bid bonds, as the case may be, shall be returned to those bidders whose bids are not accepted. The advertisement, request or other solicitation for bids or offers shall distinctly specify that lawful moneys of the United States, or a cashier's check, certified check, bank money order, or bank draft, in any case drawn and issued by banks, as herein specified, payable as aforesaid, or bid bond in any case appropriate therefor, shall constitute compliance with the requirement for bid security. But nothing herein contained shall exclude or be construed to excuse compliance with any other requirements for bonds or other or further security after acceptance of bids or following award of contract, or excuse compliance with any requirements for performance bonds, at any time, as such requirements may be prescribed or authorized by the laws of the state of Montana.

The board shall cause a copy of such petition and notice of hearing thereon to be served upon an officer or owner of any motor carrier that in the opinion of the board might be affected by the granting of any such certificate and upon any railroad company operating into or through any town or city located on the proposed route of the applicant, and upon the state highway commission, at least ten (10) days before the date of hearing, and any such motor carrier or railroad company, and the state highway commission, and the governing board or boards of any such county, town or city into or through which such route or service as proposed may extend, and any person or corporation concerned are hereby declared to be interested parties to such proceedings, and may offer

In determining whether or not a certificate should be issued, the board shall give reasonable consideration to the transportation service being furnished or that will be furnished by any railroad, or other existing transportation agency, and shall give due consideration to the likelihood of the proposed service being permanent and continuous throughout twelve (12) months of the year and the effect which such proposed transportation service may have upon other forms of transportation service which are essential and indispensable to the communities to be affected by such proposed transportation service or that might be affected thereby. Provided, however, that an application by a class A or a class B or a class C motor carrier for a certificate may be disallowed without a public hearing thereon when it appears from the records of the board that the route or territory sought to be served by the applicant has previously been made the basis of a public investigation and finding by the board that public convenience and necessity do not require such proposed motor carrier service unless it is made to affirmatively appear in the application by a recital of the facts that conditions obtaining over said route or in said territory and affecting transportation facilities therein have materially changed since said public investigation and finding and that public convenience and necessity do now require such motor carrier operation.

Provided further that any investigation, inquiry or hearing which the board has power to undertake or to hold, under the provisions of this act, may be undertaken or held by or before any member of the board, or by and before any agent or examiner of the board designated for the purpose by the board, and every finding, order, or decision made by a member of the board, or agent or examiner of the board so designated, together with a statement in writing of the reasons therefor which statement must be included in such finding, order or decision, pursuant to such investigation, inquiry or hearing, when approved and confirmed by the board and ordered filed in its office, shall be, and be deemed to be the finding, order or decision of the board; provided also, that any agent or examiner of the board designated as aforesaid, shall have power to administer oaths, examine witnesses and receive evidence.

8-116. (3847.16) **Annual fee for motor carriers, etc.**

Constitutionality

In determining the constitutionality of the fees levied on interstate carriers it is of no consequence that the state has seen fit to levy two exactions, under this section and section 8-127, rather than to combine them into one. The tax imposed on carriers by this section and also by section 8-127 does not violate the commerce clause of the United States Constitution. Aero Mayflower Transit Co. v. Board of Railroad Comrs., 332 U S 495, 92 L Ed 99, 68 S Ct 167, aff'g 119 M 118, 172 P 2d 452.

8-127. (3847.27) **Additional fees covering motor carriers.** In addition to all other licenses, fees and taxes imposed upon motor vehicles in this state and in consideration of the use of the highways of this state, every motor carrier holding a certificate of public convenience and necessity or permit issued by the board of railroad commissioners, shall between the first and fifteenth days of January, April, July and October of each year, file with the board of railroad commissioners a statement showing the gross operating revenue of such carrier for the preceding three (3) months of operation, or portion thereof, and shall pay to the board a fee of one-half (½) of one (1) per cent of the amount of such gross operating revenue; and in the event that such carrier operates in interstate commerce, the gross operating revenue of such carrier within this state shall be deemed to be all the revenue received from business beginning and ending within this state, and a proportion based upon the proportion of the mileage within this state to the entire mileage over which the business is done of revenue on all business passing through, into or out of this state; provided, however, that the minimum fee which shall be paid by each class A and class B carrier for each vehicle registered and/or operated under the provisions of the Motor Carrier Act shall be thirty dollars ($30.00) and the minimum annual fee which shall be paid by each class C carrier for each vehicle registered and/or operated under the Motor Carrier Act shall be fifteen dollars ($15.00); provided, however, that the minimum annual fee provided by this section shall not apply to either new or used vehicles operated under their own power where such vehicle is being delivered to a dealer and will only be transported once.

(3849) **Pipe lines public utilities—jurisdiction.** It is declared that the operation of these pipe lines, to which this act applies, for the transportation of crude petroleum or the products thereof, in connection with the purchase or purchase and sale of such crude petroleum or the products thereof, is a business in mode of the conduct of which the public is interested, and as such is subject to regulation by law; and accordingly it is provided that from and after the expiration of thirty (30) days from the time this law takes effect the business of purchasing, or of purchasing and selling crude petroleum or the products thereof, using in connection with such business a pipe line of the class subject to this act to transport the crude petroleum or the products thereof so bought or sold shall not be conducted, unless such pipe line so used in connection with such business be a common carrier within the purview of this law and subject to the jurisdiction herein conferred upon the board of railroad commissioners of Montana. No carrier shall be required to receive or transport any crude petroleum or the products thereof except such as may be marketable under rules and regulations to be prescribed by the board of railroad commissioners of Montana which they are hereby empowered and required to prescribe. The board of railroad commissioners of Montana is also empowered and required to make rules for the ascertainment of the amount of water and other foreign matter in crude oil or the products thereof tendered for transportation, and for deduction therefor and for the amount of deduction to be made for temperature, leakage and evaporation. It is provided, however, that the recital herein of particular powers on the part of said board of railroad commissioners of Montana shall not be construed to limit the general powers conferred by this act. Until set aside or vacated by some decree or order of a court of competent jurisdiction, all orders of the board of railroad commissioners of Montana as to any matter within its jurisdiction shall be accepted as prima facie evidence of their validity.

History: En. Sec. 5, Ch. 8, Ex. L. 1921; re-en. Sec. 3852, R. C. M. 1921; amd. Sec. 4, Ch. 190, L. 1955.

The board of railroad commissioners of Montana shall have the power and authority to hear and determine complaints, to require attendance of witnesses, and to institute suits and sue out such writs and process as may be necessary for the enforcement of its orders.

History: En. Sec. 6, Ch. 8, Ex. L. 1921; re-en. Sec. 3853, R. C. M. 1921; amd. Sec. 5, Ch. 190, L. 1955.

In this connection the pipe line shall be considered as a shipper of the crude petroleum or the products thereof produced or purchased by itself directly or indirectly and handled through its facilities. No such carrier in such operation shall directly or indirectly charge, demand, collect, or receive from any one a greater or less compensation for any service rendered than from another for a like and contemporaneous service; provided, this shall not limit the right of the board of railroad commissioners of Montana to prescribe rates and regulations different from or to some places from other rates or regulations for transportation from or to other places, as it may determine; nor shall any carrier be guilty of discrimination when obeying any order of the board of railroad commissioners of Montana. When there shall be offered for transportation more crude petroleum or the products thereof than can be immediately transported, the same shall be equitably apportioned. The board of railroad commissioners of Montana may make and enforce general or specific regulations in this regard. No such common carrier shall at any time be required to receive for shipments from any person, firm, corporation, or association of persons, exceeding three thousand (3,000) barrels of petroleum or the products thereof in any one day.

History: En. Sec. 7, Ch. 8, Ex. L. 1921; re-en. Sec. 3854, R. C. M. 1921; amd. Sec. 6, Ch. 190, L. 1955.

Separability Clause

Section 7 of Ch. 190, Laws 1955 read "If any of the provisions of this act shall

Operation and Effect

When a special contract limits the liability of the carrier by excluding acts of God, and it is found that damage to sheep shipped resulted from a concurrence of raining weather, and the negligent care or inspection of the carrier, there must be a finding as to what portion of the loss was attributable to the latter cause since liability cannot be predicated upon the rain. 8-812. (7867) Liability of inland carriers for loss.

Operation and Effect

Where a carrier transported sheep, and during transportation the sheep were exposed to rain and became wet and dirty and were bruised and injured so as to become sick and some died, the damage was not caused by an "inherent defect, vice, weakness, or spontaneous action" of the sheep and hence the carrier is not excepted from liability by this section. amount certified by the board of cemetery trustees to be raised by a tax on the property of said district. The tax so levied shall not exceed two (2) mills on each dollar of taxable valuation on the property of said district. Expenditures made, liabilities incurred, or warrants issued by or in behalf of any cemetery district in excess of the annual budget presented to the board of county commissioners as provided herein and the amount appropriated for and authorized to be expended for each item in the budget shall not be a liability of the cemetery district. 10-603. Jurisdiction. The district courts of the several counties of this state shall have jurisdiction in all cases coming within the terms and provisions of this act. It is provided that the district court shall be called the juvenile court when acting under the juvenile court laws.

The juvenile court shall have exclusive original jurisdiction in proceedings:

(a) concerning any child who is delinquent;

(b) concerning any person under twenty-one (21) years of age charged with having violated any law of the state, other than those laws relating to the commission of or attempt to commit the criminal offenses mentioned in subdivision (2) (b) of section 10-602, or any person charged with having

violated any ordinance of any city or town, prior to having become eighteen (18) years of age;

(c) concerning parents who wilfully and knowingly fail to provide their children with proper food, clothing, medical attention, and opportunity to attend school.

When jurisdiction shall have been obtained by the court in the case of any child, such child shall continue under the jurisdiction of the court until he becomes twenty-one (21) years of age unless discharged prior thereto, or is confined in a state custodial or correctional institution. In trials under this act the child or parent or guardian or other person having the care, custody or control of such child complained against, or any person interested in such child, shall have the right to demand a trial by jury, which shall be granted as in other cases, unless waived, or the judge of his own motion may call a jury to try such case, except that the jurisdiction of the court shall end if the child is committed to a state institution or agency.

The district court as distinguished from the juvenile court shall have jurisdiction, as in all other criminal cases, of those offenses listed in subdivision (2) (b) of section 10-602, where children over the age of sixteen (16) are accused.

Amendment

The 1957 amendment substituted "subdivision (2)(b)" for "subdivision (2)(a)" in subd. (b) of this section.

Repealing Clause

Section 2 of Ch. 124, Laws 1957 repealed all acts and parts of acts in conflict therewith.

Construction

A rule of grammatical construction such as "the use of the disjuntive conjunction 'or' separates and denotes an alternative, and that which appears in the clause following cannot modify that which precedes the disjunctive conjunction 'or'" is merely an aid in interpretation, and if the text of the statute indicates a legislative intention contrary to that which would follow from the application of the rules of grammar, then the rule of grammatical construction must give way. State ex rel. Bresnahan v. District Court, 127 M 310, 263 P 2d 968, 969.

It is the child as defined in section 10-602 to which this act is primarily applicable and the one with whom the juvenile courts and authorities are ordinarily concerned. When such person arrives at the age of eighteen he is an adult and under the criminal laws of this state is subject to the same rules of society as is any other adult no matter what his age may be. Exceptions found in the act are those regarding the person between eighteen and twenty-one and such exceptions have to do with detention of such person and trial of such person in the offense for which he or she is charged occurred prior to the time he or she reached the age of eighteen. State ex rel. Bresnahan v. District Court, 127 M 310, 263 P 2d 968, 969. (See, however, dissenting opinion in State ex rel. Bresnahan v. District Court, 127 M 310, 263 P 2d 968, 970.)

Subdivision (b) refers to persons under twenty-one charged with a crime committed by said person prior to the time he or she became eighteen, thus a boy eighteen years old who committed attempted rape is under the jurisdiction of the district court and not under the exclusive jurisdiction of the juvenile court. State ex rel. Bresnahan v. District Court, 127 M 310, 263 P 2d 968, 969. (See, however, dissenting opinion in State ex rel. Bresnahan v. District Court, 127 M 310, 263 P 2d 968, 970.)

Disqualification of Judge

Section 93-901 which governs the removal of judges in civil actions and matters applies to juvenile delinquency proceedings as the legislative intent as found in the juvenile statutes indicates that delinquency proceedings are to be treated as civil proceedings. State ex rel. Ostoj v. McClernan, — M —, 284 P 2d 252, 254.

10-611. Hearing—judgment.

Operation and Effect

The prohibition in this section, which prohibits the "disposition of a delinquent child or evidence given in the court" from being used as evidence in any other case or proceeding against the child, applies only where the child is a party in a later proceeding; where the child is a witness in a later case, evidence of contradictory statements made in the juvenile court may be used for the purpose of impeachment. State v. Searle, 125 M 467, 239 P 2d 995, 998.

10-617. Penalty for improper and negligent training of children.

Operation and Effect

The fact that officers may have violated this law by giving money to a minor for him to buy liquor from the defendant in order to procure evidence does not absolve the defendant from conviction for selling liquor to a minor. State v. Parr, — M —, 283 P 2d 1086, 1090. (Dissenting opinion, — M —, 283 P 2d 1086, 1090.)

10-622. Probation officers—appointments—removal—salaries. In every judicial district of the state of Montana the judge thereof having jurisdiction of juvenile matters may appoint one discreet person of good moral character, who shall be known as the chief probation officer of such district and who shall hold his office until removed by the court. Such officer shall receive for his services such sum as shall be specified by the court upon appointment, provided that the judge of the district court may employ him on a yearly salary not to exceed four thousand eight hundred dollars ($4,800.00), or on a per diem basis for the time actually and necessarily employed in performing the duties of the office. The salary of such officer shall be apportioned among and paid by each of said counties in which said officer shall be appointed to act, in proportion to the assessed valuation of such counties for the year then current, except that where such official is appointed for one county, his salary shall be paid by that county.

The judge having jurisdiction of juvenile matters may also appoint such additional persons to serve as deputy probation officers as the judge deems necessary; their salaries to be fixed by the judge at the time of appointment, provided that such salaries shall not exceed ninety per cent (90%) of the salary of the chief probation officer, or four thousand three hundred twenty dollars ($4,320.00) per year.

History: En. Sec. 21, Ch. 227, L. 1943; amd. Sec. 1, Ch. 116, L. 1947; amd. Sec. 1, Ch. 27, L. 1951; amd. Sec. 1, Ch. 112, L. 1953; amd. Sec. 1, Ch. 36, L. 1955; amd. Sec. 1, Ch. 177, L. 1957.

Amendments

The 1951 amendment raised the maximum salary of the chief probation officer from $3,000 to $3,200 and the maximum salary for assistants from $2,100 to $2,500.

The 1953 amendment raised the maximum salary of the chief probation officer from $3,200 to $3,600 and the maximum for assistants from $2,500 to $2,900.

The 1955 amendment raised the maximum salary of the chief probation officer from $3,600 to $4,500; in the second paragraph deleted the words "and stenographers" which appeared after the words "deputy probation officers" and changed the maximum salary for assistants from $2,900 to not exceed ninety per cent of the salary of the chief probation officer or $4,050.

The 1957 amendment in the first paragraph substituted the word "may" for "shall" in the first sentence; raised the maximum salary of the chief probation officer from $4,500 to $4,800 and deleted from the end of said paragraph a sentence which read "In the absence of such appointment of the chief probation officer, it shall be the duty of the sheriff of the county to perform all the duties of the chief probation officer in this act enumerated without additional compensation, as directed by the court" and in the second paragraph raised the maximum salary for assistants from $4,050 to $4,320.

Since state traffic laws in effect in 1951 covered offenses both within and without municipalities, a city ordinance prohibiting drunken driving and providing a penalty therefor would be void. A municipal ordinance punishing an act made penal by a state law then existing, covering the same subject-matter, must yield to the state law. City of Billings v. Herold, — M —, 296 P 2d 263, 271. CHAPTER 11—ORDINANCES—INITIATIVE AND REFERENDUM

Section 11-1104. Initiative in cities—petition.

11-1104. (5058) **Initiative in cities—petition.** (1) Ordinances may be proposed by the legal voters of any city or town in this state, in the manner provided in this act. Eight per cent [8%] of the legal voters of any city or town may propose to the city or town council an ordinance on the subject within the legislative jurisdiction and powers of such city or town council, or an ordinance amending or repealing any prior ordinance or ordinances. Such petition shall be filed with the city or town clerk. It shall be the duty of the city or town clerk to present the same to the council at its first meeting next following the filing of the petition. The council may, within sixty [60] days after the presentation of the petition to the council, pass an ordinance similar to that proposed in the petition, either in exact terms or with such changes, amendments, or modifications as the council may decide upon. If the ordinance proposed by the petition be passed without change, it shall not be submitted to the people, unless a petition for referendum demanding such submission shall be filed under the provisions of this act.

(2) If the council shall have made any change in the proposed ordinance, a suit may be brought in the district court in and for the county in which the city or town is situated, to determine whether or not the change is material. Such suit may be brought in the name of any one or more of the petitioners. The city shall be made the party defendant. Any elector of the city or town may appear in such suit in person or by counsel on the hearing thereof, but the court shall have the power to limit the number of counsel who shall be heard on either side, and the time to be allowed for argument. It shall only be necessary to state in the complaint that a petition for an ordinance was filed in pursuance of this act; that the city council passed an ordinance on the subject different from that proposed in the petition; and that the plaintiff desires a construction of the ordinance so passed to determine whether or not it differ materially from that proposed. The petition and the ordinance proposed thereby, and the ordinance actually passed, may be set out in the complaint, or copies thereof annexed to the complaint. The names to the petition need not be set out. Such cases shall be advanced and brought to hearing as speedily as possible, and have precedence over other cases, except criminal and taxation cases.

(3) The court shall have jurisdiction in such cases to determine whether or not the change made by the city council is material, and also whether the petition was regular in form or substance, and shall also have power to decide, if the fact be put in issue by the defendant, whether or not the petition was signed by a sufficient number of voters and was regular in form. If the court shall decide that the change was material and that the petition was regular in form and signed by a sufficient number of legal voters, then the ordinance proposed by the petition shall be submitted to the people as provided in this act. If the court shall decide that the ordinance passed by the council was not materially different from that proposed in the petition, or the petition was not regular in form, or not signed by a sufficient number of legal voters, the ordinance shall not be submitted to the people. If the court shall decide that the changes made by the council were material, but that the petition was irregular for some reason, or not properly or sufficiently signed, a new petition, regular in form, may be presented by the required number of legal voters, asking the council to submit such ordinance to the people, and thereupon the same shall be so submitted as provided in this act.

(4) If the council shall not, within sixty [60] days, pass an ordinance on the subject of the ordinance proposed in the petition, then the ordinance proposed by the petition shall be submitted to the people. Before submitting such ordinance to the people, the mayor or city or town council may direct that a suit be brought in the district court in and for the county, in the name of the city or town, to determine whether the petition and ordinance are regular in form, and whether the ordinance so proposed would be valid and constitutional. The complaint shall name as defendants not less than ten [10] nor more than twenty [20] of the petitioners. In addition to the names of such defendants, in the caption of the complaint, there shall be added the words, "and all petitioners whose names appear on the petition for an ordinance filed on the ..... day of .....,

in the year .....," stating the date of filing. The summons shall be similarly directed and shall be served on the defendants named therein, and in addition thereto shall be published at least once, at the expense of the city, in at least one newspaper published in the city or town.

(5) In all suits brought under this section the decision of the district court shall be final except in cases where it shall decide that the proposed ordinance would be unconstitutional or invalid as being beyond the powers of the city or town council, and in such excepted cases the petitioners, or any of them, may appeal to the Supreme Court as in other cases, but shall not be required to give any bond for costs. The decision of the district court holding such ordinance valid or constitutional shall not, however, prevent the question being raised subsequently, if the ordinance shall be passed and go into effect, by anyone affected by the ordinance. No costs shall be allowed to either side in suits or appeals under this section.

(6) If an ordinance shall be repealed pursuant to a proposal initiated by the legal voters of a city or town, as in this section provided, the city or town council may not, within a period of two [2] years thereafter, re-enact such ordinance or any ordinance so similar thereto as not to be materially different therefrom. If during such two-year period the council shall enact an ordinance similar to the one repealed pursuant to initiative of the voters, a suit may be brought to determine whether such new ordinance be a re-enactment without material change of the one so repealed, and the provisions of sub-sections 2 and 3 hereof shall apply to such suit and determination of the issues arising thereon. Nothing herein contained shall prevent exercise of the initiative herein provided for, at any time, to procure a re-enactment of an ordinance repealed pursuant to initiative of the voters.

CHAPTER 12—CONTRACTS AND FRANCHISES

Section 11-1202. Awarding contracts—advertisement—limitations—installments—sales of supplies—purchases from government agencies—exemptions.

11-1202. (5070) **Awarding contracts — advertisement—limitations—installments—sales of supplies—purchases from government agencies—exemptions.** All contracts for work, or for supplies, or for material, for which must be paid a sum exceeding one thousand dollars ($1,000.00), must be let to the lowest responsible bidder after advertisement for bids: provided that no contract shall be let extending over a period of three (3) years or more without first submitting the question to a vote of the taxpaying electors of said city or town. Such advertisement shall be made in the official newspaper of the city or town, if there be such official newspaper, and if not it shall be made in a daily newspaper of general circulation published in the city or town, if there be such, otherwise by posting in three (3) of the most public places in the city or town. Such advertisement if by publication in a news-

paper shall be made twice, the first publication to be made not more than twenty-two (22) days nor less than fifteen (15) days before the consideration of bids and the second publication shall be made not less than five (5) days nor more than ten (10) days before the consideration of bids. If such advertisement is made by posting, fifteen (15) days must elapse, including the day of posting, between the time of the posting of such advertisement and the day set for considering bids. The council may postpone action as to any such contract until the next regular meeting after bids are received in response to such advertisement, may reject any and all bids and readvertise as herein provided. The provisions of this section as to advertisement for bids shall not apply upon the happening of any emergency caused by fire, flood, explosion, storm, earthquake, riot or insurrection, or any other similar emergency, but in such case the council may proceed in any manner which, in the judgment of three-fourths (¾) of the members of the council present at the meeting, duly recorded in the minutes of the proceedings of the council by aye and nay vote, will best meet the emergency and serve the public interest. Such emergency shall be declared and recorded as [at] length in the minutes of the proceedings of the council at the time the vote thereon is taken and recorded.

When the amount to be paid under any such contract shall exceed one thousand dollars ($1,000.00) the council may provide for the payment of such amount in installments extending over a period of not more than three (3) years; provided that when such amount is extended over a term of two (2) years at least forty per centum (40%) thereof shall be paid the first year and the remainder the second year, and when such amount is extended over a term of three (3) years, at least one-third (1/3) thereof shall be paid each year; provided that at the time of entering into such contract, there shall be an unexpended balance of appropriation in the budget for the then current fiscal year available and sufficient to meet and take care of such portion of the contract price as is payable during the then current fiscal year, and the budget for each following year, in which any portion of such purchase price is to be paid, shall contain an appropriation for the purpose of paying the same.

Old supplies or equipment may be sold by the city or town to the highest responsible bidder, after calling for bid purchasers as herein set forth for bid sellers, and such city or town may trade in supplies or old equipment on new supplies or equipment at such bid price as will result in the lowest net price.

Also a city or town may, without bid, when there are sufficient funds in the budget for supplies or equipment, purchase such supplies or equipment from government agencies available to cities or towns when the same can be purchased by such city or town at a substantial saving to such city or town.

All necessary contracts for professional, technical, engineering and legal services are excluded from the provisions of this act.

Claims need not be accompanied by affidavit by the party or his agent. These claims must be presented with all necessary and proper vouchers, within one (1) year from the date the same accrued; and any claim or demand not so presented within the time aforesaid is forever barred, and the council has no authority to allow any account or demand not so presented, nor must any action be maintained against the city or town for or on account of any demand or claim against the same, until such demand or claim has first been presented to the council for action thereon; provided, however, that in case the total indebtedness of a city or town has reached three per centum (3%) of the total assessed valuation of the taxable property of such city or town, as ascertained by the last assessment for state and county taxes, it shall be lawful for, and such city or town is hereby authorized and empowered, to conduct its affairs and business on a cash basis as provided and contemplated by the next section of this code.

(1) The estimates of expenditures, itemized and classified as required in section 11-1404, and as finally fixed and adopted by said council, shall constitute the appropriations for the municipality for the fiscal year intended to be covered thereby, and the council and every other municipal official, shall be limited in the making of expenditures or incurring of liabilities to the amount of such detailed appropriations and classifications, respectively; provided that upon a resolution adopted by the council at a regular or special meeting, and entered upon its minutes, transfers or revisions within the general class of "salaries and wages" and of "maintenance and support" may be made, provided, that no salary shall be increased above the amount appropriated therefor. Transfers between the general classes provided in section 11-1404 shall not be permitted, provided and except that in the case of appropriations to be expended from municipal road or bridge funds, any transfer between or among the general classes of (1) salaries and wages, (2) maintenance and support, and (3) capital outlay, may be made.

The authorization of a bond issue by the electors, or by the gov-

erning body of the city where an election is not required, shall constitute an appropriation of the bond proceeds to the purpose for which the bonds are authorized, whether or not such purpose is included in a budget previously adopted, but no warrants shall be drawn, expenditures made or obligations incurred in excess of such appropriation, except pursuant to an additional appropriation included in a budget regularly adopted.

(3) Expenditures made, liabilities incurred, or warrants issued, in excess of any of the budget detailed appropriations as originally determined, or as thereafter revised by transfer, as herein provided, shall not be a liability of the municipality, but the official making or incurring such expenditure or issuing such warrant shall be liable therefor personally and upon his official bond. 11-1912. (5119) **Tax levy for fund.** For the purpose of maintaining said disability and pension funds of such fire department relief association, in an amount equal to one per centum (1%) of the taxable valuation of all taxable property within the limits of any city, town or municipality, the city or town council or the commission or such other proper authority of any municipality, as is now or may hereafter be established, under special or local laws passed by the legislative assembly and adopted by the electors within such city, town or municipality, entitled to vote thereon, at all times when the said relief association fund is in a total amount of less than one per centum (1%) of the taxable valuation of all taxable property within the limits of the city, town or municipality, shall, annually, in the manner provided by law, at the time of the levy of the annual tax, levy a special tax as herein below set forth, which said special tax shall be collected as other taxes are collected and when so collected shall be paid into the disability and pension fund of the fire department relief association of said city, town or municipality:

1. Whenever the total amount of a fire department relief association's fund is greater than one-half of one per centum (½ of 1%) and less than one per centum (1%) of the taxable valuation of all taxable property within the limits of the city, town or municipality, the special tax levy shall be one (1) mill on each dollar of taxable valuation of all property assessed for taxes within the limits of the said city, town or municipality; provided, however, if the assessment of a one (1) mill tax levy in any one year will create a revenue as will cause said fire department relief association's disability and pension fund to exceed one per centum (1%) of the taxable valuation of all taxable property in said city, town or municipality, then, in that event, and not otherwise, the mill tax levy shall be such fractional part of one (1) mill as will produce a sufficient amount of revenue as will bring the total amount of the said fire department relief association's dis-

2. Whenever the total amount of a fire department relief association's fund is less than one-half of one per centum (½ of 1%) of the taxable valuation of all taxable property within the said city, town or municipality, the special tax levy shall be two (2) mills on each dollar of taxable valuation of all taxable property assessed for taxes within said city, town or municipality; provided, however, that if the assessment of a two (2) mill tax levy in any one year will create a revenue as will cause said fire department relief association's disability and pension fund to exceed one-half of one per centum (½ of 1%) of the taxable valuation of all taxable property in said city, town or municipality, then, in that event, and not otherwise, the tax levy shall be one (1) mill, as provided in the last preceding paragraph, and such fractional part of one (1) mill as will produce a sufficient revenue as will cause the fire department relief association's disability and pension fund to equal one-half of one per centum (½ of 1%) of the taxable valuation of all taxable property in said city, town or municipality.

3. In cities of the third class, when the fire department relief association's disability and pension fund contains an amount of less than two per centum (2%) of all taxable property within the city limits of the city, town or municipality, the city council may levy an annual special tax not to exceed two (2) mills on the dollar of all taxable valuation of all taxable property assessed within the said city, town or municipality.

Amendment

The 1949 amendment inserted the words "within such city, town or municipality" following "under special or local laws passed by the legislative assembly and adopted by the electors," substituted the words "as herein below set forth" following "levy a special tax" for the words "of not to exceed one (1) mill on the dollar upon the taxable valuation of all taxable property assessed for taxes within the limits of said city, town or municipality," substituted the numbered paragraphs 1 and 2 for provisions that if the levy for one year does not bring the fund to the one per cent of taxable valuation successive annual levies of one mill could be made and if in any year the one mill levy would cause the fund to exceed one per cent of the taxable valuation the levy should be the percentage of one mill necessary to bring the fund to the required percentage. The 1949 amendment also made minor changes in wording.

CHAPTER 20—FIRE PROTECTION IN UNINCORPORATED TOWNS—FIRE WARDENS, COMPANIES AND DISTRICTS

Section 11-2008. Fire protection—creation of fire districts—contracts with cities and towns—dissolution and change of boundaries.
11-2010. Trustees of fire districts—appointment—powers.
11-2022. Disability and other benefits allowed.

11-2008. (5148) **Fire protection—creation of fire districts—contracts with cities and towns—dissolution and change of boundaries.** (a) The board of county commissioners is authorized to establish fire districts in any unincorporated territory, town or village upon presentation of a petition in writing signed by the owners of fifty per cent (50%) or more of the area included within the proposed district who constitute a majority of the taxpayers who are freeholders of such area, and whose names appear upon the last completed assessment roll; the board shall within ten (10) days after the receipt of such petition; give notice of the hearing thereof at least ten (10) days prior thereto by causing notices of the time and place of such hearing to be posted in at least three (3) of the most public places within the area proposed to be established as a fire district, and published at least once not less than ten (10) or more than twenty (20) days prior to the time of said hearing in a newspaper regularly published in the county in which such proposed district is situated. The board shall proceed to hear the said petition at the time set therefor, or at any time within five (5) days thereafter to which the same shall have been postponed or continued with due notice, and may grant the same unless it shall be established thereat that the petition bears insufficient signatures as above required, or, if originally sufficient, that by reason of written withdrawals thereof it has become insufficient. The board shall render its decision within thirty (30) days after said hearing. At the time of the annual levy of taxes the board of county commissioners may levy a special tax upon all property within such districts for the purpose of buying and maintaining fire protection facilities and apparatus for such districts, or for the purpose of paying to a city or town the consideration provided for in any contract with the council of such city or town for

the extension of fire protection service to property within such district, and such tax must be collected as are other taxes.

(b) Any fire district organized under this act may be dissolved by the board of county commissioners upon presentation of a petition therefor signed by the owners of fifty per cent (50%) or more of the area included within such fire district and who constitute a majority of the taxpayers who are freeholders of such area, and whose names appear upon the last completed assessment roll. The procedure and requirements outlined in subsection (a) above shall apply to such requests for dissolution of fire districts.

(c) Change of boundaries—division. Fire districts may be divided in the following manner: Whenever a petition in writing shall be made to the county commissioners, signed by the owners of twenty per cent (20%), or more, of a area proposed to be detracted from the original district, and who constitute twenty per cent (20%), or more, of the taxpayers who are freeholders within such proposed detracted area, whose names appear upon the last completed assessment roll, the county commissioners shall, within ten (10) days from the receipt of such petition give notice of the hearing of said petition by causing to be posted, a notice thereof at least ten (10) days prior to the time appointed by them for the consideration of said petition, in at least three (3) of the most public places within the proposed detracted area, and also in at least three (3) of the most public places within the remaining area. The petition for detraction shall describe the boundaries of the proposed detracted area, and also the boundaries of the remaining area. The county commissioners shall, on the day fixed for hearing such petition (or on any legally postponed day), proceed to hear said petition; and said petition shall be granted, and the original district shall thereupon be divided into separate districts, unless at the time of the hearing on such petition protests shall be presented by the owners of fifty per cent (50%), or more, of the area included within the entire original district, and who constitute a majority of the taxpayers who are freeholders of the entire original district, and whose names appear upon the last completed assessment roll. If such required amount of protests are presented, the petition for division shall be disallowed. Upon the division of districts, moneys on hand shall be apportioned between the divided areas according to their respective taxable valuations; all other assets of the original district shall become the property of the remaining area, but a reasonable value shall be placed upon such "other assets" and the remaining area shall become indebted to the detracted area for its proportionate share thereof, based upon taxable valuations. Provided, however, that any detracted area shall remain liable for any existing warrant and bonded indebtedness of the originl district.

(d) Change of boundaries—annexation. Contiguous territory that is not already a part of a fire district may be annexed in the following manner: A petition in writing by the owners of fifty per cent (50%), or more, of the contiguous area proposed to be annexed, and who constitute a majority of the taxpaying freeholders within such proposed area to be annexed, whose names appear upon the last completed assessment roll, shall be presented to the board of county commissioners. The commissioners shall hold a hearing on such petition, in accordance with the procedure out-

lined in subsection (c) above; and shall allow the annexation of such proposed contiguous territory, unless protests are presented at the hearing by the owners of fifty per cent (50%), or more, of the area included within the original district, and who constitute a majority of the taxpaying freeholders within the original district. Such annexed territory shall become liable for any outstanding warrant and bonded indebtedness of the original district.

Contiguous territory that is already a part of a fire district may withdraw from such fire district and become annexed to another fire district in the following manner: A petition in writing by the owners of fifty per cent (50%), or more, of an area which is part of any organized fire district, and who constitute a majority of the taxpaying freeholders within such area, according to the last completed assessment roll, shall be presented to the county commissioners asking that such area be transferred to, and included in, any other organized fire district to which said area is contiguous. Said petition must set forth the change of boundaries to be affected by such proposed transfer of area. The commissioners shall hold a hearing on the petition in accordance with the procedure outlined in subsection (c), above; and the withdrawal and annexation shall be allowed unless protests are presented at the hearing by the owners of fifty per cent (50%), or more, of the area included within both districts affected, and who constitute a majority of the taxpaying freeholders of both districts, according to the last completed assessment roll, and provided, that such withdrawals and annexation shall be allowed only upon a showing of more advantageous proximity and communications with the fire-fighting facilities of the other district.

Amendment

The 1955 amendment inserted the words "in any and all improvement districts" and "the description and."

Repealing Clause

Section 2 of Ch. 71, Laws 1955 repealed all acts and parts of acts in conflict therewith.

11-2214. (5238) **Methods of payments of improvements.** (1) To defray the cost of the making of any of the improvements provided for in this act, the city council or commission shall adopt one of the two following methods of assessment:

(a) The city council or commission shall assess the entire cost of such improvements against the entire district, each lot or parcel of land within such district to be assessed for that part of the whole cost which its area bears to the area of the entire district, exclusive of streets, avenues, alleys, and public places; provided, however, that the city council or commission, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue or alley intersections, out of any funds in its hands, available for that purpose, or to include the whole or any part of such costs within the amount of the assessment to be paid by the property in the district. In order to equitably apportion the cost of any of the improvements herein provided for between that land within the district which lies within twenty-five (25) feet of the line of the street on which the improvement is to be made and all other land within the district, the council or commission may, in the resolution creating any improvement district, provide that the amount of the assessment against the property in such district, to defray the cost of such improvements, shall be so assessed that each square foot of land within the district lying within twenty-five (25) feet of the line of the street on which the improvements therein provided for are made shall bear double the amount of cost of such improvements per square foot of such land that each square foot of any other land within the district shall bear.

(b) The city council or commission shall assess the cost of such improvements against the entire district, each lot or parcel of land within such district, bordering or abutting upon street or streets whereon or wherein the improvement has been made, in proportion to the lineal feet abutting or bordering the same; provided, however, that this method of assessment shall not apply to assessments in improvement districts created under the provisions of section 11-2205 of this code; and provided, further, that the city council or commission, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue, or alley intersections out of any funds in its hands, available for that purpose, or to include the whole or any part of such costs within the amount of the assessment to be paid by the property in the district.

(2) Whenever any portion of the surface of a paved street is occupied or used for railway or street railway purposes, it shall be and continue to be

the duty of the owner or operator of such railway or street railway to fully repair any injury or damage to such pavement caused by such railway or street railway either in the operation of its cars or in the laying or repair of its tracks, and in case of a failure or refusal of such owner or operator so to repair such pavement within a reasonable time after notice by the city council or commission, the city council or commission is authorized and empowered to cause such repairs to be made and to assess the cost thereof to such owner or operator and to enforce collection thereof as in the case of taxes.

(3) Whenever any lot, piece or parcel of land belonging to the United States, or mandatory of the government, shall front upon the proposed work or improvement, or be included within the district declared by the city council in its resolution of intention to be the district to be assessed to pay the costs and expenses thereof, said council shall, in the resolution of intention, declare that said lots, pieces or parcels of land, or any of them, shall be omitted from the assessment thereafter to be made to cover the costs and expenses of said work or improvement, and the cost of said work or improvement in front of said lots, pieces or parcels of land shall be paid by the city from its general fund.

(4) It shall be lawful for the owner or owners of the lots or land fronting upon any street, the width and grade of which shall have been established by the city council or commission, to perform, at his or their own expense (after obtaining permission from the council or commission so to do, but before said council or commission has passed its resolution of intention to order grading exclusive of this), any grading upon said street, to its full width, or to the center line theerof and to its grade as then established, and thereupon to procure, at his or their own expense, a certificate from the city engineer, setting forth the number of cubic yards of cutting and filling made by him or them in such grading, and proportions performed by each owner, and that the same is done to establish width and grade of said street, or to the center line thereof, and thereafter to file said certificate with the city engineer, which certificate the engineer shall record in a book kept for that purpose in his office, properly indexed.

(5) Whenever thereafter the city council or commission orders the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contracts must express the price by the cubic yard for cutting and filling in grading; and the said owner or owners and his or their successors in interest shall be entitled to credit, on the assessment upon his or their lots and lands fronting on said street for the grading thereof, to the amount of the cubic yards of cutting and filling set forth in his or their certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been duly altered, only for so much of said certified work as would be required for grading to the altered grade; provided, however, that such owner or owners shall not be entitled to such credit as may be in excess of the assessments for grading upon the lots and lands owned by him or them, and proportionately assessed for the whole of said grading; and the city clerk shall include in the assessment for the whole of said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and

all certificates so recorded in his office, or for the whole of said grading to the duly altered grade so much of said certified work as would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and land owned respectively, by said certified owners and their successors in interest; provided, however, that he shall not so include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street, and belonging to any such certified owners or their successors in interest.

(6) Whenever any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work (excepting grading) on such street, in front of any block, at his or their own expense, and the city council or commission shall subsequently order any work to be done of the same class in front of the same block, said work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done; provided, that the work so done at the expense of such owner or owners shall be upon the official grade, and in condition satisfactory to the city engineer at the time said order is passed.

Amendment

The 1955 amendment inserted the words "or commission" after the word "council" each time they appear in this section and in paragraph (a) of subd. (1) substituted the present last sentence for one which read: "In order to apportion the cost of any of the improvements herein provided for between the corner lot and the inside lots of any block, the council may, in the resolution creating any improvement district, provide that whenever any of the improvements herein provided for shall be along any side street, or bordering or abutting upon the side of any corner lot of any block, that the amount of the assessment against the property in such district, to defray the cost of such improvements, shall be so assessed that each square foot of the land, embraced within any such corner lot, shall bear double the amount of the cost of such improvement, that a square foot of any inside lot shall bear."

One assessment was to raise money to defray the cost of the intersections and the other to defray the cost of the street where it abuts on privately-owned property. Bidlingmeyer v. 11-2217. Cities and towns may establish sewage treatment and disposal plants and systems and water supply and distribution systems. Any city or town may when authorized so to do by a majority vote of the qualified electors voting on the question establish, build, construct, reconstruct and/or extend a storm and/or sanitary sewerage system and/or a plant or plants for treatment or disposal of sewage therefrom, or a water supply

and/or distribution system, or any combinations of such systems, and may operate and maintain such facilities for public use, and in addition to all other powers granted to it, such municipality shall have authority, by ordinance duly adopted by the governing body to charge just and equitable rates, charges or rentals for the services and benefits directly or indirectly furnished thereby. Such rates, charges or rentals shall be as nearly as possible equitable in proportion to the services and benefits rendered, and sewer charges may take into consideration the quantity of sewage produced and its concentration and water pollution qualities in general and the cost of disposal of sewage and storm waters. The sewer charges may be fixed on the basis of water consumption or any other equitable basis the governing body may deem appropriate and, if the governing body determines that the sewage treatment and/or storm water disposal prevents pollution of sources of water supply, may be established as a surcharge on the water bills of water consumers or on any other equitable basis of measuring the use and benefits of such facilities and services. In the event of nonpayment of charges for either water or sewer service and benefits to any premises, the governing body may direct the supply of water to such premises to be discontinued until such charges are paid.

In this act "qualified electors" shall mean registered electors of the municipality whose names appear upon the last preceding assessment roll for state and county taxes as taxpayers upon property within the municipality. The question of building, constructing, reconstructing or extending the system, plant or plants and the question of issuing and selling revenue bonds for such purpose may be submitted as a single proposition or as separate propositions. Any election under this act may be called by a resolution of the governing body which it may adopt without being previously petitioned to do so.

History: En. Sec. 1, Ch. 149, L. 1943; amd. Sec. 1, Ch. 100, L. 1947; amd. Sec. 1, Ch. 98, L. 1955.

Amendment

The 1955 amendment in the first sentence substituted the words "on the question" for the words "at an election held for that purpose" and inserted the words "or a water supply and/or distribution system, or any combination of such systems" between the words "therefrom" and "and"; in the second sentence inserted the words "sewer charges" between the words "and" and "may" and substituted the words "disposal of sewage and storm waters" for "its disposal"; in the third sentence inserted the word "sewer" before "charges", "and/or storm water disposal" between the words "treatment" and "prevents" and added the last sentence of the first paragraph.

11-2218. May issue bonds—sinking fund—rates for service, etc. Any such municipality may issue and sell negotiable revenue bonds for the construction of any such water or sewer system or combined water and sewer system when authorized so to do by a majority vote of the qualified electors voting on the question at an election called by the city council or other governing body of the municipality for that purpose, and noticed and conducted in accordance with the provisions of sections 11-2308 to 11-2310, inclusive; which bonds shall bear interest at a rate or rates and shall be sold at a price resulting in an average net interest cost, computed to the stated bond maturity dates, of not more than six per cent (6%) per annum and all bonds shall mature within forty (40) years from date of bonds, and

may be registered as to ownership of principal only with the treasurer of said municipality, if so directed by the governing body. No bonds shall be sold for less than par, and each of said bonds shall state plainly on its face that it is payable only from a sinking fund, naming said fund and the ordinance and resolution creating it, and that it does not create an indebtedness within the meaning of any charter, statutory or constitutional limitation upon the incurring of indebtedness.

Prior to the issuance of said bonds the city council or other governing body of such municipality shall adopt an ordinance or resolution authorizing the issuance and sale of said bonds.

At the time of, or before the issuance and sale of any such bonds, the governing body must create a sinking fund for the payment of the bonds and the interest thereon and charges of the fiscal agency for making payment of the bonds and interest thereon.

At or before the issuance and sale of any such bonds, the governing body shall, by resolution or ordinance, set aside a sinking fund and pledge to the payment of the bonds and the interest thereon the net income and revenues of the system, including all additions thereto and replacements and improvements thereof subsequently constructed or acquired, up to an amount sufficient to provide for the payment of the principal and the interest on the bonds as such principal and interest shall become due and payable, and to accumulate and maintain reserves securing such payments in such amount as shall be deemed by the governing body to be necessary and expedient.

The said net income and revenues above-mentioned shall be construed to mean all the gross income from said system less normal, reasonable and current expenses of operation and maintenance thereof.

Said payments above-mentioned shall constitute a first and prior charge and lien on the entire net income and revenues derived from the operation of said system, provided that the governing body shall have power from time to time to establish the relative priority of the liens of successive issues of bonds upon said net income and revenues, subject to any restrictions contained in the ordinances or resolutions authorizing bonds of prior issues.

Any such municipality, by ordinance or resolution adopted by its governing body, and without an election, may issue and sell negotiable revenue bonds to refund bonds previously issued for any of the foregoing purposes, whether issued under authority of this section or any other applicable law.

Any municipality having issued bonds payable from net revenues of its water and sewer system or combined water and sewer systems, whether under authority of this section or otherwise, may issue additional bonds after authorization by the qualified electors in the manner hereinabove provided, to finance the reconstruction and improvement of such system and the construction of additions thereto, and may provide that such additional bonds shall be payable from said net revenues on a parity with the outstanding bonds of such previous issues, subject to any restrictions upon such issuance which may be imposed by the resolutions or ordinances authorizing said outstanding bonds; or the governing body may provide for the issuance of refunding bonds, without an election, to retire such outstanding bonds and may, if desired, combine such refunding issue with

the issue authorized by the electors for reconstruction, improvements and additions, or may include the amount required for such refunding in the amount of such additional issue when submitted to the electors. Said refunding bonds, or any bonds of any such combined issue, may be exchanged at par and accrued interest for all or part of said outstanding bonds, with the consent of the holders thereof, or may be deposited in escrow for the purpose of such exchange with a suitable bank or trust company within or without the state; or proceeds of the sale of the refunding or combined issue may be similarly deposited in escrow and applied to the redemption of all or part of the outstanding bonds at maturity or when the same are next prepayable according to their terms, and to the payment of accrued interest thereon and of any premium payable for redemption prior to maturity, and to the purchase and retirement of any outstanding bonds which can be so purchased at a price less than par plus interest to accrue to maturity or, if prepayable, at a price less than par plus interest to accrue to their earliest possible redemption date plus any premium payable upon redemption prior to maturity; and any revenue bond proceeds so deposited in escrow may be invested in general obligations of the United States pending the use thereof for the purposes herein authorized, and any such investments shall be deposited with the escrow agent for safekeeping. Nothing herein shall, however, be deemed to authorize the refunding of any matured bonds for the payment of which net revenues on hand are sufficient, or to authorize the refunding of any outstanding bonds at a higher rate of interest unless available net revenues are insufficient to pay principal and interest due thereon, or unless the refunding is authorized simultaneously with the issuance of additional bonds for reconstruction, improvements or additions, which, according to the terms of the outstanding bonds, must be junior and subordinate to the lien of such outstanding bonds upon the net revenues.

Amendments

The 1951 amendment inserted the words "and noticed and conducted in accordance with the provisions of sections 11-2308 to 11-2310, inclusive" in the first paragraph and added what is now the next to the last paragraph.

The 1955 amendment completely rewrote this section. For section prior to the 1955 amendment see parent volume and the 1951 amendment note.

The 1957 amendment increased the rate of interest from "five per cent (5%) per annum" to "six per cent (6%) per annum" in the first paragraph.

64 C.J.S. Municipal Corporations § 1907.

11-2219. Rates and charges for services. The governing body of such municipality shall have full power and authority, and it is hereby made its duty to fix and establish, on the basis of water consumed or any other equitable basis, by ordinance or resolution, and collect rates and charges for the services and facilities afforded by the system.

The rates and charges established for the services and facilities afforded by this system shall be sufficient in each year to provide income and revenues adequate for the payment of the reasonable expense of operation and maintenance and for the payment of the sums required to be paid into the sinking fund and for the accumulation of such reserves and the making

of such expenditures for depreciation and replacement of said system as shall be determined necessary from time to time by the governing body, or as shall have been covenanted in the ordinances and resolutions authorizing the outstanding bonds.

The governing body shall have the right to change and readjust from time to time the rates and charges so fixed and established provided the aggregate of such rates and charges shall always be sufficient to meet the requirements mentioned in preceding paragraph.

History: En. Sec. 3, Ch. 149, L. 1943; amd. Sec. 3, Ch. 98, L. 1955.

Amendment

The 1955 amendment in the second paragraph substituted the words "of operation and maintenance" for the words "and operation, repair and maintenance" and beginning with the words "accumulation of such reserves * * *" to the end of paragraph for the words "ten per cent (10%) depreciation charges."

11-2220. Income to be kept separately. After any municipality has issued and sold revenue bonds under this act, it must keep all income and revenues derived from the operation of the system separate and distinct from all other revenues and shall keep books and accounts for such system separate and distinct from all other books and accounts.

The governing body shall maintain a sufficient balance of cash in the sinking fund for the payment of principal and interest currently due on outstanding revenue bonds, but may in its discretion, and subject to any restrictions contained in the ordinances or resolutions authorizing such bonds, invest moneys in said sinking fund, or other net revenues held in reserves for bond payments, replacements or depreciation, in general obligation bonds of the United States of America or of the municipality itself. The income from all such investments shall remain part of the sinking fund or reserve from which the investment was purchased, and all such investments shall be collected at maturity or shall be sold when necessary to provide cash for the purposes of said sinking fund and reserves. Subject to the provisions of any such ordinances or resolutions the governing body may also apply net revenues to the purchase of outstanding revenue bonds which are not yet prepayable according to their terms, at such price as will yield a net return to the municipality, computed to the earliest redemption date of such bonds, and for the redemption of any of said bonds as and when the same become prepayable according to their terms.

Any such bonds and interest thereon shall be a valid claim of the holders thereof only against the sinking fund and the net income and revenues of the system pledged thereto and shall not constitute an indebtedness of the municipality within the meaning of any charter, statutory or constitutional limitation upon the incurring of indebtedness.

11-2305. Form of bonds.
11-2314. Publication of notice of sale.

11-2301. (5278.1) **Creation of indebtedness—submission to taxpayers.**

Application of Law

The phrase "under its powers as set forth in any statute or statutes of this state" means under the city's or town's power to incur indebtedness or issue general obligation bonds as set forth in any statute. Dietrich v. Deer Lodge, 124 M 8, 218 P 2d 708, 712.

City or town council is not authorized to issue general obligation bonds to carry out any of the powers enumerated in section 11-901 et seq. Dietrich v. Deer Lodge, 124 M 8, 218 P 2d 708, 712.

Operation and Effect

Inclusion of tax exempt property in determining value of taxable property for debt limit purposes. 38 ALR 2d 903.

11-2303. (5278.3) **Limitation on amount of indebtedness.** No city or town shall issue bonds for any purpose in an amount which, with all outstanding and unpaid indebtedness, will exceed five per centum (5%) of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes; provided, however, that for the purpose of constructing a sewerage system, or procuring a water supply or constructing or acquiring a water system for a city or town, which shall own and control such water supply and water system and devote the revenues therefrom to the payment of the debt, a city or town may incur an additional indebtedness by borrowing money or issuing bonds. The additional indebtedness which may be incurred by borrowing money or issuing bonds for the construction of a sewerage system, or for the procurement of a water supply, or for both such purposes, including all indebtedness theretofore contracted, which is unpaid or outstanding, shall not in the aggregate exceed ten percentum (10%) over and above the five per centum (5%) heretofore referred to, of the total value of the taxable property therein as ascertained by the last assessment for state and county taxes. The words "value of the taxable property" as used in this section, are used in the same sense as in section 6 of Article XIII of the Constitution and shall be given the same meaning; and provided further, that the issuing of bonds for the purpose of funding or refunding outstanding warrants or bonds shall not be deemed the incurring of a new or additional indebtedness, but shall be deemed merely the changing of the evidence of outstanding indebtedness.

History: En. Sec. 3, Ch. 160, L. 1931; amd. Sec. 1, Ch. 116, L. 1951; amd. Sec. 2, Ch. 34, L. 1955.

Redemption of Bonds

Where municipal bonds were issued prior to the 1945 amendment of this section they could not be redeemed prior to maturity when such option was not stated in the bonds. Philipsburg v. Porter, 121 M 188, 190 P 2d 676, 678.

11-2305. (5278.5) **Form of bonds.** All bonds hereafter issued by any city or town shall be either amortization bonds or serial bonds, and all things being equal amortization bonds shall be issued in preference to serial bonds, otherwise serial bonds may be issued.

The term "amortization bonds," as used in this act, is hereby defined as meaning that form of bond on which a part of the principal is required to be paid each time interest becomes due and payable, which part payment of principal increases with each following installment in the same amount the interest payment decreases, so that the combined amount payable on both principal and interest is the same on each interest payment date; provided, however, that the final payment may vary in amount from the other payments to the extent resulting from disregarding fractional cents in the other payments.

The term "serial bond," as used in this act, is hereby defined as being a bond issue payable in equal annual installments, one (1) installment consisting of one (1) or more bonds, becoming due and payable each year, the amount to be paid and redeemed each year being determined by dividing the total amount of the bonds to be issued by the total number of years the issue is to run, so that the total amount of principal to be paid each year the bonds are to run will be the same; provided, however, that the payments becoming due the first year, or the first and second years, may vary in amount from the other payments to the extent resulting from fixing the amount of each bond of the other payments at one hundred dollars ($100.00), five hundred dollars ($500.00), or some multiple thereof.

The city or town clerk must, at least fifteen (15) days before the date fixed for the sale of general obligation bonds only, send a copy of such published notice to the secretary of the state board of land commissioners, and shall thereupon furnish to the said secretary a transcript of the proceedings had for

Acquisition of parking areas by cities or towns, sec. 11-1018.

11-3703. Creation of parking commissions—revenue bonds. A city may create, as provided for in this section, a public body corporate and politic to be known as the "parking commission" of the city. The commission of any city shall not transact any business or exercise any powers under this act unless and until the legislative body of the city shall by resolution declare at any time hereafter that there is need for a parking commission to function in such city. The determination as to whether there is need for a commission to function may be made by the legislative body on its own motion or upon the filing of a petition signed by one hundred (100) residents of the city, asserting that there is need for a commission to function in such city and requesting that the legislative body so declare.

In any suit, action or proceeding by or against or in any manner relating to a parking commission, the commission shall be conclusively deemed to have become established and authorized to transact business and exercise its powers upon proof of the adoption of a resolution by the legislative body declaring the need for the commission to function. A city shall not transact any business or exercise any powers of this act unless and until the legislative body of the city shall by resolution declare that there is need for such city to exercise the powers of a parking commission as provided in this act.

Either or both such resolutions may be adopted by the legislative body of a city. If both such resolutions are adopted they shall clearly specify areas within the city less than the whole thereof, within which, or projects over which, the commission and the city, respectively, are to have jurisdiction and control. The division of such jurisdiction and control shall be as so specified, but may be changed from time to time by action of both the legislative body and the commission, to such extent as may be consistent with obligations to bondholders assumed under this act.

The power to issue revenue bonds as provided in this act shall not be operative in any city until the legislative body, either at a general or a special election, shall submit to the electors, whose qualifications shall be the same as those required for voting at municipal elections in the city for elective officers thereof, the question as to whether the legislative body, or the commission, or both, shall be authorized to adopt the revenue bond method of financing projects provided for herein. Such question may be placed before the electors and notice thereof given in the same manner as provided by law for referring ordinances of the city to the electors. The provisions relating to the qualifications of electors and manner of submis-

sion of the question to the electors for the purposes of this act shall govern and be controlling, any provision of law to the contrary notwithstanding.

History: En. Sec. 3, Ch. 223, L. 1951; amd. Sec. 2, Ch. 127, L. 1955.

Amendment

The 1955 amendment in the first sentence of the fourth paragraph substituted the words "whose qualifications shall be the same as those required for voting at municipal elections in the city for elective officers thereof" for the words "of the city"; deleted a former second sentence which read: "If at such election a majority of the voters voting upon the proposition shall vote in favor of such proposition, such commission, or such city, or both, as may have been so specified, may from time to time, issue revenue bonds in accordance with the provisions of this act for projects provided for herein," and added the present second and third sentences.

11-3704. Members of commission—appointment—qualifications—vesting of commission powers—expenses and compensation—term of office—chairman—removal. When the legislative body of a city first adopts a resolution declaring need for a parking commission to function, the mayor, with the approval of the legislative body, shall appoint five (5) electors of the city as members of the commission. The powers of each commission shall be vested in the members thereof then in office. Members shall receive their actual and necessary expenses, including traveling expenses and may receive such other compensation as the legislative body may prescribe.

Three [3] of the members who are first appointed shall be designated to serve for terms of one [1], two [2], and three [3] years, respectively, from the date of their appointments, and two [2] shall be designated to serve for terms of four [4] years from the date of their appointments. Thereafter members shall be appointed as aforesaid for a term of office of four [4] years, except that all vacancies occurring during a term shall be filled for the unexpired term. A member shall hold office until his successor has been appointed and has qualified.

The appointing officer shall designate which of the members of the commission shall be the first chairman, but when the office of chairman of the commission becomes vacant thereafter, the commission shall elect a chairman from among its members. The term of office as chairman of the commission, unless otherwise prescribed by the legislative body of the city, shall be for the calendar year, or for that portion thereof remaining after each such chairman is designated or elected.

A member of a commission may be removed by the mayor with the consent of the legislative body of the city.

History: En. Sec. 4, Ch. 223, L. 1951.

11-3705. Estimate and appropriation of money required—report of transactions to be filed. When the commission created for any city becomes authorized to transact business and exercise its powers, the legislative body of the city may, subject to its fiscal law, at that time, and from time to time thereafter, make an estimate of the amount of money required for administrative purposes of the commission, and may appropriate such amounts to the commission as it deems necessary, subject to such conditions as the legislative body may prescribe.

Each such commission shall file with the legislative body a detailed report of all its transactions, including a statement of all revenues and expenditures, at quarterly, semi-annual or annual intervals as the legislative body may prescribe and shall publish at least once annually in a newspaper of general circulation, published in the city, or if none is so published then in such newspaper of general circulation as the commission may deem most likely to give notice to the residents of the city, a statement of all its financial affairs, audited by independent certified public accountants.

History: En. Sec. 5, Ch. 223, L. 1951.

11-3706. Inaction—suspension of commission. After the lapse of four years from the date of adoption of a resolution declaring the need for a parking commission to function in a city, if such commission shall not have acquired or entered into possession of land for a parking facility, or issued bonds, the legislative body of such city may by resolution declare that there is no need for such commission in the community. Thereupon the offices of the members of the commission shall become vacant and the capacity of the commission to transact business or exercise any powers shall be suspended and shall remain suspended until the legislative body thereafter adopts a resolution declaring the need for the commission to function.

After adoption of a resolution declaring there is no need for such commission to function, or while any such resolution is in effect, the legislative body of a city shall have power to wind up the affairs of the commission and shall have title to all property of the commission for the purpose of off-street parking only, to be leased to, and operated by, companies, individuals or corporations.

The legislative body of a city, at any time after the activation of a parking commission, may adopt by a two-thirds vote thereof, a resolution transferring the property of the commission to the city and the city may, through such department as it may determine, exercise its powers in regard thereto by virtue of the Constitution, or this or other general law, but no such transfer shall be made in contravention of any covenant or agreement made with the holders of any revenue bonds of the commission theretofore issued and then outstanding.

History: En. Sec. 6, Ch. 223, L. 1951.

11-3707. Commission a public body—powers specified. Each commission shall constitute a public body, corporate and politic, exercising public and essential governmental function, and subject to the limitations imposed by this act, shall have the following powers in addition to the others herein granted:

(b) To make, and from time to time amend and repeal by-laws, rules and regulations not inconsistent with this act to carry into effect the powers and purposes thereof.

(c) To select and appoint or remove such officers, agents, counsel and employees, permanent and temporary, as it may require, and to determine their qualifications, duties and compensation. The powers of the commis-

sion under this subsection (c) shall be subject to all limitations and rights applicable to similar employment by the city, unless the legislative body, by resolution, shall otherwise determine.

(d) For the purpose of off-street parking, to purchase, lease, obtain option upon, acquire by gift, grant, bequest, devise or otherwise, any real or personal property, or any interest therein, together with any improvements thereon; to acquire by the exercise of the power of eminent domain any property in accordance with the applicable provisions of the law of eminent domain, except that no property of a state public body may be acquired without its consent, upon approval of the city council; to sell, lease, exchange, transfer, assign, or otherwise dispose of any real or personal property or any interest therein, provided such transactions are for off-street parking purposes; to lay out, open, extend, widen, straighten, establish, or change the grade, in whole or in part, of public parking facilities and public rights of way necessary or convenient therefor; to insure or provide for the insurance of any real or personal property or operations of the commission against risks or hazards; to acquire, construct, rent, lease, maintain, and repair, such real and personal property, or any portion thereof either on behalf of the commission or as an agent of the city, including the leasing of the operation thereof, the leasing for incidental commercial purposes of surplus space or space which it is not economical to use for parking purposes, and as an incident to the operation of any parking facility, when in the judgment of the commission it is convenient or necessary to permit such use in order to utilize properly such land as a parking facility, provided that the city or parking commission shall be prohibited from operating any such additional, secondary and incidental facilities; provided, however, that such incidental use or uses must be secondary to the primary use as a parking facility, and in any event the portion of the land devoted to such incidental use or uses shall not exceed ten per cent [10%] of the surface area of such property, and if a building is erected on such property for the purpose of parking motor vehicles, then such incidental use or uses of such building shall not occupy more than ten per cent [10%] of the floor area; provided, further, that the commission or the city shall lease such space to private operators; to receive, control, and order the expenditure of, any and all moneys and funds pertaining to parking facilities or related properties, including, without limiting the generality of this provision, (i) all revenues derived from operations of the commission, (ii) all money appropriated or made available by the city pursuant to section 7 [11-3707] of this act, or otherwise, (iii) the proceeds of all financial aid or assistance by the city, federal or state governments, (iv) the proceeds of assessments levied, (v) the proceeds of all revenue bonds issued pursuant to this act by the city for parking facilities.

(e) To invest any funds held in reserve or sinking funds or any funds not required for immediate disbursement in property or securities in which cities may legally invest funds subject to their control, but no such investment shall be made in contravention of any covenant or agreement made with the holders of any revenue bonds of the commission theretofore issued and then outstanding.

(f) To exercise all or any part or combination of the powers herein granted.

(g) To do and perform any and all other acts and things necessary, convenient, desirable or appropriate to carry out the provisions of this act.

History: En. Sec. 7, Ch. 223, L. 1951.

11-3708. Acquisition of existing parking facilities—limitation. No existing parking facility shall be acquired by the exercise of the power of eminent domain by a commission or the city except after public hearing following notice of the date, time, place, and purpose of such hearing published once not less than ten [10] nor more than twenty [20] days prior to the date of such hearing; provided, however, that no property being used as a facility or facilities for the parking and/or storing of motor vehicles shall be acquired by a commission as heretofore provided by this act, unless the project to be furnished or constructed by a commission which necessitates the acquisition of such parking facility or facilities will encompass an area of land and parking area not less than three (3) times the area of land and parking area encompassed by the existing parking facility.

Off-street public parking facilities. 8 ALR 2d 373.

11-3709. Lease—bids. The commission or city may lease any project acquired by it under the provisions of this act to the highest responsible bidder after notice, which shall consist of the publication of a notice inviting bids, by two [2] or more insertions thereof, not less than five (5) days apart, in a newspaper of general circulation printed and published in such city, or city and county, which publication shall be commenced not less than fifteen (15) days prior to the date set in the notice for the opening of bids; or if there be no newspaper of general circulation printed or published therein, by posting copies of said notice inviting bids in at least three (3) public places in the city, or city and county, not less than fifteen (15) days prior to the date set in the notice for the opening of bids. Such notice shall distinctly and specifically describe the project and the facilities in connection therewith which are to be leased, the period of time for which said project is to be leased and the minimum rental to be paid under such lease; provided if the commission or city shall by resolution entered upon its minutes find and determine that the purposes of this act will not be accomplished and the public interest will not be served by lease of any particular project for operation as a private parking project, the commission may lease such project to the city or the city may operate any such project itself as a municipal parking lot, subject to the ordinances, rules and regulations of the city pertaining to municipal parking lots.

History: En. Sec. 9, Ch. 223, L. 1951; amd. Sec. 3, Ch. 127, L. 1955.

Amendment

The 1955 amendment substituted the word "may" for "shall" near the beginning of this section and substituted the present proviso clause for the following: "provided, that the commission may reject any and all bids presented and readvertise; provided further, if no reasonable bid is received the commission must readvertise once again. If no valid bid is received after such readvertisement, then and only then may the commission or city operate such project itself. In the event the commission or city so operates such project it must readvertise for bids in the manner hereinabove provided once every year."

11-3710. Planning, zoning and building laws—co-operation of city officers and departments—payment in lieu of taxation. All parking facilities of a commission shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the parking facility is situated. In the planning and location of any parking facility, a commission shall be subject to the relationship of the facility to any master plan or sections of a master plan for the development of the area in which the commission functions. In order that there may be no unnecessary duplication of effort or expense, the commission shall have access for the purposes of the commission to the services and facilities of the city planning department, the city engineer, the police department, the fire department and such other departments and offices of the city as may be appropriate therefor. The legislative body may in the resolution declaring need for a parking commission to function provide for a sum to be paid annually by the commission to the city, which shall not exceed the amount the commission would be required to pay in ad valorem taxes if it were a private entity owning the same property.

History: En. Sec. 10, Ch. 223, L. 1951.

11-3711. Revenue bonds—obligation of commission only. The commission shall have power to issue revenue bonds in its name. These bonds shall constitute obligations of the commission only, and neither the payment of the principal or interest of any such bond constitutes a debt, liability or obligation of the city or of the state of Montana. All bonds issued by the commission shall contain a recital on their face that neither the payment of the principal or any part thereof nor any interest thereon constitutes a debt, liability or obligation of the city or of the state.

History: En. Sec. 11, Ch. 223, L. 1951.

11-3712. Types of bonds—sources from which payable. A commission may issue such types of revenue bonds as it may determine, including revenue bonds on which the principal and interest are payable: (a) Exclusively from the income and revenues of the parking facilities financed with the proceeds of such bonds, or with such proceeds together with financial assistance from the state or federal governments in aid of such projects; (b) exclusively from the income and revenues of certain designated parking facilities whether or not they were financed in whole or in part with the proceeds of such bonds; (c) from its revenues generally; (d) from any contributions or other financial assistance from the state or federal governments; (e) from parking meter revenues of the city which may be appropriated by the governing body of the city; or (f) by any combination of these methods. Any such bonds may be additionally secured by a pledge of any parking meter revenues. The legislative body of a city may pledge or allocate such parking meter revenues for periods of years for the financing or operation of any project authorized by this act and the payment of principal and interest on all or any revenue bonds issued and outstanding pursuant to this act, until all of such bonds have been fully paid.

History: En. Sec. 12, Ch. 223, L. 1951.

11-3713. Authority to determine terms and conditions. Each commission shall have power to determine, by resolution, with reference to each

issue of revenue bonds to be issued under this act, all the terms and conditions of such bonds, and of the sale and issuance thereof, and any and all matters necessary or appropriate to be determined in connection therewith, excepting only as such power is limited by, or under the authority of, express provisions of this act. Without excluding the exercising of any other powers under, or in any way limiting the generality of, the preceding general grant of power, or in any way excluding or limiting the exercising of any or all other powers granted by this act, the general power granted by this section shall include, and each such commission shall have and in its discretion may exercise, the specific powers provided by this act.

Off-street public parking facilities. 8 ALR 2d 373.

11-3714. Indenture for security of bonds. The commission may enter into indentures providing for the aggregate principal amount, date, or dates, maturities, interest rate, denominations, form, registration, transfer and interchange of such bonds and coupons, and the terms and conditions upon which the same shall be executed, issued, secured, sold, paid, redeemed, funded and refunded. Reference on the face of the bonds to such indenture by its date of adoption, or the apparent date on the face thereof, is sufficient to incorporate all of the provisions thereof into the body of the bonds and their appurtenant coupons. Each taker and subsequent holder of the bonds or coupons, whether the coupons are attached to or detached from the bonds, has recourse to all of the provisions of the indenture, and is bound thereby. An indenture pursuant to which bonds are issued may include such covenants and agreements on the part of the commission as the commission deems necessary or advisable for the better security of the bonds issued thereunder. An indenture may include any, or one, or all the following clauses relating to the bonds issued thereunder: Requiring the commission to pay or cause to be paid punctually the principal of all such bonds and the interest thereon on the date or dates at the place or places, and in the manner mentioned in such bonds and in the coupons appertaining thereto in accordance with such indenture; requiring the commission to make all repairs, renewals and replacements necessary to the operation of the project and to keep it at all times in good repair; requiring the commission to preserve and protect the security of the bonds and the rights of the holders thereof and to warrant and defend such rights; requiring the commission to pay and discharge or cause to be paid and discharged from the funds available for that purpose all lawful claims for labor, materials and supplies or other charges which, if unpaid, might become a lien or charge upon the revenues, or any part thereof, of any project acquired, constructed or completed from the proceeds of the sale of the bonds or from other proceeds or upon any of the physical properties thereof which might impair the security of the bonds; which limits, restricts, or prohibits any right, power or privilege of the commission to mortgage or otherwise encumber, sell, lease or dispose of any project constructed from the proceeds of the bonds or from other proceeds, or to enter into any lease or agreement which impairs or impedes the operation of such project, or any part thereof, necessary to secure adequate revenues or which otherwise impairs or impedes the rights of the holders of the bonds with respect to such revenues.

Requiring the commission to fix, prescribe and collect fees, tolls, rentals or other charges in connection with the services and facilities furnished from the project acquired, constructed or purchased from part or all of the proceeds of the bonds or from other proceeds, sufficient to pay the principal of and interest on the bonds as they become due and payable, together with all expenses or [of] operation, maintenance and repair of the project, and with such additional sums as may be required for any sinking fund, reserve fund or other special fund provided for the further security of such bonds or as a depreciation charge or other charge in connection with such project; requiring the commission to hold in trust the revenues pledged to the payment of such bonds and the interest thereon, or to any reserve or other fund created for the further protection of the bonds, and to apply such revenues or cause them to be applied only as provided in the indenture.

Limiting the power of the commission to apply the proceeds of the sale of any issue of bonds for the acquiring, constructing, or completing of any project or any part thereof, or more than one of such projects; limiting the power of the commission to issue additional revenue bonds for the purpose of acquiring, constructing or completing any improvement or any part thereof; requiring, specifying or limiting the kind, amount and character of insurance to be maintained by the commission on any project, or any part thereof, and the use and disposition of the proceeds of any such insurance thereafter collected; providing the events of default, and the terms and conditions upon which any or all of the bonds then or thereafter issued may become or be declared due and payable prior to maturity, and the terms and conditions upon which such declaration and its consequences may be waived.

Designating the rights, limitations, powers and duties arising upon breach by the commission of any of the covenants, conditions, or obligations contained in any indenture; prescribing a procedure by which certain specified terms and conditions of the indenture may be subsequently amended or modified with the consent of the commission and the vote or written assent of the holders of a specified principal amount of the bonds issued and outstanding. Such clause may provide for meetings of bondholders and for the manner in which the consent of the bondholders may be given. The clause shall specifically state the effect of such amendment or modification upon the rights of the holders of all of the bonds and interest coupons appertaining thereto, whether attached thereto or detached therefrom.

With respect to any clause providing for the modification or amendment of an indenture, the commission may agree that bonds held by the commission, by any department, political subdivision or agency of the state of Montana, or by any public corporation, municipality, district or political subdivision shall not be counted as outstanding bonds, or be entitled to vote or assent but shall nevertheless, be subject to any such modification or amendment.

Compiler's Note

The bracketed word "of" was inserted by the compiler.

11-3715. Additional clause in indenture—trustee for bondholders. The indenture may include a clause providing for such other acts and matters as may be necessary or convenient or desirable in order to secure the bonds or to make the bonds more marketable; the commission may designate a bank or trust company as a trustee for the holders of bonds issued hereunder, and may authorize the trustee to act on behalf of the holders of the bonds, and to exercise and prosecute on behalf of the holders of the bonds such rights and remedies as may be available to the holders, and may fix and determine the conditions upon which any trustee shall receive, hold or disburse any or all revenues collected for or on account of the bondholders. The authority may prescribe the duties and powers of such trustee with respect to the payment of principal and interest on the bonds, the redemption of the bonds, the registration and discharge from registration of the bonds, and the management of any sinking fund or other funds provided as security for the bonds.

History: En. Sec. 15, Ch. 223, L. 1951.

11-3716. Series or divisions of bonds. The commission may issue revenue bonds in series or may divide any issue into one or two or more divisions and fix different maturities or dates of such bonds, different rates of interest, or prescribe different terms and conditions for the bonds of the several series or divisions. It is not necessary that all bonds of the same authorized issue be of the same kind or character, have the same security, or be of the same interest rate, but the terms thereof shall in each case be provided for by the commission, at or prior to the issue thereof. The commission may provide for successive issues or may provide for one maximum issue.

History: En. Sec. 16, Ch. 223, L. 1951.

11-3717. Interest on bonds—redemption. Revenue bonds shall bear interest at a rate of not to exceed six (6) per cent per annum, payable annually or semiannually or in part annually and in part semiannually. Prior to the issuance of bonds the commission may fix limitations or restrictions on the payment of interest. Bonds may be callable upon such terms, conditions, and upon such notice as the commission may determine, and upon the payment of the premium fixed by the commission in the proceedings for the issuance of the bonds. No bond is subject to call or redemption prior to its fixed maturity date unless the right to exercise such call is expressly stated on the face of the bond. The commission may provide for the payment of the principal and interest of bonds at any place within or without the state of Montana in specified coin or currency of the United States.

History: En. Sec. 17, Ch. 223, L. 1951.

11-3718. Signatures on bonds. All of the signatures on said bonds and on the interest coupons thereof may be printed, lithographed or engraved facsimile except the countersignature of the clerk or other officer of the commission designated by the commission which countersignature shall be manually affixed. If any of the officers whose signatures or countersignatures appear upon the bonds or coupons cease to be officers before delivery of the bonds or coupons, their signatures or countersignatures are

nevertheless valid and of the same force and effect as if the officers had remained in office until the delivery of the bonds and coupons.

History: En. Sec. 18, Ch. 223, L. 1951.

11-3719. Maturity dates. Bonds shall bear dates prescribed by the commission. Bonds may be serial bonds or sinking fund bonds with such maturities as the commission may determine. No bond by its terms shall mature in more than forty (40) years from its own date and in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date herein authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

History: En. Sec. 19, Ch. 223, L. 1951.

11-3720. Sale of bonds—payment of interest—lien of bonds—temporary bonds—tax exemption—legal investments—refunding bonds. The commission may fix terms and conditions for the sale or other disposition of any authorized issue of bonds. The commission may sell bonds at less than their par or face value but no bond may be sold at a price below the par or face value thereof which would result in a sale price yielding to the purchaser an average of more than six (6) per cent per annum, payable semiannually, according to standard tables of bond values. The commission may provide for the security of the bonds. Interest on bonds may be paid out of the proceeds of the sale of the bonds during the actual construction of any project for the acquisition, construction or completion of which the bonds have been issued, and for a period of not to exceed two (2) years thereafter as provided for in the indenture. The commission may provide in the proceedings for the issuance of bonds that the bonds and the interest thereon constitute such lien upon the revenues of any project acquired, constructed or completed from the proceeds thereof as may be provided for in the indenture. Pending the actual issuance or delivery of revenue bonds, the commission may issue temporary or interim bonds, certificates or receipts of any denomination whatsoever, and with or without coupons, to be exchanged for definitive bonds when ready for delivery. All such revenue bonds, and the interest or income therefrom, are exempt from all taxation in this state, other than gift, inheritance and estate taxes. All bonds issued under this act shall be legal investments for both public and private funds. The commission may provide for the issuance, sale, or exchange of refunding bonds for the purpose of redeeming or retiring any revenue bonds issued by the commission. All provisions of this act applicable to the issuance of revenue bonds are applicable to the funding or refunding bonds and to the issuance, sale or exchange thereof.

History: En. Sec. 20, Ch. 223, L. 1951.

11-3721. Funding or refunding bonds—negotiable instruments. Funding or refunding bonds may be issued in a principal amount sufficient to provide funds for the payment of all bonds to be funded or refunded thereby, and in addition for the payment of all expenses incident to the calling, retiring or paying of such outstanding bonds, and the issuance of such funding or refunding bonds. These expenses include the difference in

amount between the par value of the funding or refunding bonds and any amount less than par for which the funding or refunding bonds are sold, any amount necessary to be made available for the payment of interest upon such funding or refunding bonds from the date of sale thereof to date of payment of the bonds to be funded or refunded or to the date upon which the bonds to be funded or refunded will be paid pursuant to the call thereof or agreement with the holders thereof, and the premium, if any, necessary to be paid in order to call or retire the outstanding bonds and the interest accruing thereon to the date of the call or retirement. All bonds issued under the provisions of this act are negotiable instruments, except when registered in the name of a registered owner.

History: En. Sec. 21, Ch. 223, L. 1951.

11-3722. Rates, fees and charges—lien. CHAPTER 8—UNLAWFUL CONTRACTS

13-801. (7553) What is unlawful.

Likewise, the direction of the board directing the county attorney to stipulate with the attorneys for the taxpayer, to request the court to enter judgment against the county and state was and is wholly void and of no legality whatever. Such void act, understanding and agreement by public officials, void in its inception, is not validated by performance and remains a void act or agreement under the public policy established by the legislature. The name of a cooperative shall distinguish it from the name of any other corporation organized under the laws of, or authorized to transact business in, this state. The words "electric" or "telephone" and "cooperative" shall not both be used in the name of any corporation organized under the laws of, or authorized to transact business in, this state, except a cooperative or a corporation transacting business in this state pursuant to the provisions of this act.

14-508. Members. (a) No person who is not an incorporator shall become a member of a cooperative unless such person shall agree to use electric energy or telephone service furnished by the cooperative when such electric energy or telephone service shall be available through its facilities. The by-laws may provide that any person, including an incorporator, shall cease to be a member of a cooperative if he shall fail or refuse to use electric energy or telephone service made available by the cooperative or if electric energy or telephone service shall not be made available to such person by the cooperative within a specified time after such person shall have become a member thereof. Membership in the cooperative shall not be transferable, except as provided in the by-laws. The by-laws may prescribe additional qualifications and limitations in respect to membership.

(b) An annual meeting of the members shall be held at such time as shall be provided in the by-laws.

(c) Special meetings of the members may be called by the board of trustees, by any three trustees, by not less than ten per centum (10%) of the members, or by the president.

(d) Meetings of members shall be held at such place as may be provided in the by-laws. In the absence of any such provision, all meetings shall be held in the city or town in which the principal office of the cooperative is located.

(e) Except as hereinafter otherwise provided, written or printed notice stating the time and place of each meeting of members, and, in the case of a special meeting, the purpose or purposes for which the meeting is called, shall be given to each member, either personally or by mail, not less than ten (10) nor more than twenty-five (25) days before the date of the meeting.

(f) Five per centum (5%) of all members present in person shall constitute a quorum for the transaction of business at all meetings of the members, but the by-laws may prescribe the presence of a greater percentage of the members for a quorum. If less than a quorum is present at any meeting, a majority of those present in person may adjourn the meeting from time to time without further notice.

(g) Each member shall be entitled to one vote on each matter submitted to a vote at a meeting. Voting shall be in person, but, if the by-laws so provide, may also be by proxy or by mail, or both. If the by-laws provide for voting by proxy or by mail, they shall also prescribe the conditions under which proxy or mail voting or both shall be exercised. In any event, no person shall vote as proxy for more than three (3) members at any meeting of the members.

14-510. Voting districts. Notwithstanding any other provisions of this act, the by-laws may provide that the territory in which a cooperative supplies electric energy or telephone service to its members shall be divided into two or more voting districts and that in respect to each such voting district (1) a designated number of trustees shall be elected by the members residing therein, or (2) a designated number of delegates shall be elected by the members residing therein, or (3) both such trustees and delegates shall be elected by such members. In any such case the by-laws shall prescribe the manner in which such voting districts and the members thereof, and the delegates and trustees, if any, elected therefrom shall function and the powers of the delegates, which may include the power to elect trustees. No member at any voting district meeting and no delegate at any meeting shall vote by proxy or by mail.

The proposition for the conversion of such corporation into a cooperative under this act and the proposed articles of conversion, with such amendments thereto as the

members or stockholders of such corporation shall choose to make therein, shall be deemed to be approved upon the affirmative vote of not less than two-thirds of those members of such corporation voting thereon at such meeting, or, if such corporation is a stock corporation, upon the affirmative vote of the holders of not less than two-thirds of the capital stock of such corporation represented at such meeting;

sell any property, real or personal, however acquired, belonging to the county, and which is not necessary to the conduct of the county's business or the preservation of its property. If the property, real or personal, sought to be sold, is reasonably of a value in excess of one hundred ($100.00) dollars, the sale shall be at public auction at the courthouse door after previous notice given by publication in a newspaper published in said county, notice to be published once a week for four successive weeks and posted in five (5) public places in the county. The sale shall be for cash, or on such terms as the board of county commissioners may approve, provided at least twenty per cent (20%) of the purchase price shall be paid in cash. In all sales of property of a value in excess of one hundred ($100.00) dollars, there must before any sale be an appraisal thereof by the board and at a price representing a fair market value of such property, and such appraised value shall be stated in the notice of sale, provided, that whenever a county purchases equipment, as provided in section 16-1803, Revised Codes of Montana, 1947, county equipment which is not necessary to the conduct of the county business may be traded in as part of the purchase price after appraisal as herein provided, or may be sold at public auction as herein provided, in the discretion of the board of county commissioners.

(2) The board of county commissioners shall have the power to sell any property, real or personal, however acquired, belonging to the county and which is not necessary to the conduct of the county's business or the preservation of its property, to the school district directly for its appraised value which shall represent a fair market value of such property without the necessity of a public auction. If the property to be sold to the school district is reasonably of a value in excess of one hundred ($100.00) dollars, notice of the sale shall be given by publication in a newspaper in said county, notice to be published once a week for four (4) successive weeks and posted in five (5) public places in the county.

(3) Any taxpayer who may believe that such appraised value is less than the actual value of the property, may at any time before the day fixed for the sale of such property, file with the board of county commissioners written objections to such appraised value. When any such objection is filed it vacates the sale and the board of county commissioners must at once apply to the judge of the district court to have such property re-appraised. Upon such application the district judge shall appoint for such purpose three (3) disinterested persons whose appraisal must be made and filed with the county clerk and recorder, which new appraisal or re-appraisal shall be used in the next sale of such property. Such appraisers, when appointed by the district judge, and after filing their appraisal report with the county clerk and recorder, shall be allowed five dollars ($5.00) per day for each day necessarily employed in making such appraisal, and their necessary and actual expenses. No sale shall be made at public auction or to any school district without public auction of any property unless it has been appraised within three (3) months prior to the date of the sale, and no such sale shall be made for less than ninety per cent (90%) of the appraised value.

(4) If no bid or offer is made for any property offered for sale at public auction, after appraisal and notice given, as provided herein, the board of county commissioners may, at any time thereafter, sell such property at private sale, and may on such private sale accept as the purchase price therefor an amount not less than ninety per cent (90%) of the appraised value thereof. All deferred payments on the purchase price of any property sold, shall bear interest at the rate of six per cent (6%) per annum, payable annually and may be extended over a period of not more than five (5) years. If the property to be sold is reasonably of a value of less than one hundred dollars ($100.00), sale thereof may be had at either public or private sale, as in the discretion of the board of county commissioners, may appear to be to the best interests of the county. If it be at public sale, notice shall be given by posting in five (5) public places in the county at least five (5) days before the date of sale. No title to any property sold under the provisions hereof, shall pass from the county until the purchaser, or his assigns, shall have paid the full amount of the purchase price therefor, into the county treasury for the use and benefit of the county.

(5) Provided, however, if within one (1) year no immediate sale be had of real estate attempted to be sold under the provisions of this section, the board of county commissioners may make trades or exchanges of such real estate owned by the county for any other lands or real estate of equal value located within the same county.

(6) The funds derived from the sale in the discretion of the board of county commissioners may be credited to a construction reserve account and thereafter used for capital outlay for present or future construction of or an addition to a courthouse, or county jail or county hospital.

16-1633. Rural special improvement district revolving fund. The board of county commissioners of any county in the state which may hereafter create any rural special improvement district or districts for any purpose shall, in order to secure prompt payment of any special improvement district bonds or warrants issued in payment of improvements made therein, and the interest thereon as it becomes due, create, establish, and

maintain by resolution a fund to be known and designated as "Rural Special Improvement District Revolving Fund."

History: En. Sec. 1, Ch. 188, L. 1957.

Title of Act

An act relating to rural special improvement districts in counties; authorizing the creation, maintenance and use of a rural special improvement district revolving fund in any county for the purpose of securing prompt payment of rural special improvement district bonds and warrants and interest thereon, and requiring levy of taxes when necessary for the financial requirements of such fund; and repealing all acts and parts of acts in conflict herewith.

16-1634. Moneys for fund—tax levy. For the purpose of providing funds for such revolving fund the board of county commissioners

(1) may in its discretion, from time to time, transfer to the revolving fund from the general fund of the county such amount or amounts as may be deemed necessary, which amount or amounts so transferred shall be deemed and considered, and shall be, loans from such general fund to the revolving fund; and

(2) shall, in addition to such transfer or transfers from the general fund, or in lieu thereof, levy and collect for such revolving fund such a tax, hereby declared to be for a public purpose, on all the taxable property in such county as shall be necessary to meet the financial requirements of such fund, such levy, together with such transfer, not to exceed in any one year five per centum (5%) of the principal amount of the then outstanding rural special improvement district bonds and warrants.

History: En. Sec. 2, Ch. 188, L. 1957.

16-1635. Use of revolving fund—loans. (1) Whenever any rural special improvement district bond or warrant, or any interest thereon, shall hereafter become due and payable, and there shall then be either no money or not sufficient money in the appropriate district fund with which to pay the same, an amount sufficient to make up the deficiency may, by order of the board of county commissioners, be loaned by the revolving fund to such district fund, and thereupon such bond or warrant or such interest thereon shall be paid from the money so loaned or from the money so loaned when added to such insufficient amount, as the case may require.

(2) In connection with the issuance of rural special improvement district bonds or warrants, the board of county commissioners may undertake and agree to issue orders annually authorizing loans or advances from the revolving fund to the district fund involved in amounts sufficient to make good any deficiency in the bond and interest accounts thereof to the extent that funds are available, and may further undertake and agree to provide funds for such revolving fund pursuant to the provisions of section 2 [16-1634] of this act by annually making such tax levy (or, in lieu thereof, such loan from the general fund) as the board of county commissioners may so agree to and undertake, subject to the maximum limitations imposed by said section 2 [16-1634] of this act, which said undertakings and agreements shall be binding upon said county so long as any of said special improvement district bonds or warrants so offered, or any interest thereon, remain unpaid.

(1) It shall be the duty of all county, city and town treasurers to deposit all public moneys in their possession and under their control in any solvent bank or banks located in the county, city or town of which such treasurer is an officer, subject to national supervision or state examination as the board of county commissioners in the case of a county, or of the council in the case of a city or town, may designate, and no other. The treasurer shall take from such bank such security as the board of county commissioners, in the case of a county, or the council, in the case of a city or town, may prescribe, approve and deem fully sufficient and necessary to insure the safety and prompt payment of all such deposits, together with the interest on any time or savings deposits, provided that said board of county commissioners or city or town council is hereby authorized to deposit such public moneys not necessary for immediate use by such county, city or town with any bank authorized herein above in a time deposit as evidenced by certificates of deposit or deposits, which by agreement may not be withdrawn on less than thirty (30) days' notice by the said board of county commissioners, or city or town council; and provided that said board of county commissioners, or city or town council is hereby authorized to invest such public moneys not necessary for immediate use by such county, city or town, in direct obligations of the United States government, payable within not to exceed one hundred eighty (180) days from the time of such investment.

(2) Said board of county commissioners, city or town council may require security for only such portion of deposits as is not guaranteed or insured according to law. Such securities shall consist of bonds of some surety company authorized to do business in the state of Montana, or bonds guaranteed by such companies directly or indirectly, bonds and securities of the United States government and its dependents, bonds and warrants of the state of Montana or of any county, city, town or school district of Montana, Federal Land Bank bonds, bonds of other states and counties of other states, bonds of the Dominion of Canada, and Canadian Provinces, and other Canadian bonds guaranteed by the Canadian government or provinces thereof, personal bonds, as hereinafter provided, when accompanied by a sworn statement of the resources and liabilities of each of the sureties thereon, which shall be attached and made a part of the bond and bonds issued in the United States of America, which are quoted on the New York market, which shall be acceptable at not to exceed ninety per centum (90%) of such market quotation.

(3) When negotiable securities are furnished, such securities may be placed in trust and the trustee's receipt may be accepted in lieu of the actual securities when such receipt is in favor of the treasurer, his successors and the state of Montana, and the form of receipt and the trustee have been approved by the state examiner. All warrants or other negotiable securities must be properly assigned or endorsed in blank. It shall be the duty of the board of county commissioners in the case of county

funds, or the council in the case of funds of a city or town, upon the acceptance and approval of any of the above-mentioned bonds or securities, to make a complete minute entry of such acceptance and approval upon the record of their proceedings, and such bonds and securities shall be reapproved at least quarter annually thereafter.

(4) When more than one bank is available in any county, for the deposit of county funds, or in any city or town for the deposit of city or town funds, such deposits shall be distributed ratably among all of such banks qualifying therefor, substantially in proportion to the paid-in capital and surplus of each such bank willing to receive such deposits under the terms of this act, and it shall be the duty of said county, city or town treasurer to prorate all such deposits among all of the banks qualified to receive the same as in this act provided, to the end that an equitable distribution of such deposits shall be maintained.

(5) Whenever it shall come to the attention of the state examiner that the funds of any county, city or town are not properly distributed as provided in this act, the state examiner shall order the treasurer of such county, city or town to distribute said funds in accordance herewith, and if such treasurer shall refuse or neglect to comply with such order, it shall be the duty of the state examiner to institute proceedings against such treasurer at the cost of the county, city or town of which such treasurer is an officer, on the official bond of such treasurer. If no such bank exists in the county, city or town, or if any bank or banks existing therein fails or refuses to qualify under the terms of this act to receive such deposits, then and in such case, or in either of such cases, such moneys as have not been accepted by any bank or banks within said county, city or town, shall be deposited under the terms of this act, in the bank or banks most convenient to such county, city or town, willing to accept such deposits under the terms of this act, and qualified as above provided. Any bank or banks receiving such deposits, shall, through its president and cashier, make a statement quarter annually of account, under oath, showing all such moneys that have been deposited with such bank during the quarter, the amount of daily balance in dollars, and the amount of interest by such bank or banks credited or paid therefor, and showing that neither such bank nor any officer thereof, nor any person for it, has paid or given any consideration or emolument whatsoever to the treasurer or to any other person other than the interest provided for herein, for or on account of the making of such deposits, with any such bank. All such deposits shall be subject to withdrawal by the treasurer in such amounts as may be necessary from time to time, and no deposit of funds shall be made, or permitted to remain in any bank, until the security for such deposits shall have been first approved by the board of county commissioners in the case of county funds, or by the council in the case of city or town funds, and delivered to the treasurer.

(6) All interest paid and collected on such deposits or investments shall be credited to the general fund of the county, city or town to whose credit such funds are deposited. Where moneys shall have been deposited in accordance with the provisions of this act, the treasurer shall not be liable for loss on account of any such deposit that may occur

through damage by the elements or for any other cause or reason occasioned through means other than his own neglect, fraud, or dishonorable conduct.

(7) No personal bond shall be accepted except when such bond is for the purpose of renewing a personal bond now in effect, and from and after December 31, 1930, personal bonds shall not be considered as acceptable security; provided, further, that from and after the passage of this act, no new or additional deposit accounts shall be opened by any treasurer under any personal bond.

Before creating any metropolitan sanitary and/or storm sewer district the board of county commissioners shall pass a resolution of intention so to do, which said resolution shall designate:

(a) the proposed name of such district,

(b) the necessity for the proposed district,

(c) a general description of the territory or lands to be included within said district, giving the boundaries thereof,

(d) the general character of the sanitary and/or storm sewer system and its proposed location,

(e) the name of the engineer who is to have charge of the work, and

(f) the estimated cost thereof.

History: En. Sec. 1, Ch. 185, L. 1957.

Title of Act

An act relating to the creation of metropolitan sanitary and storm sewer districts to serve inhabitants of both cities and incorporated towns and rural areas within counties; to empower the county commissioners to create metropolitan sanitary districts with the consent of city or town councils for the purpose of constructing sanitary or storm sewer systems; providing for the levy and collection of special assessments to pay for the same; and to adequately maintain same and extend payment of installments over any period not exceeding twenty years; to provide for the issuance of special improvement warrants or bonds in such metropolitan sanitary or storm sewer districts; providing for the powers and duties of the county commissioners in respect thereto; and repealing chapter 292, Laws of 1947.

16-4402. City or town concurrence in resolution—notices. Upon passage of such resolution of intention, the board of county commissioners shall transmit a copy of the same to the executive head of any city or town within the proposed district for consideration by such city or town council, and if the city or town council shall by resolution concur in the resolution of the board of county commissioners a copy of the resolution of concurrence shall be transmitted to the board of county commissioners.

If the city or town council does not concur in the resolution of the board of county commissioners, the board shall have no authority to proceed further with the creation of the district. However, if the city or town council concurs in the resolution of the board of county commissioners, the board must give notice of the passage of its resolutions of intention, and of the concurrence therein by the city or town council, which notice must be published for ten consecutive days in a daily newspaper or in two issues of a weekly newspaper published nearest to the place where such improvement district is to be created, and shall also cause to be posted within the boundaries of such special improvement district, a copy of such notice in three public places, and a copy of such notice shall be mailed to every person, firm or corporation, or the agent of such person, firm or corporation owning property within the proposed district, at his last known place of residence upon the same day such notice is first published or posted.

Such notice must describe the general character of the improvement, or improvements, so proposed to be made, state the estimated cost thereof, and designate the time when, and the place where, the board of county commissioners will hear and pass upon all protests that may be made against the making or maintenance of such improvements, or the creation of such district, and the said notice shall refer to the resolution on file in the office of the county clerk for the description of the boundaries.

History: En. Sec. 2, Ch. 185, L. 1957.

16-4403. Protests and hearing. At any time within thirty days after the date of the first publication of the passage of the resolution or intention, any owner of property liable to be assessed for said work may make written protest against the proposed work. Such protest must be in writing and be delivered to the county clerk, who shall endorse thereon the date of the receipt by him. At the next regular meeting of the board of county commissioners, after the expiration of the time within which said protest may be so made, the board of county commissioners shall proceed to hear and pass upon all protests so made, and its decision shall be final and conclusive; provided, however, if the protest against the proposed work is made by the owners of more than fifty per cent of the area in the proposed district, no further proceedings shall be taken by the board of county commissioners.

In determining whether or not sufficient protests have been filed in the proposed district to prevent further proceedings therein, property owned by the city, county, and school districts shall be considered the same as any other property in the district. The board of county commissioners may adjourn said hearing from time to time.

History: En. Sec. 3, Ch. 185, L. 1957.

16-4404. Resolution creating district. When no protests have been delivered to the county clerk within thirty days after the date of the first publication of the notice of the passing of the resolution of intention, or when a protest shall have been found by said board of county commissioners to be insufficient, or shall have been overruled, immediately thereupon the board of county commissioners shall be deemed to have acquired jurisdiction to order improvements, but before ordering any of the said proposed improvements, the board of county commissioners shall pass a resolution creating the said metropolitan sanitary and/or storm sewer district in accordance with the resolution of intention theretofore introduced and passed by the board of county commissioners.

History: En. Sec. 4, Ch. 185, L. 1957.

16-4405. Description. Whenever any lot, piece or parcel of land belonging to the United States or mandatory of the government shall front upon the proposed work or improvement, or is to be included within the district declared by the board of county commissioners in its resolution of intention to be a district to be assessed to pay the cost and expenses thereof, the said board of county commissioners shall in the resolution of intention declare that the said lots, pieces or parcels of land or any of them shall be omitted from the assessment thereto to be made to cover the cost and expenses of said work or improve-

ment, and the cost of said work or improvement in front of said lots, pieces or parcels of land shall be paid by the county from its general fund.

History: En. Sec. 6, Ch. 185, L. 1957.

16-4407. Method of assessment. To defray the cost of installing and maintaining either sanitary or storm sewer systems under the provisions of this act, the board of county commissioners shall adopt the following method of assessment: The board of county commissioners shall assess the entire cost of the improvements against the entire metropolitan sanitary district, and each lot or parcel of land assessed in such district is to be assessed with that part of the whole cost which its area bears to the area of the entire district, exclusive of streets, avenues, alleys and public places.

History: En. Sec. 7, Ch. 185, L. 1957.

16-4408. Cost of making improvements in special improvement districts—resolution, levy, and assessment. To defray the cost of making improvements in any special improvement district, the board of county commissioners shall, by resolution, levy and assess a tax upon all property in the district created for such purpose, by using for a basis for such assessment the method provided for by this act. Such resolution shall contain a description of each lot or parcel of land, with the name of the owner, if known, and the amount of each partial payment, when made, and the day when the same shall become delinquent. The payment of the assessment to defray the cost of constructing any improvements in said metropolitan sanitary and/or storm sewer districts may be spread over a term of not to exceed twenty (20) years, payment to be made in equal installments.

History: En. Sec. 8, Ch. 185, L. 1957.

16-4409. Resolution—notice—hearing. Such resolution, signed by the chairman of the board of county commissioners, shall be kept on file in the office of the county clerk, and a notice signed by the county clerk, stating that the resolution levying a special assessment to defray the cost of making such improvements is on file in the office of the county clerk, subject to inspection, shall be published in at least one publication in a newspaper published nearest to where the special improvement is to be made. Such notice shall state the time and place in which objections to the final adoption of such resolution will be heard by the board of county commissioners, and the time for such hearing shall be not less than five days after the publication of such notice. At the time so fixed, the board of county commissioners shall meet and hear all such objections, and for that purpose may adjourn from day to day and may by resolution modify such assessment in whole or in part. A copy of such resolution, certified by the county clerk, must be delivered to the county treasurer two days after its passage.

History: En. Sec. 9, Ch. 185, L. 1957.

16-4410. Assessments as lien. Any special assessment made and levied to defray the cost and expenses of any of the work enumerated in this act, together with any percentages imposed for delinquency and for

cost of collection, shall constitute a lien upon and against the property upon which such assessment is made and levied, and from and after the date of the passage of the resolution levying such assessment, which lien can only be extinguished by payment of such assessment, with all penalties, costs and interest.

History: En. Sec. 10, Ch. 185, L. 1957.

The commission shall be responsible for the proper functioning and maintenance thereof, and for the condition and maintenance of all publicly owned streets, alleys, land, parks or other thoroughfares within the boundaries of such district insofar as such may be affected by the construction or maintenance of the structures under control and jurisdiction of such district.

Title of Act

An act to provide for the incorporation and organization and management of county water districts; to provide for the acquisition of water-rights or construction thereby of water-works; and for the acquisition of all property necessary therefor; and also to provide for the distribution and sale of water by said districts; providing for severability and an effective date.

16-4502. Organization of county water districts. The people of any county, or portion of a county, or city and county, whether such portion includes unincorporated territory or not, in the state of Montana, having a population of not less than three hundred (300) inhabitants, may organize a county water district under the provisions of this act by proceeding as herein provided.

History: En. Sec. 2, Ch. 242, L. 1957.

16-4503. Petition—boundaries of district—publication. A petition, which may consist of any number of separate instruments, shall be presented at a regular meeting of the board of commissioners of the county in which the proposed water district is located, signed by the registered voters within the boundaries of the proposed water district, equal in number to at least ten per centum (10%) of the registered voters of the territory included in such proposed water district. Such petition shall set forth and describe the proposed boundaries of such water district, and shall pray that the same be incorporated under the provisions of this act,

and the text of such petition shall be published for ten (10) consecutive days in a daily newspaper or in two (2) issues of a weekly newspaper printed and published in such county, together with a notice stating the time of the meeting at which same will be presented. The first publication shall be at least two (2) weeks before the time at which the petition is to be presented. When contained upon more than one (1) instrument, one (1) copy only of such petition need be published. No more than five of the names attached to said petition need appear in such publication of said petition and notice, but the number of signers shall be stated.

16-4504. Time of consideration—final hearing. With such publication there shall be published a notice of the time of the meeting of the board when such petition will be considered and that all persons interested therein may then appear and be heard. At such time the board of commissioners shall hear the petition and those appearing thereon together with such written protests as shall have been filed with the county clerk and recorder prior to such hearing by or on behalf of owners of taxable property situated within the boundaries of the proposed district and may adjourn such hearing from time to time, not exceeding four (4) weeks in all. No defect in the contents of the petition or in the title to or form of the notice or signatures, or lack of signatures, thereto shall vitiate any proceedings thereon, provided such petition or petitions have a sufficient number of qualified signatures attached thereto. On the final hearing said board shall make such changes in the proposed boundaries as may be deemed advisable and shall define and establish such boundaries, but said board shall not modify said boundaries as to exclude from such proposed district any territory which would be benefited by the formation of such district; nor shall any lands which will not, in the judgment of said board, be benefited by such district be included within such proposed district. Any person whose lands are benefited by such district may upon his application, in the discretion of said board, have such lands included within said proposed district.

Such determination shall be entered upon the minutes of said board of commissioners. A finding of the board of commissioners in favor of the genuineness and sufficiency of the petition and notice shall be final and conclusive against all persons except the state of Montana upon suit commenced by the attorney general. Any such suit must be commenced within one (1) year after the order of the board of commissioners declaring such district organized as herein provided, and not otherwise. Upon the final determination of the boundaries of the district the board of commissioners shall give notice of an election

to be held in said proposed water district for the purpose of determining whether or not the same shall be incorporated, the date of which election shall be not more than sixty (60) days from the date of the final hearing of such petition. Such notice shall describe the boundaries so established and shall state the proposed name of the proposed incorporation (which name shall contain the words "———— county water district"), and this notice shall be published for ten (10) consecutive days in a daily newspaper or in two (2) issues of a weekly newspaper printed and published in said county. And the election thereupon shall be conducted, the vote canvassed and the result declared in the same manner as provided by law in respect to general elections, so far as they may be applicable, except as in this act otherwise provided. No person shall be entitled to vote at any election under the provisions of this act unless such person possesses all the qualifications required of electors under the general election laws of the state, and is the owner of taxable real property situated within the boundaries of the proposed district. Within four (4) days after such election the vote shall be canvassed by the board of commissioners. If a majority of the votes cast at such election in each municipal corporation or part thereof and in the unincorporated territory included in such proposed water district shall be in favor of organizing such county water district, said board shall by an order entered on its minutes declare the territory enclosed within the proposed boundaries duly organized as a county water district under the name theretofore designated, and the county clerk shall immediately cause to be filed with the secretary of state and shall cause to be recorded in the office of the county recorder of the county in which such district is situated, each, a certificate stating that such a proposition was adopted. A copy of such certificate shall be transmitted to and filed with the county clerk of the county in which such county water district is situated. From and after the date of such certificate, the district named therein shall be deemed incorporated as a county water district, with all the rights, privileges and powers set forth in this act and necessarily incident thereto. No irregularities or informalities in conducting such election shall invalidate the same, if the election shall have otherwise been fairly conducted. In all respects not otherwise provided for herein, said election shall be called, managed and directed as is by law provided for general elections in this state applicable thereto, except as herein otherwise provided.

History: En. Sec. 21, Ch. 242, L. 1957.

16-4522. Two-thirds vote necessary. If from such returns it appears that more than two thirds of the votes cast at such election were in favor of and assented to the incurring of such indebtedness, then the board of directors may, by resolution, at such time or times as it deems proper, provide for the form and execution of such bonds and for the issuance of any part thereof, and may sell or dispose of the bonds so issued at such times or in such manner as it may deem to be to the public interest.

History: En. Sec. 22, Ch. 242, L. 1957.

16-4523. Value of bonds issued. Any bonds issued by any district organized under the provisions of this act are hereby given the same force, value and use as bonds issued by any municipality and shall be exempt from all taxation within the state of Montana.

History: En. Sec. 23, Ch. 242, L. 1957.

16-4524. Power to construct works across streets, etc.—right of way through state lands. The board of directors shall have power to construct works across any stream of water, watercourse, street, avenue, highway, railway, canal, ditch or flume which the route of said works may intersect or cross; provided, such works are constructed in such manner as to afford security for life and property, and said board of directors shall restore the crossings and intersections to their former state as near as may be, or in manner not to have impaired unnecessarily their usefulness. The right of way is hereby given, dedicated and set apart to locate, construct and maintain said works over and through any of the lands which are now or may be the property of this state, and to have the same rights and privileges appertaining thereto as have been or may be granted to the municipalities within the state.

16-4526. Rate to pay operating expenses. The board of directors in the furnishing of water shall fix such rate as will pay the operating expenses of the district, provide for repairs and depreciation of works owned or operated by it, pay the interest on any bonded debt, and, so far as possible, provide a sinking or other fund for the payment of the principal of such debt as it may become due; it being the intention of this section to require the district to pay the interest and principal of its bonded debt from the revenues of the district.

History: En. Sec. 26, Ch. 242, L. 1957.

16-4527. Commissioners to levy water taxes. If, from any cause, the revenues of the district shall be inadequate to pay the interest or principal of any bonded debt as it becomes due or any other expenses or claims against the district, then the board of directors must, at least fifteen (15) days before the first day of the month in which the board of commissioners of the county, or city and county, in which such water district is located, is required by law to levy the amount of taxes required for county or city and county purposes, furnish to the board of commissioners and to the auditor, respectively, an estimate in writing of the minimum amount of money required by the district for the payment of the principal or interest on any bonded debt as it becomes due, together with a description of the lands benefited thereby, as stated by the board of directors in the resolution declaring the necessity to incur such bonded indebtedness, and also of the minimum amount of money required by the district for any other purpose in this section set forth, and the board of commissioners of such county or city and county must annually, at the time and in the manner of levying other county or city and county taxes and until any such bonded debt is fully paid, levy upon the lands so benefited and cause to be collected, a tax sufficient for the payment thereof to be known as the "_____ county water district bond tax"; and until all other expenses or claims are fully paid, levy upon all of the lands of the district and cause to be collected a tax sufficient for the payment thereof to be known as the "_____ county water district water tax."

When the minimum amount of money required for any purpose in this section enumerated has been determined, each lot or parcel of land to be assessed shall be assessed with that part of the amount of money required which its area bears to the total area of all of the lands to be assessed; or where the water district is located more than one (1) mile from the boundary of an incorporated city or town, said assessment may, at the option of the board of county commissioners, be based upon the assessed value of the lots or parcels of land within said district.

History: En. Sec. 27, Ch. 242, L. 1957.

16-4528. Levy and collection of tax. Such taxes for the payment of any such bonded debt shall be levied on the property benefited thereby, as stated by the board of directors in the resolution declaring the necessity therefor, and all taxes for other purposes shall be levied on all property in the territory comprising the district. All such taxes shall be collected at the same time and in the same manner and form as county taxes are collected, and when collected shall be paid to the district for which such taxes were

levied and collected. Such taxes, if for the payment of a bonded debt, shall be a lien on all the property benefited thereby, as so stated in the resolution of the board of directors aforesaid, and all taxes for other purposes shall be a lien on all the property in the territory comprising the district; and said taxes, whether for the payment of a bonded indebtedness or for other purposes, shall be of the same force and effect as other liens for taxes, and their collection shall be enforced by the same means as provided for in the enforcement of liens for state and county taxes.

History: En. Sec. 28, Ch. 242, L. 1957.

16-4529. Initiative. Ordinances may be passed by the electors of any county water district organized under the provisions of this act in accordance with the methods provided by the general laws of the state for direct legislation applicable to cities and towns.

History: En. Sec. 30, Ch. 242, L. 1957.

16-4531. Adding to district. Any portion of a county or any municipality, or both, may be added to any county water district organized under the provisions of this act, at any time, upon petition presented in the manner therein provided for the organization of such water district, which petition may be granted by ordinance of the board of directors of such water district. Such ordinance shall be submitted for adoption or rejection to the vote of the electors in such water district and in the proposed addition, at a general or special election held as herein provided, within seventy (70) days after the adoption of such ordinance. If such ordinance is approved, the president and secretary of the board of directors shall certify that fact to the secretary of state and to the county recorder of the county in which such water district is located. Upon the receipt of such last mentioned certificate the secretary of state shall, within ten (10) days, issue his certificate, reciting the passage of said ordinance and the addition of said territory to said district. A copy of such certificate shall be transmitted to and filed with the county clerk of the county in which such county water district is situated. From and after the date of such certificate the territory named therein shall be deemed added to and form a part of said county water district, with all the rights, privileges and powers set forth in this act and necessarily incident thereto.

History: En. Sec. 31, Ch. 242, L. 1957.

16-4532. Definitions. Nothing in this act shall be so construed as repealing or in any wise modifying the provisions of any other act relating to water or the supply of water to, or the acquisition thereof by counties or municipalities within this state. The term "municipality,"

as used in this act, shall include a consolidated city and county, city or town, and shall be understood and so construed as to include, and is hereby declared to include, all corporations heretofore organized and now existing and those hereafter organized for municipal purposes within such water districts. The term "county" shall be understood and construed to include "city and county." In municipalities in which there is no mayor the duty imposed upon said officer by the provisions of this act shall be performed by the president of the board of trustees or other chief executive of the municipality. The word "district" shall apply, unless otherwise expressed or used, to a water district formed under the provisions of this act, and the word "board" and the words "boards of directors" shall apply to the board of directors of such district.

History: En. Sec. 32, Ch. 242, L. 1957.

16-4533. Exclusion of territory—petition—contents—duties of secretary—hearing—order excluding lands. Any territory, included within any county water district formed under the provisions of this act, and not benefited in any manner by such district, or its continued inclusion therein, may be excluded therefrom by order of the board of directors of such district upon the verified petition of the owner or owners in fee of lands whose assessed value, with improvements, is in excess of one-half of the assessed value of all the lands, with improvements, held in private ownership in such territory. Said petition shall describe the territory sought to be excluded and shall set forth that such territory is not benefited in any manner by said county water district or its continued inclusion therein, and shall pray that such territory may be excluded and taken from said district. Such petition shall be filed with the secretary of the water district and shall be accompanied by a deposit with such secretary of the sum of one hundred dollars ($100.00), to meet the expenses of advertising and other costs incident to the proceedings for the exclusion of such territory, including the cost of recording a certified copy of the order hereinafter provided for, any unconsumed balance to be returned to the petitioner. Upon the filing of such petition with the secretary of the water district he shall call a meeting of the board of directors of the district at a time not less than twenty-five (25) days nor more than fifty (50) days after the filing of the petition and cause a notice of the filing of such petition to be published for ten (10) consecutive days in a daily newspaper or in two (2) issues of a weekly newspaper within said district, if there be one, and if not, in some newspaper of general circulation published in the county in which the district is situated. Such notice shall also state the date of the filing of such petition and that the same will come on for hearing before the board of directors of the district and shall state the time of the hearing and the place thereof, which shall be the regular meeting place of the board of directors of the district; provided, that the board may adjourn the hearing to a more convenient meeting place within the district. Any landowner or taxpayer within the district shall have the right to appear at said hearing, either in behalf of or in opposition to the granting of said petition. Said petition shall come on for hearing before the board of directors of the district at the time and place specified in the notice of hearing. If upon such hearing the board

of directors determines that it is for the best interests of the district that the lands mentioned in the petition, or some portion thereof, be excluded from the district, or if it appears that such lands, or some portion thereof, will not be benefited by their continued inclusion in the district, then the board of directors shall make an order that such lands, or such portion thereof, be excluded from the district, such order to describe specifically the lands so excluded. From the time of the making of such order the lands so excluded shall be deemed to be no longer included in the district, but such order of exclusion shall not be taken to invalidate in any manner any taxes or assessments theretofore levied or assessed against the lands so excluded. A copy of such order of exclusion, certified to by the secretary of the district, shall be recorded in the office of the county recorder of the county in which the district is situated and the record of such certified copy shall be deemed prima facie evidence of the exclusion from the district of the lands purporting to be excluded thereby.

History: En. Sec. 33, Ch. 242, L. 1957.

16-4534. Directors may institute proceedings for exclusion—hearing—referendum. The board of directors of any county water district formed under the provisions of this act may itself initiate the proceedings for the exclusion from the district of any land or lands which it may not be for the best interests of the district to be included, or which may not be benefited in any manner by their continued inclusion therein. Such proceedings shall be initiated by the board of directors by the passage of a resolution requiring all persons interested to appear and show cause before the board of directors, at a time and place specified, why such lands, describing them, should not be excluded from the district and fixing a time and place for such hearing and directing the secretary of the district to give notice of the passage of such resolution and of such hearing. Upon the passage of such resolution the secretary of the district shall give notice thereof and of the time and place of such hearing in the manner hereinbefore prescribed for notice of hearing upon petition by a landowner or landowners, and thereafter all proceedings shall be had in the manner and with the effect herein provided for proceedings upon a petition by a landowner or landowners. The time of hearing fixed by the board of directors by its resolution hereinbefore mentioned shall be not less than twenty-five (25) days nor more than fifty (50) days after the passage of such resolution and the place of hearing so fixed shall be a convenient place within the district; provided that the final action of the board of directors under this section shall be subject to the referendum by the electors of the water district according to section 30 [16-4530] of this act.

History: En. Sec. 34, Ch. 242, L. 1957.

Separability Clause

Section 35 of Ch. 242, Laws 1957 read "Every section of this act and every part of each section is hereby declared to be independent of each other, and the holding of any section or part hereof to be void or ineffective for any cause shall not be deemed to affect any other section or part hereof."

Effective Date

Section 36 of Ch. 242, Laws 1957 provided the act should be in effect from and after its passage and approval. Approved March 13, 1957.

TITLE 17—DAMAGES AND RELIEF

CHAPTER 3—MEASURE OF DAMAGES

17-310. (8676) Breach of agreement to pay for personal property sold.

CHAPTER 8—SPECIFIC RELIEF—PERFORMANCE OF OBLIGATIONS

17-803. (8716) No remedy unless mutual.

Operation and Effect

Vendee of a contract for the sale of mining property cannot compel specific performance by the vendor, where the contract called for the vendee to deposit a specific amount of cash in the bank, and the vendee had not done so. Sidwell v. The New Mine Sapphire Syndicate, — M —, 297 P 2d 299, 303. (Dissenting opinion, — M —, 297 P (2d) 299, 303.)

17-809. (8722) What parties cannot have specific performance, etc.

Operation and Effect

Vendee of a contract for the sale of mining property cannot compel specific performance by the vendor, where the contract called for the vendee to deposit a specific amount of cash in the bank and he had not done so. An allegation in the complaint that the vendee had deposited a substantial sum in the bank was not sufficient since the contract called for a specific amount. Sidwell v. The New Mine Sapphire Syndicate, — M —, 297 P 2d 299, 303. (Dissenting opinion, — M —, 297 P 2d 299, 303.)

CHAPTER 9—SPECIFIC RELIEF—REVISION AND RESCISSION OF CONTRACTS

17-901. (8726) When contract may be revised.

Operation and Effect

Where a landowner, induced by the fraud of the person with whom he was contracting, assigned a 1/32 royalty interest instead of an undivided 1/32 interest in and to minerals under and upon his lands, the assignment will be reformed, amended, and corrected by the courts to correctly embody the agreement of the parties. TITLE 21—DIVORCE

CHAPTER 1—DISSOLUTION OF MARRIAGE—DIVORCE

21-118. (5750) Divorces denied, on showing what.

Recrimination

The doctrine of recrimination is that if both parties have a right to divorce, neither party has. The principle is of ancient origin and reached back to the Mosaic Code and beyond. Although the Roman law did not allow divorce yet some legal historians trace the rule back to the "compensatio criminum" of the Roman law relating to property settlements. The ecclesiastical courts of England adopted the principle from the canon law and then injected it into proceedings for separation from bed and board. Bissell v. Bissell, — M —, 284 P 2d 264, 270.

It is not an absolute but a qualifying doctrine. If it were to be applied strictly great inequity would be done, for it so often happens that neither party to a suit has been free from fault. Bissell v. Bissell, — M —, 284 P 2d 264, 271.

When the record clearly shows "the legitimate objects of the marriage have been destroyed" then the parties are entitled to have the marriage dissolved. No public policy would be served by denying a divorce because each party was guilty of extreme cruelty toward the other. Bissell v. Bissell, — M —, 284 P 2d 264, 271.

21-128. (5760) Recrimination, what constitutes.

Recrimination

It is not an absolute but a qualifying doctrine. If it were to be applied strictly great inequity would be done, for it so often happens that neither party to a suit has been free from fault. Bissell v. Bissell, — M —, 284 P 2d 264, 271.

21-134. (5766) Period of residence required to entitle plaintiff, etc.

References

Cited or applied in Mortenson v. Mortenson, — M —, 285 P 2d 834, 836.

21-137. (5769) Expenses of action—alimony.

Attorney's Fees

This section does not authorize attorney fees in an action to modify the custody provisions of a decree after the divorce decree has become final. Wilson v. Wilson, — M —, 278 P 2d 219, 224, overruling McDonald v. McDonald, 124 M 26, 218 P 2d 929. (Dissenting opinions, — M —, 278 P 2d 219, 225, 226.)

The state legislative assembly saw fit to make and provide a specific exception to the general principle that ordinarily one party to a suit may not be called upon to pay the litigation expenses of his adversary by empowering the courts to make allowances therein to the wife for counsel fees, but only while such action for divorce is pending. Wilson v. Wilson, — M —, 278 P 2d 219, 222.

Expenses of Action

Upon timely and proper application made in advance of the performance of the professional services and the incurring of expenses rested within the discretion of the trial court to grant expense money regardless of whose acts and conduct were responsible for the granting of the divorce. Bissell v. Bissell, — M —, 284 P 2d 264, 269.

21-138. (5770) Orders respecting custody of children.

Attorney's Fees

This section does not authorize attorney fees in an action to modify the custody provisions of a decree after the divorce decree has become final. Wilson v. Wilson, — M —, 278 P 2d 219, 224, overruling McDonald v. McDonald, 124 M 26, 218 P 2d 929. (Dissenting opinions, — M —, 278 P 2d 219, 225, 226.)

Custody of Children

The statutes expressly invest the trial judge with much discretion regarding the custody of children. Wilson v. Wilson, — M —, 278 P 2d 219, 222.

Operation and Effect

An order by a California court which modified a prior California divorce decree

and awarded custody of minor children to the father was void because it was made without jurisdiction where it was shown that the children were domiciled in Montana with their mother, even though the mother made a general appearance in the California court to contest the modification. Where the minor's domicil is not within the jurisdiction at the time, the "res" likewise is not within the jurisdiction. The courts may not proceed even with both parents before it. A minor has a juristic status of his own to which it is difficult indeed to deny recognition when his custody is the question before the court, and even though the contest is between his parents, who themselves have submitted to the jurisdiction of the court. For he is the real party in interest in any such case as is evidenced by the familiar rule that in awarding his custody the paramount inquiry is always his welfare and best interests. Application of Enke, — M —, 287 P 2d 19, 24.

21-139. (5771) Support of wife and children on divorce, etc.

23-608. (594) Clerks to mail to judges notices of election—form of notices. The clerks of the several boards of county commissioners must, at least twenty (20) days before any general election, make and forward by mail to such judge or judges as are designated by the county commissioners, three written notices for each precinct, said notices to be substantially as follows:

Amendment

The 1957 amendment substituted "8:00 A. M. and continuing open until 8:00 P. M." for "8 o'clock in the morning and continuing open until 6 o'clock in the afternoon."

23-612. Instructions of judges of elections. Before each election, general or primary, all judges appointed to act at said election, who do not possess a certificate of instruction as provided for in this act, shall be instructed by a person delegated by the board of county commissioners in regard to the powers, duties, and liabilities imposed upon election judges by the election laws of the state of Montana. For the purpose of giving such instruction, the delegate of the board of county commissioners shall call such meeting or meetings of the judges of election as shall be necessary. Each judge of election shall attend such meeting or meetings and receive at least two (2) hours of instruction, and as compensation for the time spent in receiving such instruction, each judge that shall serve in the election shall receive the sum of one dollar ($1.00) per hour of instruction, to be paid to him at the same time and in the same manner as compensation is paid to him for his or her services on election day.

Upon the completion of the two (2) hours of instruction, the judge shall receive a certificate from the person delegated by the board of county commissioners from whom he or she received instruction, that the instruction has been completed, provided that no certificate of instruction

shall be valid for a period of greater than two (2) years. No person shall serve as a judge of election unless this certificate has been received, provided, however, that this shall not prevent the appointment of a judge of election to fill a vacancy in an emergency. Notice of place and time of instruction of the political judges must be given by the board of county commissioners to the county chairmen of the two major political parties in the county.

Whenever beaver have increased in number to such an extent that in the judgment of the state fish and game commission the number of such beaver should be reduced, the commission shall have the authority to declare an open season on beaver under such rules and regulations as it shall prescribe; provided, however, that nothing herein contained shall authorize trapping on privately owned or leased lands, except with the approval of the landowner or lessee, or as hereinafter provided.

The state fish and game director may issue a permit to any bona fide owner or lessee of real estate which is being actually and materially damaged by beaver, to trap beaver on his own or leased premises only, and provided that the director shall, when issuing the permit mentioned, designate therein the maximum number of beaver that may be trapped under such permit. The fee for such permit shall be five dollars ($5.00). All applications for beaver permits shall be filed with the state fish and game director, between the dates of May first and September thirtieth of each year. The term "premises" shall be construed to include any irrigation ditch or right of way appurtenant to the land for which said license or permit is issued.

That the state fish and game director shall in person or, by warden, examine the premises and investigate the alleged damage by beaver before issuing a license or permit.

Any person trapping beaver under a license or permit of the state fish and game director shall properly care for all skins of beaver taken thereunder and as soon as cured shall send to the state fish and game warden residing in this county, or in event of such warden being absent or unable to act, then to the nearest warden from the place of the trapper's residence, and send to such officer an affidavit giving his name, residence, license or permit number, the date and place of capture, with the number so captured, together with fifty cents (50¢) for each skin, and if such officer is satisfied of the legal taking of the same, he shall thereupon immediately forward such affidavit with the money, and a report, to the state fish and game director, and upon the receipt thereof the state fish and game director shall forward to such warden numbered metal tags sufficient in number for one to be attached to each skin covered by the

affidavit; upon receipt of such tags the warden shall so attach them to the skins.

Any person who shall receive or bring into from without the state any beaver skin or skins duly tagged with a distinctive numbered metal tag of another state, shall report their arrival within ten (10) days to the state fish and game director and furnish an affidavit setting forth the number of skins, the date of receipt, the name and address of the person from whom procured, the manner or method of transportation into the state, and the numbers designated on the tags, and the name of the state so tagging the same, and the same shall be accompanied by a fee of fifty cents (50¢), and it shall not be necessary for such skins to be retagged with a Montana tag, nor any other fees paid therefor.

The state fish and game director shall keep a record of all skins so reported.

Each metal tag shall remain attached to the beaver skin to which it was originally affixed until it is dressed and manufactured into an article of commerce, or it shall accompany any skin shipped or transported out of the state. It shall be a misdemeanor, punishable as hereinafter provided, to remove a tag from such skins, to duplicate or reproduce such tags for fraudulent purposes or use contrary to the provisions of this act, or to misuse any tag detached from the skin to which it was originally attached.

Beaver skins taken within the state under permit, and those coming from without the state, tagged as herein provided may be possessed, bought, sold or transported at any time within the state of Montana, but no beaver skin or skins may be exported in any manner from the state without the shipper first obtaining an export or shipping permit from the state fish and game director, which may be issued upon application showing the kind and number of the metal tags on said skins and the payment of a fee of sixty cents (60¢) for the permit for each shipment.

Any package offered for transportation from the state which contains a beaver skin or skins shall be clearly marked on the outside thereof with the names and addresses of the consignor and consignee, the number and kind of skins contained therein, and the number of the shipping permit.

Any person who shall violate any of the provisions of this section shall be guilty of a misdemeanor, and upon conviction shall be punished as provided by section 26-324. Any beaver skin or skins taken or found in this state or which have been shipped out of this state except as specifically permitted by this section are being hereby declared contraband and shall be seized by the state fish and game director, warden or other officer authorized to enforce the provisions of this act. All skins so seized shall be marked or tagged for identification and sold by the state fish and game director at public auction in the state of Montana, after advertising at least fifteen (15) days prior to the date of sale, and the proceeds therefrom turned into the state treasury to be credited to the fish and game fund.

Beaver trapping permits issued under the provisions of this act shall expire June first of each year and all beaver skins taken thereunder and not reported and tagged according to the provisions of this section prior

to July first following, shall be subject to seizure and sale as herein provided.

MONTANA REVISED CODES

TITLE 28—FORESTS AND FORESTRY

Chapter 1. State board of forestry—forest conservation and fire protection, 28-103, 28-109, 28-119.
4. Disposal of slashings and forest debris, 28-402.
6. Protection and conservation of forest and farm resources by county commissioners, 28-603.

CHAPTER 1—STATE BOARD OF FORESTRY—FOREST CONSERVATION AND FIRE PROTECTION

Section 28-103. Definitions.
28-109. Duty of owner of classified forest land.
28-119. Sawdust piles—restriction.

28-103. Definitions. Organized forest protection district is defined as a definite forest land area, the boundaries of which are fixed, and wherein, through the medium of an agency recognized by the board, the forest land owners, whether state, county, municipal or private, pay the actual cost of fire protection and fire suppression on a pro-rata basis for acreage owned within the district.

Fire district is defined as a subdivision of an organized forest protection district, or a forest area outside the boundaries of an organized forest protection district, but adjacent thereto and which can be made a part thereof.

Recognized agency is defined as an association of owners of forest lands in an organized forest protection district, organized for the purpose of providing forest protection and fire suppression in such district and financed by the owners in said district, and recognized by the board as giving adequate fire protection to such forest lands in accordance with rules and regulations prescribed by the board. Any public agency administering and protecting forest lands may also be recognized by the board as such an agency.

Forest fire season is defined as the period of each year beginning on May first and ending on September thirtieth, inclusive; provided, however, that in the event of excessive or great fire danger, the board may expand the said season within any district, or in any part thereof, for not more than sixty (60) extra days, and when so expanded the board shall give such public notice thereof as it may deem necessary.

Forest protection is defined as the work of prevention, detection and suppression of fire in forest material or on forest land.

Owner is defined as the person, firm, association or corporation having the actual, beneficial ownership of forest land, or timber, other than an easement, right-of-way, or mineral reservation.

History: En. Sec. 3, Ch. 128, L. 1939; amd. Sec. 1, Ch. 216, L. 1955.

Amendment

The 1955 amendment deleted from the beginning of this section an introductory statement which read "The following words and phrases used in this act are hereby defined:" and in the paragraph defining "Forest fire season" increased the period of time the board may expand for the fire season from 30 to 60 extra days.

28-109. Duty of owner of classified forest land. Every owner of forest land classified as such by the board is hereby required to furnish protection against the starting or existence, and to suppress the spread, of fire on such land during the full period of each forest fire season defined by this act. Such protection and suppression shall be in conformity with reasonable rules and standards for adequate fire protection to be prescribed by the board. If such owner does not provide for such protection and suppression, said board may provide the same, at a cost of not less than one cent (1c) or more than eight (8c) cents per acre per annum, and in the event thereof, the owner of such land shall pay to the county treasurer of the county in which such land is situated, the charge for the same approved by the board, in accordance with the provisions of this act; provided, that for the purposes of this section, any legal subdivision of not more than one hundred sixty (160) acres of forest land classified as such by the board, to be designated by the owner, shall be deemed by the board to be protected by the owner if more than one-half (½) thereof is within the radius of one (1) mile of a permanent habitation occupied throughout the fire season either by the owner or by someone under the owner's direction, and provided further that the starting, existence and spread of fire on said designated legal subdivision, without immediate and reasonable measures for suppression being taken by said owner or under his direction, shall be prima facie evidence that protection is not being furnished by said owner, and the board shall thereupon provide protection and suppression in accordance with the provisions of this section.

History: En. Sec. 9, Ch. 128, L. 1939; amd. Sec. 2, Ch. 141, L. 1941; amd. Sec. 1, Ch. 188, L. 1955.

Effective Date

Section 2 of Ch. 188, Laws 1955 provided the act should be in effect from and after its passage and approval. Approved March 4, 1955.

28-119. Sawdust piles—restriction. No sawmill located within or contiguous to forest lands shall accumulate in one pile, sawdust in excess of an amount resulting from the sawing of five hundred thousand (500,000) feet log scale of saw logs, provided, however, that a larger sawdust pile may be accumulated when there is no reasonable danger of fire therefrom and a permit for the additional accumulation is granted by the state forester. Each sawdust pile so accumulated shall be prepared for burning by cribbing the base of each pile with slabs and burned in accordance with regulations issued by the board of forestry.

History: En. Sec. 19, Ch. 128, L. 1939; amd. Sec. 1, Ch. 222, L. 1955.

CHAPTER 4—DISPOSAL OF SLASHINGS AND FOREST DEBRIS

Section 28-402. Disposal of slashings.

28-402. (2778.6) **Disposal of slashings.** Every person, firm or corporation, hereinafter called the operator, who shall hereafter, for commercial purposes, cut any timber, logs, trees, posts, ties, poles, cordwood, pulpwood or any other forest product upon any lands within the state of Montana, shall remove any forest fire hazard to the property of others that may be created by the slashings, or other forest debris incident to such cutting operations. Provided, however, that an expenditure in excess of seventy-five cents (75c) for each one thousand (1,000) feet log scale, or the equivalent thereof if products other than logs are cut, shall not be required. Slash and debris will be disposed of during the cutting operations or as soon thereafter as is practical. Provided, however, that any fire hazard to the property of others created by said slash and debris shall under no conditions be allowed to remain for more than eighteen (18) months in any portion of the cutting area except with written permission of the state forester. If and when the operator has satisfactorily disposed of said slash or debris in accordance with the law and the rules and regulations of the state board of forestry he will be so notified, in writing, by the state forester.

Any operator, as defined herein, may elect to have said slash and debris, incident to his cutting operations treated, protected or disposed of by the state forester under the rules and regulations of the state board of forestry. Said operator will deposit with the state forester the estimated costs of such disposal at such times and in such amounts as the state forester may direct, but in no event shall such deposit or payment exceed, in the aggregate, an amount equal to seventy-five cents (75c), multiplied by the number of thousand of feet log scale cut from the forest area involved. The state forester will refund to said operator all sums deposited over and above costs of slash and debris treatment, protection or disposal.

Each person, firm or corporation, hereinafter called the purchaser, who shall hereafter purchase or contract to purchase any timbers, logs, ties, posts, poles or other forest products cut from any forest lands within the state of Montana, shall within five (5) days after making said purchase or contract to purchase, notify the state forester of such purchase or contract together with the name of the person furnishing said forest products and the name of the owner of the land from which said products are cut. Each purchaser shall withhold, before making payment for such products a sum equal to seventy-five cents (75c) for each thousand (1,000) feet log scale or the equivalent thereof if forest products other than logs are to be cut under such contract, unless the state forester has notified said purchaser that slash and debris from the cutting operator furnishing the forest products has been disposed of, or that the cutting operator has complied with the law. When the state forester is satisfied that said slash and debris, creating a fire hazard to the property of others, has been or will be legally treated, protected or disposed of by the cutting operator in accordance with the requirements of law and of the rules and regulations of the state board of forestry, he will release said money withheld

by purchaser to insure compliance with the law. If, on or before the conclusion of said purchase or contract to purchase, the state forester has not released said withheld moneys the purchaser shall, upon demand, immediately remit the moneys withheld to the state forester. The state forester will issue receipt, therefore, to the purchaser. Said receipt shall discharge the purchaser from any and all liability for moneys withheld from cutting operator in the amounts shown by said receipt. The state forester shall retain such moneys as a surety covering treatment, protection or removal of said slash and debris or may, at his discretion procure the treatment, protection or disposal of said slash and debris by applying said money, or so much thereof as may be necessary in payment of the costs of such abatement.

History: En. Sec. 6, Ch. 95, L. 1927; amd. Sec. 1, Ch. 81, L. 1931; amd. Sec. 1, Ch. 34, L. 1941; amd. Sec. 1, Ch. 83, L. 1949; amd. Sec. 1, Ch. 18, L. 1953; amd. Sec. 1, Ch. 230, L. 1955.

Any charges involving suspension or dismissal of the supervisor or a captain shall be filed directly with the highway patrol board.

Upon the filing of the same, if the supervisor, in his opinion, believes that such charges constitute grounds for discharge, he shall order a hearing to be had thereon before the highway patrol board and fix a time for such hearing, otherwise he shall dismiss such charges.

(c) At least ten (10) days before the time appointed for said hearing, written notice specifying the charge or charges filed and stating the name of the person or persons making the charge or charges shall be served on the said employee personally, if his whereabouts is known, in the state of Montana. (d) Any employee who is so suspended, demoted, or dismissed may have a right of appeal to the district court of Lewis and Clark county, within ten (10) days after such decision or determination of the highway patrol board, and said court shall review such decision or determination in a summary manner and shall render its decision upon such appeal within ninety (90) days from the filing of such appeal in said court. If such decision or determination of the highway patrol board shall be finally reversed or modified by said court, the said employee shall be reinstated in his position and the highway patrol board shall pay to the said employee any salary or wages withheld from him pending the determination of the charge or charges, or as may be directed by the court.

The highway patrol board shall have the authority to order the supervisor to file charges with the board if the supervisor in his judgment does not believe the charge or charges warrant a hearing.

When the highway patrol supervisor has cause to believe that any member of the highway patrol has violated any of the hereinabove specified grounds for suspension, demotion or discharge, or his conduct has warranted reprimanding, he may, with the approval of the Montana highway patrol board, suspend, demote or reprimand the member. Suspension shall be without pay and for a period not to exceed twenty (20) days in time. In cases of demotion, the member shall receive the pay of the classification to which he is demoted.

Repealing Clause

Section 2 of Ch. 250, Laws 1955 repealed all acts and parts of acts in conflict therewith.

32-1127. (1751.6) **Permits for excess size and weight.** The state highway commission, and local authorities in their respective jurisdiction, may, in their discretion, upon application in writing and good cause being shown therefor, issue a special permit in writing, authorizing the applicant to operate or move a vehicle of a size or weight exceeding the maximum specified in this act upon any highway under the jurisdiction of and for the maintenance of which the body granting the permit is responsible; provided, however, that no permits are to be issued for movement of vehicles carrying build-up or reducible loads in excess of nine (9) feet in width or exceeding the length, height, or weight specified in this act; provided, however, that no permits are to be issued for the moving of loads for any considerable distances over such highways when the loads in question are of such excess width that all traffic lanes upon the highway concerned would be blocked to the serious inconvenience of normal traffic; and further provided that no permits are to be granted for the moving of loads of such excess width that a hazard to traffic would be involved for any considerable distances over the highways concerned except to those applicants who carry public liability and property damage insurance for the protection of the traveling public as a whole. No permit shall be issued for a period of more than nine (9) months.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved, and the particular state highways for which permit to operate is requested and whether such permit is required for single trip or for continuous operation. All

fees collected under this act shall be forwarded to the state treasurer for deposit in the state highway general fund.

(a) Special Permits—Discretion of Issuer—Conditions. The state highway commission or local authority is authorized to issue or withhold such special permit at its discretion, or, if such permit is issued, to limit the number of trips, or to establish seasonal or other time limitations within which the vehicle described may be operated on the public highways indicated, or otherwise to limit or prescribe conditions of operation of such vehicle or vehicles when necessary to assure against damage to the road foundation, surfaces or structures or safety of traffic and may require such undertaking or other security as may be deemed necessary to compensate for injury to any roadway or road structure.

(b) Special Permits—Fees. The following fees, in addition to the regular license and gross vehicle weight fees, shall be paid for all movements under special permits on the public highways under the jurisdiction of the state highway commission:

Three dollars ($3.00) for each permit issued in excess of the size and weight specified in this act: provided, however, that term or blanket permits shall not be issued for overwidth loads in excess of fifteen (15) feet, overlength loads in excess of seventy (70) feet, and overheighth loads in excess of a limit determined by the highway commission. Loads in excess of these dimensions will be limited to trip permits.

In addition to the three dollar ($3.00) fee specified herein for overweight permits, there shall be charged (1) for single trip permits five dollars ($5.00) for distances to and including one hundred (100) miles, fifteen dollars ($15.00) for distances from one hundred one (101) to one hundred ninety-nine (199) miles, and twenty-five dollars ($25.00) for distances over two hundred (200) miles traveled, for such excess load over the gross allowable load specified in this section or the sum of the excess axle loads, whichever is greater.

(c) Special Permits—Misrepresentations and Violations—Penalty—Display of Permit. Any person who knowingly and wilfully misrepresents the size or weight of any load in obtaining a special permit or does not follow the requirements and conditions of the special permit or who operates any vehicle, the gross weight of which is in excess of the maximum for which such vehicle may be eligible for license, without first obtaining a special permit, is guilty of a misdemeanor.

Every special permit issued hereunder shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any peace officer, officer of the Montana highway patrol, or employees of the maintenance department of the Montana highway commission.

A peace officer, officer of the Montana highway patrol, or employees of the maintenance department of the Montana highway commission who shall find any person operating a vehicle in violation of the conditions of a special permit issued hereunder may confiscate such permit and forward the same to the state highway commission which may return it to the permittee or revoke, cancel, or suspend it without refund. The state highway commission shall keep a record of all action taken upon

permits so confiscated and if a permit shall be returned to the permittee, the action taken by the commission shall be endorsed thereon. Any permittee whose permit is suspended or revoked may, upon request, receive a hearing before the commission or person designated by the commission. The commission, after such hearing, may reinstate any permit or revise its previous action.

32-1608. (1790) Contracts, how awarded. All contracts for work on state highways shall be let by the state highway commission, except as hereinafter provided. When the estimated cost of any piece of work shall exceed one thousand dollars ($1,000.00), it shall be the duty of the state highway commission to let such contract by competitive bidding, upon such notice and upon such terms as the commission by its rules and regulations prescribe; provided that if the commission shall find such work may be done and performed by force account or by day's labor in a more efficient manner, it may so conduct the work, and provided further that the commission may use convict labor as, in its judgment, is deemed proper. A contractor upon being awarded a contract for construction, improvement, maintenance or marking upon a state highway, and before entering upon such work shall execute to the state of Montana a bond to be approved by the commission, and to be conditioned for the faithful discharge of its duties under such contract. Provided, however, that on any highway construction work, which is financed in whole or in part by federal funds, and the secretary of commerce of the United States of America shall affirmatively find that under the circumstances relating to a given project some other method than competitive bidding is in the public interest, the state highway commission is authorized and empowered to enter into contracts with any board of county commissioners of any county, whereby such county is authorized to acquire rights of way, survey and construct farm to market, secondary or feeder roads within such county, by force account, unit price or otherwise, as may be agreed upon by said state highway commission and said board of county commissioners.

All contracts for work on state highways where federal and/or state funds are involved shall, when applicable, contain the prevailing rates of wages as set by collective bargaining in effect in the areas covered by heavy and highway labor agreements.

Amendments

The 1955 amendment inserted the words "except as hereinafter provided" at the end of the first sentence and added the proviso clause.

The 1957 amendment added the second paragraph.

Repealing Clauses

Section 2 of Ch. 91, Laws 1955 and Sec. 2 of Ch. 43, Laws 1957 repealed all acts and parts of acts in conflict therewith.

32-1609. (1791) Assent to federal aid road act.

Operation and Effect

Where, in order to comply with federal requirements in order to make a city street part of federal aid highway, the city adopted a resolution limiting its power to place speed limits and signs on the street, it was not a surrender of the police power of the city, but rather a limitation upon the method or means by which such power might be exercised. City streets belong to the state and the city is but the trustee thereof. Bidlingmeyer v. City of Deer Lodge, 128 M 292, 274 P 2d 821, 823.

32-1611, 32-1612. (1793, 1794) Repealed.

Repeal

These sections (Secs. 11, 12, Ch. 10, Ex. L. 1921), relating to the erection of standard guide signs and providing a penalty for the defacing thereof, were repealed by Sec. 158, Ch. 263, Laws 1955, effective July 1, 1955.

32-1622. Authority for agreements to study, analyze, or test the effects of weights on highways. The state highway commission is authorized to make and enter into agreements with the federal government or any state or group of states, or agencies thereof, or any nonprofit association, on a joint or cooperative basis, to study, analyze, or test the effects of weights on highway construction. Such studies or tests may be made either by designating existing highway or the construction of test strips, including natural resource roads, to the end that a proper solution of the many problems connected with the imposition on highways of motor vehicle weights may be determined.

Such studies may determine the determination of values to be assigned various highway-user groups according to their gross weight or use.

History: En. Sec. 1, Ch. 15, L. 1955.

Title of Act

An act providing for the state highway commission to enter into agreements with the federal government, or any state or group of states, or agencies thereof, or any nonprofit association, on a joint or cooperative basis, to study, analyze, or test the effects of weights on highway construction; and repealing all acts and parts of acts in conflict therewith.

The state highway commission is hereby authorized to designate such public roads as shall be classed as state highways and subject to improvements under the provisions of the Federal Aid Road Act of Congress, approved July 11, 1916, and all other acts granting aid for public highways, even though such road or highway is not located entirely and continuously within the boundaries of the state of Montana. The designation of such roads or highways shall meet the following conditions:

(1) That it shall be on an approved federal aid route and eligible for improvement under the Federal Aid Highway Acts;

(2) That the location of a portion of such route outside the boundaries of the state of Montana is necessary because of natural geographical or physical conditions which make the construction of the highway within the state of Montana impossible or impracticable;

(3) That the portion of such route located outside the state of Montana does not connect with and is not a part of the state highway system of the adjoining state.

History: En. Sec. 1, Ch. 30, L. 1955.

Title of Act

An act to provide for the construction and maintenance of state highways which serve the people of the state of Montana, are located primarily in the state of Montana, and which are partially located outside the boundaries of the state of Montana because of geographical or other physical conditions which make it impossible or impracticable to locate or con-

struct or reconstruct said highways entirely within the boundaries of the state of Montana; providing that said portion of highway outside the state of Montana does not connect to or is not a part of the state highway system of any adjoining state; providing that the cost of construction, reconstruction, engineering, administration, betterment and maintenance shall be paid out of funds of the state highway commission; repealing all acts and parts of acts in conflict therewith and providing an effective date.

32-1624. Powers regarding such highways. The state highway commission is authorized to do all things necessary or required to carry out fully the cooperation contemplated under the Federal Aid Highway Acts with regard to such roads and to expend funds for the construction, reconstruction, engineering, administration, betterment and maintenance thereof.

History: En. Sec. 2, Ch. 30, L. 1955.

(a) The state highway commission shall have the power and authority to make and publish after appropriate hearings reasonable regulations for the installation, construction, maintenance, repair, renewal and relocation of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called "facilities") of any utility in, on, along, over, across, through or under any project on (1) the Federal-Aid Primary System, or (2) the Federal-Aid Secondary System, or on (3) the Interstate System, including extensions thereof within urban areas. Whenever the commission shall determine, after written notice supplied to all concerned not less than twenty (20) days in advance of hearing and fair, public hearing at the time and place noticed for hearing (unless hearing is waived by the utility or other interested parties in writing), that it is necessary that any such facilities which now are, or hereafter may be, located in, on, along, over, across, through or under any such Federal-Aid Primary System, Federal-Aid Secondary System, or on the Interstate System, including extensions thereof within urban areas, should be relocated, the utility owning or operating such facilities shall relocate the same in accordance with the valid order of the commission, and seventy-five per cent (75%) of all costs of relocation, including acquisition of new right of way, dismantling, and removal, shall be paid by the state of Montana through the state highway commission. In case of any such relocation of facilities, as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenances, in the new location or new locations.

(b) Definitions. For the purposes of this section:

The term "utility" shall include publicly, privately and cooperatively owned utilities.

The term "cost of relocation" shall include the entire amount paid by such utility properly attributable to such relocation after deducting therefrom any increase in the value of the new facility and any salvage value derived from the old facility; and,

The term "Interstate System" means any highway now included or which shall hereafter be included as a part of the National System of Interstate and Defense Highways, as provided in the Federal-Aid Highway Act of 1956, and any acts supplemental thereto or amendatory thereof.

(c) The cost of relocating utility facilities in connection with any project on the Federal-Aid Primary System or Federal-Aid Secondary System or on the Interstate System is hereby declared to be a cost of highway construction.

History: En. 32-1625 by Sec. 1, Ch. 254, L. 1957.

32-2004. Powers of highway authorities.
32-2005. Design of controlled access facility—ingress and egress restricted.

32-2007. New and existing facilities—grade crossing eliminations.
32-2008. Existing roads and streets as service roads.
32-2009. Marking of facility with signs.
32-2010. Violations specified—penalty.

32-2001. Purpose. It is the declared policy of this state to facilitate the flow of traffic and promote public safety by controlling access to highways included by the bureau of public roads in the national system of interstate highways.

History: En. Sec. 1, Ch. 104, L. 1955.

Title of Act

An act to provide for the planning, designation, establishment, use, regulation, alteration, improvement, maintenance, and vacation of controlled-access facilities; the acquisition of lands required therefor; the restriction of intersections and control of approaches; the establish-

ment of local service roads; the prohibition of certain acts thereon and provision for penalties therefor; repealing all acts and parts of acts in conflict therewith; and providing that this act shall be in full force and effect from and after its passage and approval.

32-2002. Definitions. When used in this act:

(a) "Interstate highway" means any highway now included or which shall hereafter be included as a part of the National System of Interstate Highways.

(b) "Controlled access highway" means all portions of an interstate highway which the state highway commission shall determine and designate for through traffic, over, from or to which owners or occupants of abutting land or other persons have no easement of access or only a limited easement of access, light, air or view, by reason of the fact that the property abuts upon such highway, or for any other reason, and shall further include those portions of spurs to the interstate highway system which the state highway commission shall determine and designate as unsafe for or impeded by unrestricted access of traffic from intersecting streets or alleys or public or private roads or ways of passage.

(c) "Controlled access facility" means and includes all streets, alleys, public roads, private roads and ways of passage intersecting any controlled access highway and all real property contiguous to the right of way of any controlled access highway.

(d) "Existing highway" means and includes all highways, roads and streets heretofore established, constructed and in use. It shall not include new highways, roads or streets, or relocated highways, roads or streets, or portions of existing highways, roads or streets which are relocated.

History: En. Sec. 2, Ch. 104, L. 1955; amd. Sec. 1, Ch. 121, L. 1957.

Amendment

The 1957 amendment substituted present subd. (b) for one which formerly read "(b) 'Controlled access highway' means all portions of an interstate highway which the state highway commission shall determine and designate as unsafe for and impeded by unrestricted access of traffic from intersecting streets or alleys or public or private roads or ways of passage."

32-2003. Designation as controlled access highway—resolution—findings. No part or portion of an interstate highway shall be designated as a controlled access highway unless the state highway commission shall, by resolution adopted by the majority vote of the members in attendance at any regular or special meeting thereof, find and determine that it is necessary and/or desirable that the owners or occupants of the abutting land or other persons have no easement of access or only a limited easement of access, light, air or view by reason of the fact that their property abuts upon such highway or for any other reason: It is hereby declared that the requirement by the federal government that access be controlled is necessity for the passing of such resolution by the highway authorities; nor shall any part or portion of any interstate, or spurs to the interstate highway system be designated as a controlled access highway unless the state highway commission shall, by resolution adopted by the majority vote of the members in attendance at any regular or special meeting thereof, find and determine that it is necessary and/or desirable that the rights of, or easements to access, light, air or view be acquired by the state so as to prevent such part or portion of highway from becoming unsafe for or im-

peded by unrestricted access of traffic from intersecting streets or alleys or public or private roads or ways of passage. Such resolution shall contain a statement of the reasons for the adoption thereof, and shall set forth the location, distance and termini of the portion of the highway designated as a controlled access highway.

History: En Sec. 3, Ch. 104, L. 1955; amd. Sec. 2, Ch. 121, L. 1957.

Amendment

The 1957 amendment substituted that part of this section beginning with the words "it is necessary and/or desirable that the owners * * *" and continuing to the last sentence for the words "traffic congestion will result from unrestricted access thereto, or that hills, curves, or other conditions with respect to traffic control or public safety render it unsafe to permit unrestricted access thereto." The amendment also deleted the word "interstate" which appeared after the words "portion of the" in the last sentence.

32-2004. Powers of highway authorities. The highway authorities of the state, counties, incorporated cities and towns, having authority to participate in the construction and maintenance of highways, are hereby authorized to plan, designate, establish, regulate, vacate, alter, improve, maintain, and provide controlled access facilities for public use wherever such authority or authorities shall find and determine the necessity or desirability of such controlled access facilities as defined in this chapter. Provided, that within incorporated cities and towns, and upon county roads within counties, such authority or authorities shall be subject to the consent of the governing body. Said highway authorities of the state, counties, incorporated cities and towns, in addition to the specific powers granted in this act, shall also have and may exercise, relative to controlled access facilities, any and all additional authority now or hereafter vested in them relative to highways or streets within their respective jurisdictions. Said units may regulate, restrict, or prohibit the use of such controlled access facilities by the various classes of vehicles or traffic.

History: En Sec. 4, Ch. 104, L. 1955; amd. Sec. 3, Ch. 121, L. 1957.

Amendment

The 1957 amendment substituted the words "the necessity or desirability of such controlled access facilities as defined in this chapter" for the words "that traffic conditions will justify such special facilities" which appeared after the word "determine" near the end of the first sentence.

32-2005. Design of controlled access facility—ingress and egress restricted. The highway authorities of the state, counties, incorporated cities and towns are authorized to so design any controlled access facility and to so regulate, restrict or prohibit access as to best serve the traffic for which such facility is intended. In this connection such highway authorities are authorized to divide and separate any controlled access facility into separate roadways by the construction of raised curbings, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and other devices. No person shall have any rights of ingress or egress to, from or across controlled access facilities to or from abutting lands, except at such designated points at which access may be permitted, upon such terms and conditions as may be specified from time to time.

History: En. Sec. 5, Ch. 104, L. 1955.

32-2006. Acquisition of property for facility. For the purpose of this act, the highway authorities of the state, counties, incorporated cities and towns, respectively, or in cooperation one with the other, may acquire private or public property and property rights for controlled access facilities and service roads, including rights of access, air, view, and light, by gift, devise, purchase, or condemnation, in the same manner as such authorities are now or hereafter may be authorized by law to acquire property or property rights in connection with highways and streets within their respective jurisdictions. A right of way is hereby given, dedicated and set apart for controlled access facilities through, over, upon or across any county road and any street or alley intersecting a controlled access highway, and the acquisition of any such county road, street, or alley for use as a controlled access facility shall be deemed superior and a more necessary public use and purpose than the public use or purpose to which such road, street or alley has theretofore been dedicated.

History: En. Sec. 6, Ch. 104, L. 1955.

32-2007. New and existing facilities—grade crossing eliminations. The state or any of its subdivisions shall have authority to provide for the elimination of intersections at grade of controlled access facilities with existing state and county roads, and city or town streets at the right-of-way boundary line of such controlled access facility; and after the establishment of any controlled access facility, no highway or street which is not a part of said facility shall intersect the same at grade. No incorporated city or town street, county or state highway, or other public way shall be opened into or connected with any such controlled access facility without the consent and previous approval of the highway authority in the state, county, incorporated city or town having jurisdiction over such controlled access facility. Provided, however, that the commission may, whenever it determines that traffic is not thereby impeded and that public safety is not thereby impaired, authorize the continued intersection at grade of lightly traveled farm entrances and minor public roads as ways of access to controlled access highways in sparsely populated rural areas.

History: En. Sec. 7, Ch. 104, L. 1955.

32-2008. Existing roads and streets as service roads. In connection with the development of any controlled access facility the state, county, or incorporated city or town highway authorities are authorized to plan, designate, establish, use, regulate, alter, improve, maintain, and vacate local service roads and streets or to designate as local service roads and streets any existing road or street, and to exercise jurisdiction over service roads in the same manner as is authorized over controlled access facilities under the terms of this act, whenever such local service roads are necessary for carrying out any of the provisions of this act. Such local service roads or streets shall be of appropriate design, and shall be separated from the controlled access facility proper by means of all

devices determined to be necessary in carrying out the provisions of this act.

History: En. Sec. 8, Ch. 104, L. 1955.

32-2009. Marking of facility with signs. After the opening of any new and additional controlled access facility, or after the designation and establishment of any existing street or highway as included, the particular highways and streets or those portions thereof designated and established, shall be physically marked and indicated by the erection and maintenance of signs indicating to drivers of vehicles that they are entering a controlled access area and that they are leaving a controlled access area.

History: En. Sec. 9, Ch. 104, L. 1955.

32-2010. Violations specified—penalty. After the opening of any new and additional controlled access highway facility, or after the designation and establishment of any existing street or highway as included, it shall be unlawful for any person (1) to drive a vehicle over, upon, or across any curb, central dividing section, or other separation or dividing line on controlled access facilities; (2) to make a left turn or a semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation, or line; (3) to drive any vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation section, or line; (4) to drive any vehicle into the controlled access facility from a local service road except through an opening provided for that purpose in the dividing curb, or dividing section, or dividing line which separates such service road from the controlled access facility proper. Any person who violates any of the provisions of this section shall be guilty of a misdemeanor and upon arrest and conviction therefor shall be punished by a fine of not less than five dollars ($5.00) nor more than one hundred dollars ($100.00), or by imprisonment in the city or county jail for not less than five (5) days nor more than ninety (90) days, or by both fine and imprisonment.

History: En. Sec. 10, Ch. 104, L. 1955.

Separability Clause

Section 11 of Ch. 104, Laws 1955 as amended by Sec. 4 of Ch. 121, Laws 1957 read "Severability. If any section, provision, or clause of this act shall be declared invalid or inapplicable to any person or circumstance, such invalidity or inapplicability shall not be construed to affect the portions not so held or persons or circumstances not so affected. All laws or portions of laws inconsistent with the policy and provisions of this act are hereby repealed to the extent of such inconsistency in its application to controlled access facilities provided for in this act. Provided further that nothing herein contained shall be construed to be in conflict with any federal aid highway act or any amendments to such acts."

Amendment

The 1957 amendment inserted new subsecs. 11 to 13 under subd. (a) and renumbered former subsec. 11 as subsec. 14. The 1957 amendment also deleted two former subds. (b) and (c) which read "(b) No local authority shall erect or maintain any stop sign or traffic control signal at any location so as to require the traffic on any state highway to stop before entering or crossing any intersecting highway unless approval in writing has first been obtained from the state highway commission.

"(c) No ordinance or regulation enacted under subdivisions (4), (5), (6), (7) or (10) of section 28(a) shall be effective until signs giving notice of such local traffic regulations are posted upon or at the entrances to the highway or part thereof affected as may be most appropriate."

32-2132. This act not to interfere with rights of owners of real property with reference thereto. Compiler's Note

Sections 32-2133 to 32-2141 comprised

32-2134. State highway commission to sign all state highways. (a) The state highway commission shall place and maintain such traffic-control devices, conforming to its manual and specifications, upon all state highways as it shall deem necessary to indicate and to carry out the provisions of this act or to regulate, warn, or guide traffic.

(b) No local authority shall place or maintain any traffic-control device upon any highway under the jurisdiction of the state highway commission except by the latter's permission.

History: En. Sec. 31, Ch. 263, L. 1955.

32-2135. Local traffic-control devices. (a) Local authorities in their respective jurisdictions shall place and maintain such traffic-control devices upon highways under their jurisdiction as they may deem necessary to indicate and to carry out the provisions of this act or local traffic ordinances or to regulate, warn, or guide traffic. All such traffic-control devices hereafter erected shall conform to the state manual and specifications.

History: En. Sec. 32, Ch. 263, L. 1955.

32-2136. Obedience to and required traffic-control devices. (a) The driver of any vehicle shall obey the instructions of any official traffic-control device applicable thereto placed in accordance with the provisions of this act, unless otherwise directed by a highway patrolman or police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in this act.

(b) No provision of this act for which signs are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state the signs are required, such section shall be effective even though no signs are erected or in place.

History: En. Sec. 33, Ch. 263, L. 1955.

32-2137. Traffic-control signal legend. Whenever traffic is controlled by traffic-control signals exhibiting the words "Go," "Caution," or "Stop," or exhibiting different colored lights successively one at a time, or with arrows, the following colors only shall be used and said terms and lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(a) Green Alone or "Go":

1. Vehicular traffic facing the signal may proceed straight through or turn left or right unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection of an adjacent crosswalk at the time such signal is exhibited.

2. Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.

(b) Yellow Alone or "Caution" When Shown Following the Green or "Go" Signal:

1. Vehicular traffic facing the signal is thereby warned that the red or "Stop" signal will be exhibited immediately thereafter and such vehicular traffic shall not enter or be crossing the intersection when the red or "Stop" signal is exhibited.

2. Pedestrians facing such signals are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall yield the right of way to all vehicles.

(c) Red Alone or "Stop":

1. Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until green or "Go" is shown alone.

2. No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic.

(d) Red with Green Arrow:

1. Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right of way to pedestrians lawfully within the crosswalk and to other traffic lawfully using the intersection.

2. No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic.

(e) Traffic Control Signal at Place Other Than Intersection:

1. In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their very nature can have no application.

2. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

History: En. Sec. 34, Ch. 263, L. 1955.

32-2138. Pedestrian control signals. Whenever special pedestrian control signals exhibiting the words "Walk" or "Wait" or "Don't Walk" are in place such signals shall indicate as follows:

(a) Walk. Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right of way by the drivers of all vehicles.

(b) Wait or Don't Walk. No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the wait signal is showing.

History: En. Sec. 35, Ch. 263, L. 1955.

32-2139. Flashing signals. (a) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

1. Flashing Red (stop signal). (a) When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before en-

tering the nearest crosswalk at an intersection or at a limit line when marked, or, if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in section 88 [32-2191] of this act.

2. Flashing Yellow (caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

History: En. Sec. 36, Ch. 263, L. 1955; amd. Sec. 2, Ch. 169, L. 1957.

Amendment

The 1957 amendment substituted "section 88" for "section 89" in subd. (b).

32-2140. Display of unauthorized signs, signals, or markings. (a) No person shall place, maintain, or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign, or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal.

(b) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(c) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(d) The prohibition of this section shall not apply to portable "Caution" signs placed in the vicinity of schools at those times during which school children are going to and coming from school.

(e) Every such prohibited sign, signal, or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice.

History: En. Sec. 37, Ch. 263, L. 1955.

32-2141. Interference with official traffic-control devices or railroad signs or signals. No person shall, without lawful authority, attempt to or in fact alter, deface, injure, knock down, or remove any official traffic-control device or any railroad sign or signal or any inscription, shield, or insignia thereon, or any other part thereof.

History: En. Sec. 38, Ch. 263, L. 1955.

32-2142(1). Persons under the influence of intoxicating liquor or of drugs. (a) It is unlawful and punishable as provided in paragraph (c) of this section for any person who is under the influence of intoxicating liquor to drive or be in actual physical control of any vehicle within this state.

(b) It is unlawful and punishable as provided in paragraph (c) of this section for any person who is an habitual user of or under the influence of any narcotic drug or who is under the influence of any other drug to a

degree which renders him incapable of safely driving a vehicle to drive a vehicle within this state. The fact that any person charged with a violation of this paragraph is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this paragraph.

(c) Every person who is convicted of a violation of this section will be punished by imprisonment for not more than six (6) months, or by fine of not less than fifty dollars ($50.00) nor more than five hundred dollars ($500.00), or by both such fine and imprisonment. On a second or subsequent conviction he shall be punished by imprisonment for not less than thirty (30) days nor more than one (1) year, or in the discretion of the court, a fine of not less than three hundred dollars ($300.00) nor more than one thousand dollars ($1,000.00), or by both such fine and imprisonment.

(d) Each and every municipality in this state is hereby given authority to enact the foregoing paragraphs (a), (b) and (c) of this section, with the word "state" in the first sentence of paragraph (b) changed in each instance to read "municipality," as an ordinance, and is hereby given jurisdiction of the enforcement of said ordinance, and of the imposition of the fines and penalties therein provided.

The board shall forthwith revoke the license or permit to drive and operating privilege and any nonresident operating privilege of any person convicted under this section or under any ordinance enacted pursuant to the authority of this section; providing, however, that the board shall have the authority after such revocation upon proper application and proper showing made to the board by the party whose license has been revoked to issue to said party a restricted operator's or chauffeur's license allowing the said party to drive a motor vehicle to and from and in the course of his business only, and such restricted license shall remain in effect at the will of said board.

History: En. Sec. 39, Ch. 263, L. 1955; amd. Sec. 3, Ch. 201, L. 1957.

Compiler's Notes

Section 32-2142 was amended twice in the 1957 Session. Once by section 3 of Ch. 201, Laws 1957, effective March 9, 1957 and once by section 1 of Ch. 194, Laws 1957, effective July 1, 1957. Neither chapter mentioned nor contained the changes by the other chapter but each amended the section in different particulars. The amendments do not seem to conflict with each other and both would be effective if not in conflict. The section as set out above is the one as amended by Ch. 201. The section as amended by Ch. 194 is set out as 32-2142(2).

Sections 32-2142 and 32-2143 comprised Article IV of Ch. 263, Laws 1955 entitled "Driving While Intoxicated, and Reckless Driving."

Amendment

The 1957 amended added subd. (d) and in the last paragraph inserted the words "or under any ordinance enacted pursuant to the authority of this section" which appear immediately preceding the proviso clause.

32-2142(2). Persons under the influence of intoxicating liquor or of drugs. (a) It is unlawful and punishable as provided in paragraph (d) of this section for any person who is under the influence of intoxicating liquor to drive or be in actual physical control of any motor vehicle upon the highways of this state.

(b) In any criminal prosecution for a violation of paragraph (a) of this section relating to driving a vehicle while under the influence of in-

toxicating liquor, the amount of alcohol in the defendant's blood at the time alleged as shown by chemical analysis of the defendant's blood, shall give rise to the following presumptions:

1. If there was at that time 0.05 per cent or less by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was not under the influence of intoxicating liquor:

2. If there was at that time in excess of 0.05 per cent but less than 0.15 per cent by weight of alcohol in the defendant's blood, such fact shall not give rise to any presumption that the defendant was or was not under the influence of intoxicating liquor, but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant:

3. If there was at that time 0.15 per cent or more by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was under the influence of intoxicating liquor:

4. The foregoing provisions of paragraph (b) shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether or not the defendant was under the influence of intoxicating liquor.

(c) It is unlawful and punishable as provided in paragraph (d) of this section for any person who is an habitual user of or under the influence of any narcotic drug or who is under the influence of any other drug to a degree which renders him incapable of safely driving a motor vehicle to drive a motor vehicle within this state. The fact that any person charged with a violation of this paragraph is or has been entitled to use such a drug under the laws of this state shall not constitute a defense against any charge of violating this paragraph.

(d) Every person who is convicted of a violation of this section shall be punished by imprisonment in the county or city jail for not more than six (6) months or by a fine of not less than one hundred dollars ($100.00) or more than five hundred dollars ($500.00) or by both such fine and imprisonment. On a second conviction he shall be punished by imprisonment in the county or city jail for not less than ten (10) days nor more than six (6) months, to which may be added, at the discretion of the court a fine of not less than three hundred dollars ($300.00) nor more than five hundred dollars ($500.00). On the third or subsequent conviction he shall be punished by imprisonment for a term of not less than thirty (30) days nor more than one (1) year, to which may be added at the discretion of the court a fine of not less than five hundred [dollars] ($500.00) nor more than one thousand dollars ($1,000.00).

The board shall forthwith revoke the license or permit to drive and operating privilege and any nonresident operating privilege of any person convicted under this section; providing, however, that the board shall have the authority after such revocation upon proper application and proper showing made to the board by the party whose license has been revoked to issue to said party a restricted operator's or chauffeur's license allowing the said party to drive a motor vehicle to and from and in the

course of his business only, and such restricted license shall remain in effect at the will of said board.

(a) Every person operating or driving a vehicle of any character on a public highway of this state shall drive the same in a careful and prudent manner, and at a rate of speed no greater than is reasonable and proper under the conditions existing at the point of operation, taking into account amount and character of traffic, condition of brakes, weight of vehicle, grade and width of highway, condition of surface, and freedom of obstruction to view ahead, and so as not to unduly or unreasonably endanger the life, limb, property, or other rights of any person entitled to the use of the street or highway.

(b) Where no special hazard exists that requires lower speed for compliance with paragraph (a) of this section the speed of any vehicle not in excess of the limits specified in this section or established as hereinafter authorized, shall be lawful, but any speed in excess of the limits specified in this section or established as hereinafter authorized shall be unlawful:

1. Twenty-five (25) miles per hour in any urban district;

Compiler's Note

Sections 32-2144 to 32-2150 comprised

32-2145. Establishment of state speed zones. Whenever the board shall determine upon the basis of an engineering and traffic investigation that any speed hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of a highway, said board may determine and declare a reasonable and safe speed limit thereat which when appropriate signs giving notice thereof are erected shall be effective at all times or during hours of daylight or darkness or at such other times as may be determined at such intersections or other place or part of the highway.

History: En. Sec. 42, Ch. 263, L. 1955.

32-2146. When local authorities may and shall alter limits. (a) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the speed permitted under this act is greater or less than is reasonable and safe under

the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a reasonable and safe limit thereon which:

1. Decreases the limit at intersection; or

2. Increases the limit within an urban district but not to more than fifty-five (55) miles per hour during nighttime; or

3. Decreases the limit outside an urban district, but not to less than thirty-five (35) miles per hour.

(b) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper speed for all arterial streets and shall declare a reasonable and safe limit thereon which may be greater or less than the speed permitted under this act for an urban district.

(c) Any altered limit established as hereinabove authorized shall be effective at all times or during hours of darkness or at other times as may be determined when appropriate signs giving notice thereof are erected upon such street or highway.

(d) Any alteration of speed limits on state highways or extensions thereof in a municipality by local authorities shall not be effective until such alteration has been approved by the commission.

History: En. Sec. 43, Ch. 263, L. 1955.

32-2147. Minimum speed regulations. (a) No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

Police officers or highway patrolmen are hereby authorized to enforce this provision by directions to drivers, and in the event of apparent willful disobedience to this provision and refusal to comply with direction of an officer in accordance herewith the continued slow operation by a driver shall be a misdemeanor, except that inability to comply with such order will not be construed as willful disobedience.

(b) Whenever the board or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway consistently impede the normal and reasonable movement of traffic, the board or such local authority may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or in compliance with law.

History: En. Sec. 44, Ch. 263, L. 1955.

(b) No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

(c) The board upon request from any local authority may, or upon its own initiative shall, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this act, the board shall determine and declare the maximum speed of vehicles which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of not less than one hundred (100) feet before each end of such structure.

(d) Upon the trial of any person charged with a violation of this section, proof of said determination of the maximum speed by said board and the existence of said signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure.

History: En. Sec. 46, Ch. 263, L. 1955.

32-2150. Charging violations. In every charge of violation of any speed regulation in this act the complaint, also the summons, or notice to appear, shall specify the speed at which the defendant is alleged to have driven, also the speed applicable within the district or at the location.

1. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

2. When the right half of a roadway is closed to traffic while under construction or repair;

3. Upon a roadway divided into three (3) marked lanes for traffic under the rules applicable thereon; or

4. Upon a roadway designated and signposted for one-way traffic.

(a) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(b) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

History: En. Sec. 50, Ch. 263, L. 1955.

32-2154. When overtaking on right is permitted. (a) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

1. When the vehicle overtaken is making or about to make a left turn;

2. Upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two (2) or more lines of moving vehicles in each direction;

3. Upon a one-way street, or upon any roadway on which traffic is restricted to one (1) direction of movement, where the roadway is free from obstructions and of sufficient width for two (2) or more lines of moving vehicles.

(b) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the roadway.

History: En. Sec. 51, Ch. 263, L. 1955.

32-2155. Limitations on overtaking on the left. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left

side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the righthand side of the roadway before coming within one hundred (100) feet of any vehicle approaching from the opposite direction.

History: En. Sec. 52, Ch. 263, L. 1955.

32-2156. Further limitations on driving to left of center of roadway. (a) No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

1. When approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

2. When approaching within one hundred (100) feet of or traversing any intersection or railroad grade crossing;

3. When the view is obstructed upon approaching within one hundred (100) feet of any bridge, viaduct, or tunnel.

(b) The foregoing limitations shall not apply upon a one-way roadway.

History: En. Sec. 53, Ch. 263, L. 1955.

32-2157. No-passing zones. (a) The commission is hereby authorized to determine those portions of any highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones and when such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

(b) Where signs or markings are in place to define a no-passing zone as set forth in paragraph (a) no driver shall at any time drive on the left side of the roadway within such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length.

(b) Upon a roadway which is divided into three (3) lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

(c) Official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such sign.

(b) The driver of any truck tractor, truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another truck tractor, truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a truck tractor, truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(c) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. (b) Left Turn on Two-Way Roadways. At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(c) Left Turns on Other Than Two-Way Roadways. At any intersection where traffic is restricted to one (1) direction on one (1) or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the roadway being entered.

(d) Placing of Markers, Buttons and Signs.

1. Local authorities in their respective jurisdictions may cause markers, buttons, or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when markers, buttons, or signs are so placed no driver of a vehicle shall

turn a vehicle at an intersection other than as directed and required by such markers, buttons, or signs.

History: En. 35-103.1 by Sec. 2, Ch. 193, L. 1957.

35-104. (5309.4) **Notice, hearing and creation of authority.** Any twenty-five (25) residents of a city and of the area within ten (10) miles from the territorial boundaries thereof may file a petition with the city clerk setting forth that there is a need for an authority to function in the city and said surrounding area. Upon the filing of such a petition the city clerk shall give notice of the time, place and purposes of a public hearing at which the council will determine the need for an authority in the city and said surrounding area. Such notice shall be given at the city's expense by publishing a notice, at least ten (10) days preceding the day on which the hearing is to be held, in a newspaper having a general circulation in the city and said surrounding area or, if there be no such newspaper, by posting such a notice in at least three (3) public places within the city, at least ten (10) days preceding the day on which the hearing is to be held.

Upon the date fixed for said hearing held upon notice as provided herein, an opportunity to be heard shall be granted to all residents and taxpayers of the city and said surrounding area and to all other interested persons. After such a hearing, the council shall determine:

(1) Whether unsanitary or unsafe inhabited dwelling accommodations exist in the city and said surrounding area, and/or

(2) Whether there is a lack of safe or sanitary dwelling accommodations in the city and said surrounding area available for all the inhabitants thereof.

In determining whether dwelling accommodations are unsafe or unsanitary, the council shall take into consideration the following: the physical condition and age of the buildings; the degree of overcrowding; the percentage of land coverage; the light and air available to the inhabitants of such dwelling accommodations; the size and arrangement of the rooms; the sanitary facilities; and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes.

If it shall determine that either or both of the above enumerated conditions exist, the council must draft an ordinance authorizing the mayor to appoint five (5) commissioners to act as an authority, which said ordinance shall not be effective until it has been approved by a majority vote of the electors within the city limits voting, either at a special or general election. Said commission shall be a public body and a body corporate and politic upon the completion of the taking of the following proceedings:

The commissioners shall present to the secretary of the state an application signed by them, which shall set forth (without any detail other than the mere recital) (1) that a notice has been given and public hearing has been held as aforesaid, that the council made the aforesaid determination after such hearing, and that the mayor has appointed them as commissioners; (2) the name, and official residence of each of the commis-

sioners, together with a certified copy of the appointment evidencing their right to office, the date and place of induction into and taking oath of office, and that they desire the housing authority to become a public body and a body corporate and politic under this act; (3) the term of office of each of the commissioners; (4) the name which is proposed for the corporation; and (5) the location of the principal office of the proposed corporation. The application shall be subscribed and sworn to by each of said commissioners before an officer authorized by the laws of the state to take and certify oaths, who shall certify upon the application that he personally knows the commissioners and knows them to be the officers as asserted in the application, and that each subscribed and swore thereto in the officer's presence. The secretary of state shall examine the application and if he finds that the name proposed for the corporation is not identical with that of a person or of any other corporation of this state or so nearly similar as to lead to confusion and uncertainty he shall receive and file it and shall record it in an appropriate book of record in his office.

When the application has been made, filed and recorded, as herein provided, the authority shall constitute a public body and a body corporate and politic under the name proposed in the application; the secretary of state shall make and issue to the said commissioners, a certificate of incorporation pursuant to this act, under the seal of the state, and shall record the same with the application.

The boundaries of such authority shall include said city and the area within ten (10) miles from the territorial boundaries of said city but in no event shall it include the whole or a part of any other city unless a resolution shall have been adopted by the governing body of such other city declaring that there is a need for such authority to exercise its powers within that city. In case an area lies within ten (10) miles of the boundaries of more than one city, such area shall be deemed to be within the boundaries of the authority embracing such area which was first established, all priorities to be determined on the basis of the time of the issuance of the aforesaid certificates by the secretary of state. No housing authority shall operate in any area in which an authority already established is operating without the consent by resolution of the authority already operating therein. After the creation of an authority, the subsequent existence within its territorial boundaries of more than one city shall in no way affect the territorial boundaries of such authority.

If the council, after a hearing as aforesaid, shall determine that neither of the above enumerated conditions exist, it shall adopt a resolution denying the petition. After three (3) months shall have expired from the date of the denial of any such petition, subsequent petitions may be filed as aforesaid and new hearings and determinations made thereon.

In any suit, action or proceedings involving the validity or enforcement of, or relating to any contract of the authority, the authority shall be conclusively deemed to have been established in accordance with the provisions of this act upon proof of the issuance of the aforesaid certificate by the secretary of state. A copy of such certificate, duly certified by the secretary of state shall be admissible in evidence in any such suit, action

or proceeding, and shall be conclusive proof of the filing and contents thereof.

Amendment

The 1957 amendment in the first sentence of the ninth paragraph substituted the words "unless a resolution shall have been adopted by the governing body of such other city declaring that there is a need for such authority to exercise its powers within that city" for the words "nor any area included within the boundaries of another authority" and in the same paragraph inserted the sentence "No housing authority shall operate * * *."

(a) In connection with regulating deviations, every member of or subscriber to a rating organization shall adhere to the filings made on its behalf of such organization except that:

1. In the case of casualty insurance to which this act applies any such insurer may make written application to the commissioner for permission to file a uniform percentage decrease or increase to be applied to the premiums produced by the rating system so filed for a kind of insurance, or

for a class of insurance which is found by the commissioner to be a proper rating unit for the application of such uniform percentage decrease or increase, or for a subdivision of a kind of insurance (1) comprised of a group of manual classifications which is treated as a separate unit for rate making purposes, or (2) or for which separate expense provisions are included in the filings of the rating organization. Such application shall specify the basis for the modification and shall be accompanied by the date upon which the applicant relies. A copy of the application and data shall be sent simultaneously to such rating organization; and

2. In the case of fire, marine, and inland marine insurance to which this act applies any insurer may make written application to the commissioner for permission to file a deviation from the class rates, schedules, rating plans or rules respecting any kind of insurance, or class of risk within a kind of insurance or combination thereof. Should the commissioner find such rate unfair, discriminatory, or of such a nature as to affect the solvency of the insurer, he shall order a hearing. The commissioner shall set a time and place for a hearing at which all interested parties may be heard and shall give the insurer not less than ten (10) days' written notice thereof. The commissioner after the hearing shall make an order either approving or disapproving the rate and any interested party may appeal from the ruling of the commissioner to the court as in this act provided and during the pendency of the appeal the commissioner's order shall be held in abeyance. If any insurer grants a lower rate on any class of property than that fixed by the bureau of which it is a member or subscriber, this rate shall not be increased by the insurer until one (1) year has elapsed without first securing the approval of the commissioner. A declaration filed with the commissioner of insurance by any insurer of its intention to write insurance at a uniform variation of a certain per cent from the bureau rate shall be sufficient compliance with this act" and in subd. History: En. 45-1007 by Sec. 7, Ch. 143, L. 1957.

45-1008. Right of subcontractor against contract price — notice. Payment by the owner to the original contractor of all or any part of the contract price, prior to the receipt of such notice, shall operate to discharge and satisfy all liens attaching to the property of such owner by virtue of this chapter to the extent of such payment. History: En. 45-1009 by Sec. 9, Ch. 143, L. 1957.

45-1010. Notice to purchaser of oil and gas. Anything in this chapter to the contrary notwithstanding, any lien claimed by virtue of this chapter insofar as it may extend to oil or gas or the proceeds of the sale of oil or gas shall not be effective against any purchaser of such oil or gas, until written notice of such claim has been delivered to such purchaser at his residence or principal place of business. Such notice shall be delivered personally to the purchaser or by registered letter deposited in the United States mails. Until such notice is delivered as above provided, no such purchaser shall be liable to the claimant for any oil or gas produced from the interest upon which the lien is claimed or the proceeds thereof, except to the extent of such part of the purchase price of such oil or gas or the proceeds thereof as may be owing by such purchaser at the time of delivery of such written notice. Such purchaser shall withhold payments for such oil or gas runs to the extent of the lien amount claimed until delivery of notice in writing that the claim has been paid.

If a lien provided for in this chapter attaches to an estate less than the fee, forfeiture of such estate shall not impair any lien as to material, appurtenances and fixtures located thereon and to which said lien has attached prior to forfeiture. If a lien provided for in this chapter attaches to an equitable interest or to a legal interest contingent upon the happening of a condition subsequent, failure of such interest to ripen into legal title or such condition subsequent to be fulfilled, shall not impair any lien as to material, appurtenances and fixtures located thereon and to which said lien attached prior to such failure.

History: En. 45-1011 by Sec. 11, Ch. 143, L. 1957.

Section 46-1008. Shipment of stray cattle—duty of shipper and railroad agents—petition for inspection.

46-1008. (3341) **Shipment of stray cattle—duty of shipper and railroad agents—petition for inspection.** Every person, agent, firm, corporation, pool or roundup association, who shall ship cattle by railroad to any market where Montana livestock inspectors are maintained, may ship with their own cattle any estrays which may be among them, but they must before shipment, or at the time of loading same on the cars for shipment, carefully and as accurately as possible inspect or tally the brand

on such cattle, whether their own or estrays, making a list in duplicate, which list shall state the date of loading, name of shipper, description of brands on each animal, number and class of the cattle bearing such brand, destination, name of the commission firm to whom consigned, and the name of the person in charge of the shipment except that in the case of cattle not owned by the shipper and which are marked with a recorded brand, or where the owner is known to be someone other than the shipper, the shipper must obtain the written consent of such owner or owners, or the written consent of a state stock inspector or a deputy state stock inspector before shipment of such cattle. It shall be the duty of the railroad agent at the point of loading to require from the shipper lists as described in this act, and to forward, within twenty-four (24) hours after loading, one copy to the livestock commission at Helena, Montana, and another copy to the Montana brand inspector at the point of destination. However, in any county or counties where there has been established an association of livestock people, the livestock commission on the receipt of a petition from an association shall require that all cattle shipped by rail from the respective county or counties be inspected before loading by a state stock inspector or deputy state stock inspector. The petition must be signed by at least fifty-one per cent (51%) of the owners of cattle in the county, and such petitioners owning at least fifty-five per cent (55%) of the cattle as shown by the most recent completed assessment records of the county assessor.

CHAPTER 17—ANIMALS RUNNING AT LARGE

Section 46-1717. Female breeding cattle, purebred bull to accompany.

46-1717. (3404) **Female breeding cattle, purebred bull to accompany.** Any person or persons, firm, company, or corporation allowing or permitting female breeding cattle to run at large upon the public ranges or national forest reserves in the state of Montana must place upon said range or national forest reserve one purebred graded bull of a recognized beef type, not less than fifteen (15) months nor more than eight (8) years of age, for every thirty (30) head of female breeding cattle, pastured upon such range or national forest reserve; provided, however, that any two (2) or more such users of the public range or national forest reserve may join together in furnishing such bull when the aggregate number of female breeding cattle turned loose upon the same range or national forest reserve by such two (2) or more users thereof does not exceed thirty (30) head.

A purebred bull as contemplated by this act must be a bull having a registration certificate from the breeding association of its particular

breed. A graded bull as defined in this act, shall be one selected by a committee of permittees.

46-1719. (3406) **Taking up and castrating bulls, notice to owner.**

Inquiry as to Ownership

Where defendant found a purebred dairy bull running at large upon his pasture it would not have been either unnatural or unreasonable for the defendant to have contacted his neighbor, the plaintiff, to ascertain what, if anything, either knew about the bull. By failing to do this the defendant was liable to the plaintiff, the owner of the bull, for castrating it. Holden v. Varner, 128 M 211, 272 P 2d 1008, 1010.

CHAPTER 21—SHEEP—PROTECTION FROM PREDATORY ANIMALS—TAX

Section 46-2102. County commissioners may require per capita license fee on sheep.
46-2104. Duty of county commissioners—petition of sheep owners.

46-2102. County commissioners may require per capita license fee on sheep. To defray the expense of such protection the board of county commissioners of any county shall have the power to require all owners or persons in possession of any sheep, coming one year old or over, in the county on the regular assessment date of each year to pay a license fee of not exceeding ten cents (10¢) per head of sheep so owned or possessed by him in the county; provided that all owners or persons in possession of any sheep, coming one year old or over, coming into the county after the regular assessment date and subject to taxation under the provisions of section 84-6008 shall also be subject to payment of the license fee herein prescribed. Upon the order of the board of county commissioners such license fees may be imposed by the entry thereof in the name of the licensee upon the property tax rolls of the county by the county assessor. Said license fees shall be payable to and collected by the county treasurer, and when so levied, shall be a lien upon the property, both real and personal of the licensee. In case the person against whom said license fee is levied owns no real estate against which said license fee is or may become a lien, then said license fee shall be payable immediately upon its levy and the treasurer shall collect the same in the manner provided by law for the collection of personal property taxes which are not a lien upon real estate. When collected, said fees shall be placed by the treasurer in the predatory animal control fund and the moneys in said fund shall be expended on order of the board of county commissioners of the county for predatory animal control only. The word "owners" or "persons" shall include natural persons, co-partnerships, corporations, trusts and estates.

Amendment

The 1957 amendment made numerous changes in this section. For section prior to amendment see parent volume,

46-2104. Duty of county commissioners—petition of sheep owners. In conducting a predatory animal control program, the board of county commissioners shall give preference to recommendations for such program and its incidents as made by organized associations of sheep growers in the county. Upon petition of the resident owners of at least fifty-one per cent (51%) of the sheep in the county, as shown by the assessment rolls of the last preceding assessment, which petition shall be filed with the board of county commissioners on or before the first Monday in December in any year, such board shall establish the predatory animal control program, and cause said licenses to be secured and issued and the fees collected for the following year in such amount, not exceeding the limits of ten cents (10¢) per head of sheep as shown by said assessment rolls, as will defray the cost of administering the program so established. The license fee determined and set by the board, within said limits, shall remain in full force and effect from year to year without change, unless there is filed with the board a petition subscribed by the resident owners of at least fifty-one per cent (51%) of the sheep in the county, as shown by the assessment rolls of the last assessment preceding the filing of the petition, for termination of the program and repeal of the license fee, in which event the program shall by order of the board of county commissioners be disestablished and the license fee shall not be further levied. If the resident owners of at least fifty-one per cent (51%) of the sheep in the county either (a) petition for an increase in the license fee, subject always to the maximum limitation of ten cents (10¢) per head of sheep, or (b) petition for a decrease in the license fee then in force, the board of county commissioners shall upon receipt of any such petition fix a new license fee to continue from year to year and the program shall thereupon continue within the limits of the aggregate amount of the license fee as collected from year to year.

46-2305. Secretary—compensation. The commission shall select and appoint a secretary at a salary of not to exceed five hundred dollars ($500.00) per month. The secretary shall be the executive officer of the commission and shall be controlled and directed by the rules and regulations established by the commission from time to time and applicable to the duties of his office. The commission shall fix the salary of the secretary.

History: En. Sec. 5, Ch. 208, L. 1939; amd. Sec. 1, Ch. 13, L. 1949; amd. Sec. 1, Ch. 124, L. 1953; amd. Sec. 2, Ch. 257, L. 1955.

Amendment

The 1955 amendment inserted the words "at a salary of not to exceed five hundred dollars ($500.00) per month" in the first sentence; substituted the word "The" for the words "and said" which begins the second sentence and deleted from the end of the section the words "not to exceed four hundred dollars ($400.00) per month."

46-2320. Distribution of grazing preferences. When a state district is organized, grazing preferences shall be distributed in the following manner: Any member of a state district owning or controlling dependent commensurate property as heretofore defined may be given a grazing preference. If the carrying capacity of the range exceeds the reasonable needs of the members owning or controlling dependent commensurate property, members owning or controlling commensurate property shall have the preference. If the carrying capacity of the range exceeds the reasonable needs of the members owning or controlling dependent commensurate property or commensurate property, temporary grazing permits may be

issued to nonmembers or members, preferring those that have used the range for any three (3) or any two (2) consecutive years in the five-year period immediately preceding June 28, 1934; or in the case of districts organized after March 15, 1945, preferring those that have used the range five (5) years immediately preceding the organization of such districts. When such temporary permit is utilized by a permittee in connection with forage-producing lands owned or controlled by such permittee within or near the district for a period of any combination of four (4) years out of five (5), then the forage-producing lands owned or controlled by such permittee may be considered dependent commensurate property, and upon application, the district may accordingly grant such permittee membership and preference in the district providing an application had been made for temporary rights for each of the five (5) years. Provided, however, such temporary permits shall at all times be merely privileges granted from year to year, and their possession shall in no event establish a preference right unless such preference right be expressly granted by the district and in the manner herein provided.

If reduction in grazing privileges become necessary, operators with temporary permits will be reduced first on a proportionate basis. When the extent of reduction of privileges exceeds that of temporary permits, then the rights of operators with both dependent commensurate property and commensurate property shall be reduced together on a proportionate basis.

History: En. Sec. 20, Ch. 208, L. 1939; amd. Sec. 5, Ch. 199, L. 1945; amd. Sec. 3, Ch. 163, L. 1953; amd. Sec. 3, Ch. 257, L. 1955.

Amendment

The 1955 amendment made the word "districts" singular the last time it appears in the fourth sentence of the first paragraph and the word "reductions" singular in the first sentence of the second paragraph.

46-2326. Running livestock at large or in herd without permit forbidden —liability of owner—penalty—procedure—release to owner. (1) No owner or person in control of livestock shall permit the same to run at large, or under herd, within the exterior boundaries of any state district, unless the owner or person in control of such livestock shall first obtain a grazing permit for same from such state district; and the owner or person in control of such livestock running at large, or under herd, within a state district, without a permit from the district, or in excess of such permit, shall be liable for all damages sustained thereby by any member, permittee or state district. If any such livestock wrongfully enters upon premises within such district, the owner or person in control of such trespassing livestock, who willfully or negligently permits same to run at large within the district, without first obtaining a permit therefor from the district, shall be guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine not less than ten dollars ($10.00), nor more than five hundred dollars ($500.00), and in addition to said punishment, shall be liable for all damages sustained thereby to the party entitled thereto; provided that this provision shall not require any person to obtain a grazing permit to graze livestock upon land owned or controlled by him within such state district, if the stock so grazed is restrained from running

at large within such state district and from grazing upon any other lands within the state district.

(2) The state district or its duly authorized agent controlling the land upon which such wrongful entry is made by trespassing livestock, may take into its possession such livestock and shall reasonably care for same while in its possession and may retain possession of said livestock and have a lien and claim thereon as security for payment of such damages and reasonable charges for the care of said livestock while in its possession. The state district taking up such livestock shall, within seventy-two (72) hours after taking possession thereof, notify said owner, owners, or person in charge thereof, by a notice in writing, describing said livestock by number of animals and brands thereon, if any, the amount of damages claimed to date, and the charge per animal unit per day for caring for and feeding the same thereafter, such charges not to exceed fifty cents (50c) per animal unit per day, and describing by general description, the location of the premises upon which said livestock is held, and requiring such owner or owners, within ten (10) days after receiving said notice, to take said livestock away after making full payment of all damages and costs of said livestock.

(3) In case the parties do not agree as to the amount of damages, the state district taking up such livestock, may, at the expense of the owner, retain a sufficient amount of such livestock to cover the amount of damages claimed by the state district. Provided, however, that the owner may, upon furnishing a good and sufficient bond, conditioned for the payment to the state district of all sums, including costs that may be recovered by said state district in a civil action to foreclose its lien, have returned to him all livestock held as aforesaid, and said state district shall be liable to such owner for any loss or injury to said livestock accruing through the state district's lack of reasonable care. If the state district taking up livestock shall fail to recover in a civil action a sum equal to that offered to the state district by the owner of the livestock, the former shall bear the expense of keeping and feeding same while in its possession. Such notice may be given by personal service on the said owner, owners or person in charge thereof, or by leaving said notice at his usual place of residence with some member of his family over the age of fourteen (14) years, or by sending said notice by prepaid registered mail, addressed to his last known place of residence. Said service by registered mail shall be deemed complete upon the deposit of said notice in the post office.

(4) Upon demand, the state district or its authorized agent controlling the land, or party in charge of such livestock, shall release and deliver possession of such livestock to the owner or person entitled thereto, upon payment of damages and charges; but said payment of damages and charges shall not act as a bar to the prosecution of said person, owner or persons in control of such livestock, as hereinbefore provided. If the amount of damages or costs demanded by the party taking up such livestock is in excess of the actual damage and actual costs, the owner or person in charge of such livestock, may pay same under protest and thereafter sue to recover the amount paid in excess of the actual damages and

reasonable costs, provided suit to recover same is filed in the district court within sixty (60) days after payment.

(5) If after due diligence to discover the owner or possessor of such livestock, such owner or possessor can not be found, or the ownership of such livestock discovered, the state district taking up such livestock, or said owner or claimant shall refuse to pay the amount of damages or charges, or furnish bonds therefor, as herein provided, the party taking up such livestock shall, within ten (10) days from the time that said livestock was taken up, deliver to the sheriff or a constable of the county in which the livestock was taken up, a statement containing the information required to be given in the notice, hereinbefore set out, and in addition thereto, he shall mail, by prepaid registered mail, a copy of said statement addressed to the nearest state livestock inspector. Upon receipt of such statement, the sheriff or contable shall proceed to advertise and sell, at public auction, the livestock so taken up.

(6) Such livestock shall be sold on five (5) days' notice posted at the courthouse of each county in which any portion of the district lies and posted in three (3) public places in such county, one of which shall be within the district. Provided, however, that such sheriff may require from the state district a good and sufficient bond, conditioned that the state district has used reasonable diligence to discover the owner of such stock and to notify him in the premises and that all requirements of law on the part of the state district to be performed in the premises have been performed and indemnifying the sheriff against all liability for the sale of said livestock except as to his own failure to perform the things required of him by law.

(7) The proceeds of the sale shall, by the sheriff, after first deducting his costs and expenses, be applied to the discharge of the claims and the costs of the proceedings in selling the property and to the payment of the damages, claims and costs of the party taking up such livestock, and the remainder, if any, may be paid over to the owner of such livestock, if known, and if the owner is not known, then such remainder shall be deposited with the county treasurer, who shall keep the same in a public fund to be designated state grazing district fund (giving the name of the district). A separate fund, styled as above, shall be kept by the county treasurer for each of said districts within his county. The county treasurer shall make a record of the number and type of animals sold and the brands on same, if any, the amount received for same and the amount of deductions, which record shall be open to public inspection; and any person making claim to the board of county commissioners at any time within one (1) year from date of sale, of ownership of such livestock and submitting proof of ownership to such board, with such claim to the satisfaction of such board, shall be entitled to receive such excess received from the sale of such livestock. Any money received from the sale of any such livestock, which shall not be so claimed within one (1) year after such sale, shall, at the expiration of said period, be transferred to the general fund of the county.

(8) No officer, board or employee of any county or of any state district, nor any employee of such officer or board shall be liable for any

act performed in good faith in discharging official duties under this act; and all such acts shall be presumed to have been in good faith and in conformity with this act.

A registered dealer, who may sell or dispose of his entire business to any other person, may have his certificate of registration transferred to such purchaser upon filing with the registrar of motor vehicles a statement containing the name of the registered dealer, the number under which such dealer is registered, the name of the purchaser, and the location of the place of business so sold. Upon the filing of such statement, accompanied by a filing fee of one dollar ($1.00), the registrar of motor vehicles shall note upon the registration record of such dealer the change of ownership. But no certificate of registration can be transferred unless the entire business of the dealer holding such certificate of registration be sold and disposed of, and no such certificate of registration can be transferred to any person other than the purchasers of such business.

The provisions of this act with respect to the payment of registration fees shall not apply to or be binding upon motor vehicles, trailers or semitrailers or tractors owned or controlled by the United States of America or any state, county or city, but in all other respects the provisions of this act shall be applicable to and binding upon motor vehicles, tractors, trailers, and semitrailers.

All fees, other than license fees, mentioned and described in sections 53-110 and 53-112, and in section 53-135, shall hereafter be deposited in, and paid into, the motor vehicle recording fund of said registrar (sometimes called the motor vehicle administrative fund) out of which shall be paid all salaries, operating expenses, and all other expenses of the department of the registrar of motor vehicles.

There shall be immediately transferred from the motor vehicle fund of the registrar of motor vehicles to the said motor vehicle recording fund all moneys now in said motor vehicle fund which were collected by the registrar of motor vehicles as fees other than license fees.

Whenever, in the judgment of the state board of examiners, there shall be in said motor vehicle recording fund more moneys than are reasonably required or needed to pay all salaries, operating expenses, and all other expenses of the department of the registrar of motor vehicles, such board shall distribute such unneeded surplus or excess to the fifty-six (56) counties of the state in a pro rata manner based upon the total number of motor vehicles registered in each county.

53-129. (1760.7) **Foreign vehicles used in gainful occupation—reciprocity board may make reciprocal agreements to exempt.** (1) Before any foreign licensed motor vehicle shall be operated on the highways of this state for hire, compensation or profit, or before the owner thereof uses the vehicle while engaged in gainful occupation or business enterprise, in the state of Montana, including highway work, the owner of such vehicle shall make application to a county treasurer for registration, upon an application form furnished by the registrar of motor vehicles. Upon satisfactory evidence of ownership submitted to such county treasurer, the treasurer shall accept the application for registration and shall collect the regular license fee required for the vehicle. The treasurer shall thereupon issue to the applicant a copy of the application entitled "Owner's Certificate of Registration Receipt" and forward a duplicate copy of certificate of registration to the registrar of motor vehicles. The treasurer shall at the same time issue to the applicant the proper license plates or other identification markers, which shall at all times be displayed upon such vehicle, when operated or driven upon roads and highways of this state, during the period of the life of such license. The registration receipt shall not constitute evidence of ownership, but shall only be used for registration purposes. No Montana certificate of title shall be issued for this type of registration. This paragraph shall not be applicable to any vehicle which is a part of an interstate fleet registered and licensed under the provisions of section 53-114, Revised Codes of Montana, 1947, as amended, nor to any vehicle covered by a valid and existing reciprocal agreement or declaration entered into as hereinafter set forth.

(2) (a) There is hereby created for the purpose of the administration of this act a state reciprocity board, which consists of five (5) members to be appointed by the governor. One of said members shall be a member of the registrar of motor vehicles; one shall be a member of the Montana highway patrol; one shall be a member of the Montana state highway commission; one shall be a member of the state board of equalization; and one shall be the attorney for the Montana state highway commission. The members of the state reciprocity board shall meet in the offices of the state highway commission at the state capitol and organize as a state reciprocity board during the first week in July, 1955, or as soon thereafter as possible.

At the first annual meeting and at each annual meeting thereafter the board shall elect a secretary who may be, but need not be, a member of said board, and the board shall elect a chairman from its own membership who shall hold office for one (1) year. Election as chairman shall not interfere with the member's right to vote on all matters before the board. The board shall meet at such other times as it deems advisable, but at least once every thirty (30) days, and shall from time to time adopt rules and regulations for the administration of this act as may be deemed necessary.

(b) The board shall act collectively in harmony with recorded resolutions or motions adopted by the majority of the board at regular or special meetings, notice of which meetings shall be given to all members pursuant to the rules of said board. Three (3) members shall constitute a quorum at any meeting; but no resolution, motion, or other decision of the board shall be adopted or passed without the favorable vote of at least three (3) members.

(3) (a) The state reciprocity board shall have the power to enter into agreements or arrangements with the duly authorized representatives of other states, the District of Columbia, territories or possessions of the United States and foreign states, provinces or countries granting exemption to owners of vehicles which are properly registered or licensed in such jurisdictions, and upon which evidence of registration is conspicuously displayed, from the payment, wholly or partially, of any taxes, fees or other charges imposed upon such owners with respect to the ownership or operation of such vehicles under the laws of this state. Such agreements or arrangements shall provide that owners of vehicles registered or licensed in this state who operate vehicles upon the highways of such other states, the District of Columbia, territories or possessions of the United States and foreign states, provinces or countries shall receive substantially equivalent exemptions, benefits and privileges as are extended to owners of vehicles from such jurisdictions in this state.

(b) Agreements or arrangements entered into under the authority herein granted may contain provisions authorizing an owner or owners of one of the states, district, territories or possessions of the United States or foreign states, provinces or countries which is a party thereto to register or license vehicles in another jurisdiction which is a party thereto. Vehicles registered or licensed in one of such jurisdictions under such provision shall be exempt from registration or licensing requirements in the other jurisdiction or jurisdictions which are parties thereto and shall be entitled to all exemptions, benefits and privileges granted with respect to other vehicles registered or licensed in such jurisdiction, as to such interstate operations.

(c) Agreements or arrangements entered into under the authority herein granted may contain provisions denying the exemptions, benefits and privileges granted thereunder to any owner who violates conditions stated therein or who violates rules and regulations for the administration of reciprocal exemptions, benefits and privileges issued by the state reciprocity board.

(d) The state reciprocity board is authorized to examine the legal requirements of motor vehicle registration, license and weight fee statutes of states which grant reciprocal privileges to out-of-state owners but which do not authorize negotiation or execution of agreements by administrative officials and it is authorized to determine, by such examination, and to declare the extent and nature of the reciprocal exemptions, benefits and privileges to which owners of vehicles from such states shall be entitled under the laws of this state.

(e) All agreements, arrangements, declarations and rules and regulations authorized by this section shall be in writing and shall become effective when filed with the secretary for the state reciprocity board who shall make copies available to the public upon request.

Provided, that in addition to the fees provided for in Schedules I and II of this act, for each motor truck, truck-tractor, trailer, or semitrailer hauling loads in excess of forty-two thousand (42,000) pounds and within the weight limits specified in section 32-1123, Revised Codes of Montana, 1947, as amended by section 1, chapter 73, Laws of 1953, and all other amendments thereto, there shall be collected a fee of fifty dollars ($50.00) for each two thousand (2,000) pounds, or fraction thereof.

Provided, that in lieu of the additional fee provided in this section there shall be collected a fee of five dollars ($5.00) on any motor truck, truck-tractor, trailer or semitrailer used only for the purpose of transporting any air compressor, rock crusher, conveyor, hoist, wrecker, donkey engine, cook house, tool house or bunk house attached to or made a part of such motor truck, trailer or semitrailer.

Any person who operates any such vehicle upon the public highways after the expiration of said ten (10) days, shall be guilty of a misdemeanor, and in addition shall be required to purchase a gross weight license for the vehicle involved at the fee covering an entire year's license for operation thereof, less the fees for any period or periods of the year already paid. Provided further, that there shall be paid and collected anually for each bus or auto stage with the exception of school busses the sum of seven dollars ($7.00) per seat exclusive of the first seven (7) seats and the operator, for the maximum adult seating capacity thereof; provided further, that motor vehicles which are regularly used to haul freight and passengers shall be taxed upon the basis of the gross weight schedule hereinabove established; provided further, that school busses shall not be exempt if they enter charter service.

53-625. Reciprocity — proportional registration of fleets of motor vehicles engaged in interstate commerce. (a) Reciprocity shall be granted, notwithstanding any thing to the contrary herein, in accordance with section 53-129, Revised Codes of Montana, 1947, as amended.

(b) Any owner or operator engaged in operating fleets of two or more motor vehicles in this state in interstate commerce may license such fleet for operation in this state by filing a sworn application with the state highway commission and an identical copy with the county treasurer or county treasurers of the proper county or counties of licensing declaring the total mileage operated during the preceding calendar year or fiscal year, as designated by the state reciprocity board, in this state and in all states having on file with the state reciprocity board a valid agreement or arrangement providing for proportional payment of the annual fees provided in this act. Said statement shall describe and identify each such vehicle to be operated in this state during the ensuing license year. At the discretion of the state reciprocity board, such interstate fleet may be licensed on the basis of proportional vehicle proration or proportional dollar proration. For the purpose of this act proportional vehicle proration is defined as the licensing of a sufficient number of certain vehicles under this section to produce total fee payments not less than an amount obtained by applying the proportion of in-state fleet miles to total fleet miles, as reported in said statement, to the fees which would otherwise be required for total fleet licensing in this state. Proportional dollar proration is defined as the payment of sufficient fees under this section to equal the amount produced by applying the proportion of in-state fleet miles to total fleet miles, as reported in said statement, to the fees which would otherwise be required for total fleet licensing in this state. The state high-

way commission, on payment of the proper fees under this section, shall upon payment of a fee of two dollars for each motor vehicle issue distinctive plates, stickers or other identification for each vehicle named in said statement identifying it as an interstate fleet which shall be exempt from all further license and weight fee requirements of this state, which may be specified in Title 53, Chapter 6, Replacement Volume Number Three (3) of the Revised Codes of Montana, 1947, and acts amendatory, provided, that each of such vehicles is properly and duly licensed and registered in this state or some other state, district, possession or territory of the United States or some foreign province, state or country. The proportional licensing provisions of this section shall apply to vehicles added to said fleet and operated in this state during the license year. Montana operators electing to license an interstate fleet shall comply with all requirements of this section relating to the payment of property taxes on his entire fleet.

Mileage proportions for interstate fleets not operated in this state during the preceding year will be determined by the state highway commission upon the sworn application of the applicant on forms to be supplied by the state highway commission, which will show the operations of the preceding year in other states and the estimated operation in Montana or if no operations were conducted the previous year a full statement of the proposed method of operation.

Any owner or operator complying with and being granted proportional licensing shall preserve the records on which the application is made for a period of four (4) full years following the year upon which said application is based. Upon request of the state highway commission, the owner or operator agrees to make such records available to the state highway commission at its offices for audit as to accuracy of computation and payments, or to pay the costs of an audit by the state highway commission or its duly appointed representative at the home office of the owner or operator. If by audit, it is determined that the owner or operator should have licensed more vehicles or paid higher fees in Montana under provisions of this paragraph, the state highway commission may deny such owner or operator the right of any further benefits by reason of any reciprocal agreement or arrangement until the fees for such additional vehicle or vehicles which should have been licensed are paid to the state highway commission. All license fees which should have been paid under the provisions of this paragraph shall be a lien upon all the property of the owner or operator and such lien shall attach at the time the license fees shall be determined by the state highway commission and shall have the effect of an execution duly levied on such property of the owner or operator and shall so remain until said additional fees, so determined, are paid or the property sold for the payment thereof.

(c) The license and weight fees provided for in this act shall mean the fees specified in Title 53, Chapter 6, Replacement Volume Number Three (3) of the Revised Codes of Montana, 1947, and acts amendatory.

Each truck, truck tractor or bus shall have permanently marked in clearly visible letters and numbers at least two (2) inches in height on the driver's side of said vehicle, the maximum gross weight or maximum gross weight of the combinations of vehicles or seating capacity for which said vehicle is taxed under this act. (1) Benefits will be provided for employees whose services are covered by the agreement (and their dependents and survivors) on the same basis as though such services constituted employment within the meaning of title II of the social security act;

(2) The state will pay to the secretary of the treasury of the United States, at such time or times as may be prescribed under the social security act, contributions with respect to wages (as defined in section 2 [59-1102] of this act), equal to the sum of the taxes which would be imposed by the federal insurance contributions act if the services covered by the agreement constituted employment within the meaning of that act;

(a) Every employee of the state whose services are covered by an agreement entered into under section 4 [59-1103] shall be required to pay for the period of such coverage, into the contribution fund established by section 7 [59-1105], contributions, with respect to wages (as defined in section 2 [59-1102] of this act), equal to the amount of employee tax which would be imposed by the federal insurance contributions act if such services constituted employment within the meaning of that act. Such liability shall arise in consideration of the employee's retention in the service of the state, or his entry upon such service, after the enactment of this act.

(b) The contribution imposed by this section shall be collected by deducting the amount of the contribution from wages as and when paid, but failure to make such deduction shall not relieve the employee from liability for such contribution.

(c) If more or less than the correct amount of the contribution imposed by this section is paid or deducted with respect to any remuneration, proper adjustments, or refund if adjustment is impracticable, shall be made, without interest, in such manner and at such times as the state agency shall prescribe.

Compiler's Note

Section 5 of Ch. 270, Laws 1955 contained a preliminary clause which read "That chapter 44 of the Session Laws of Montana, 1953, be, and the same is hereby amended by adding thereto a new section providing for contributions with respect to wages by state employees, said new section to be designated as section 5 and to read as follows:"

59-1104. Plans for coverage of employees of political subdivisions. (a) Each political subdivision of the state shall submit for approval by the state agency a plan for extending the benefits of title II of the social security act, in conformity with applicable provisions of such act, to employees of such political subdivision. Each such plan and any amendment thereof shall be approved by the state agency if it finds that such plan, or such plan as amended, is in conformity with such requirements as are provided in regulations of the state agency, except that no such plan shall be approved unless:

(1) it is in conformity with the requirements of the social security act and with the agreement entered into under section 4 [59-1103];

(2) it provides that all services which constitute employment as defined in section 2 [59-1102] and are performed in the employ of the political subdivisions by employees thereof, shall be covered by the plan, except that it may exclude services performed by individuals to whom section 218(d)(3)(C) of the social security act is applicable;

(3) it specifies the source or sources from which the funds necessary to make the payments required by paragraph (1) of subsection (c) and by subsection (d) are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose;

(4) it provides for such methods of administration of the plan by the political subdivision as are found by the state agency to be necessary for the proper and efficient administration of the plan;

(5) it provides that the political subdivision will make such reports, in such form and containing such information, as the state agency may from time to time require, and comply with such provisions as the state agency or the secretary of health, education, and welfare may from time to time find necessary to assure the correctness and verification of such reports;

(6) it authorizes the state agency to terminate the plan in its entirety, in the discretion of the state agency, if it finds that there has been a failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the state agency and may be consistent with the provisions of the social security act.

(b) The state agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (a), and shall not terminate an approved plan, without reasonable notice and opportunity for hearing to the political subdivision affected thereby.

(c)(1) Each political subdivision as to which a plan has been approved under this section shall pay into the contribution fund, with respect to wages (as defined in section 2 [59-1102] of this act), at such time or times as the state agency may by regulation prescribe, contributions in the amounts and at the rates specified in the applicable agreement entered into by the state agency under section 3 [59-1102.1].

(2) Each political subdivision required to make payment under paragraph (1) of this subsection shall, in consideration of the employee's retention in, or entry upon, employment after enactment of this act, impose upon each of its employees, as to services which are covered by an approved plan, a contribution with respect to his wages (as defined in section 2 [59-1102] of this act), not exceeding the amount of the employee tax which would be imposed by the federal insurance contributions' act if such services constituted employment within the meaning of that act, and to deduct the amount of such contribution from his wages as and when paid. Contributions so collected shall be paid into the contribution fund in partial discharge of the liability of such political subdivision or instrumentality under paragraph (1) of this subsection. Failure to deduct such contribution shall not relieve the employee or employer of liability therefor.

(d) Delinquent payments due under paragraph (1) of subsection (c) may, with interest at the rate of six per centum (6%) per annum, be recovered by action in a court of competent jurisdiction against the political subdivision liable therefor, or may, at the request of the state agency, be deducted from any other moneys payable to such subdivision by any department, agency or fund of the state.

Section 2 of Ch. 224, Laws 1955 repealed all acts and parts of acts in conflict therewith.

60-145. Privilege and license tax, quarterly statements, penalties—drilling permit fees—oil and gas conservation fund. A. For the purpose of providing funds for defraying the expenses of the operation and enforcement of this act, and the expenses of said commission, the operators and producers of oil and gas shall be required to pay, and they will pay, the following schedule of assessments on each and every barrel of crude petroleum originally produced, saved and marketed or stored within the state of Montana, or exported from the state of Montana, to-wit: (1) On leases on which wells are producing an average of twenty-five (25) barrels per day, or less, one-fourth of one cent (¼¢) per barrel; (2) On leases on which wells are producing an average of more than twenty-five (25) barrels per day, one-half of one cent (½¢) per barrel; (3) And, on wells producing, saving and marketing, storing, or exporting natural gas, said operators and producers shall pay one (1) mill per ten thousand (10,000) cubic feet. Such payments shall be made during the time said commission is in existence. Producers thereof shall make such payment on each and every barrel of crude petroleum and each ten thousand (10,000) cubic feet of natural gas produced for themselves, as well as for others, including royalty holders and shall be reimbursed for such payments made on crude oil and natural gas produced for others in the same manner as they are reimbursed for net proceeds tax paid on crude pe-

troleum or natural gas produced for others as provided for in section 84-5409, Revised Codes of Montana, 1947.

For the purposes of this section, a "lease" shall mean that particularly described tract of land contained in a contract in writing, under seal, whereby a person having a legal estate in the land so described conveys a portion of his interest to another, in consideration of a certain rental or other recompense or consideration. Further, for the purposes of this section, leases owned or operated by one lessee which in whole or in part cover or affect an underground reservoir containing a common accumulation of crude petroleum oil or natural gas, or both, or which are encompassed within or affected by one particular unit agreement shall be considered as one lease relative to payments to be made under this section.

In addition to the above-mentioned privilege and license tax, any person, before commencing the drilling of any oil or gas well, shall secure from the commission a drilling permit and shall pay to the commission therefor the following amounts: for each well whose estimated depth is thirty-five hundred (3500) feet or less, twenty-five dollars ($25.00); from thirty-five hundred and one (3501) feet to seven thousand (7,000) feet, seventy-five dollars ($75.00); seven thousand (7,000) feet and deeper, one hundred fifty dollars ($150.00).

B. Each producer of crude petroleum in the state of Montana shall, not later than the last day of each of the calendar months of January, April, July and October, of each and every calendar year, render a true statement to the state treasurer of the state of Montana, and a duplicate thereof to the commission, duly signed and sworn to, of all crude petroleum produced by him in this state during the preceding three (3) calendar months, and containing such other information as the commission may require, and shall accompany such statement with the payment to the state treasurer of the assessment provided for in subsection A. of this section, above, for the period covered by such statement. Each producer of natural gas in the state of Montana shall render like statements to the state treasurer of all natural gas produced by him in this state, and shall make payment of the assessment provided for in said subsection A. of this section, above, at such times and for such periods as may be prescribed by regulation of the commission. Any producer carrying on business at more than one (1) place or location in this state may include all such places of business in one (1) statement.

C. Any such assessment not paid within the time herein specified shall be delinquent, and a penalty of twenty-five per cent (25%) thereof shall be added thereto and the whole thereof shall bear interest at the rate of one per cent (1%) per month from the date of delinquency until paid. Upon request of the commission it shall be the duty of the attorney general to commence and prosecute to final determination in any court of competent jurisdiction an action at law to collect the same.

D. All money collected under the provisions of this act shall be deposited in a special fund to be known as the "Oil and Gas Conservation Fund" by the state treasurer of the state of Montana, and the fund to be raised shall be used for the purpose of paying all expenses of said commission and for no other purpose; all monies from this fund shall be used

by said commission subject to the approval of the controller and biennial appropriations by the legislative assembly. Upon the termination of said commission any balance remaining in said fund shall be paid over to the general fund of the state. All accounts and expenditures of said commission shall be certified by the commission, approved by the board of examiners, and paid by the state treasurer upon warrants drawn by the state auditor out of the oil and gas conservation fund.

E. The commission may appoint a secretary and employ such other persons as experts, assistants, clerks, and stenographers, as may be deemed necessary to perform the duties that may be required of it, and fix their compensation; provided, however, that the total expenditures of such commission shall not exceed in the aggregate during any fiscal year, the amount actually collected under the provisions of subsection A. of this section, above, plus any amount appropriated for that purpose, or otherwise accruing to said fund. The members of the commission shall be allowed their several expenses incurred in the discharge of their duties, as is elsewhere provided in this act.

CHAPTER 8—UNDERGROUND GAS STORAGE RESERVOIRS

Section 60-801. Definitions.
60-802. Underground storage.
60-803. Eminent domain—use and limitations.
60-804. Certificate of commission—publication.
60-805. Proceedings.

60-801. Definitions. As used in this act (a) "underground reservoir" shall mean any subsurface sand, stratum or formation of the earth suitable for the injection and storage of natural gas therein and the withdrawal of natural gas therefrom; (b) "natural gas" shall mean gas either while in its original state or after the same has been processed by removal therefrom of component parts not essential to its use for light and fuel; (c) "native gas" shall mean gas which has not been previously withdrawn from the earth; (d) "natural gas public utility" shall mean any person, firm or corporation authorized to do business in this state and engaged in the business of transporting or distributing natural gas by means of pipelines into, within or through this state for ultimate public use; (e) "commission" shall mean the oil and gas conservation commission of the state of Montana; (f) "underground storage" shall mean the process of injecting and storing of natural gas within and withdrawing of natural gas from an underground reservoir.

History: En. Sec. 1, Ch. 259, L. 1955.

Title of Act

An act relating to and providing for the acquisition by a natural gas public utility through the exercise of the right of eminent domain of sands, strata and formations in land for use as underground gas storage reservoirs and other property for use in connection therewith, and to amend sections 93-9902, 93-9903, 93-9908 and 93-9911 of the Revised Codes of Montana of 1947, as amended by the Session Laws of Montana, 1953, chapter 245, sections 1, 2, 3 and 4, respectively, and to amend section 93-9909 of the Revised Codes of Montana of 1947, all relating to the right of eminent domain, and repealing all acts and parts of acts in conflict herewith.

60-802. Underground storage. The underground storage of natural gas which promotes conservation thereof, which permits the building of reserves for orderly withdrawal in periods of peak demand, which makes more readily available natural gas to the domestic, commercial and industrial consumers of this state, or which provides a better year-round market to the various gas fields, serves the public interest and welfare of this state.

Therefore, in the manner hereinafter provided the commission and the court may find and determine that the underground storage of natural gas as hereinbefore defined is in the public interest.

History: En. Sec. 2, Ch. 259, L. 1955.

60-803. Eminent domain—use and limitations. Any natural gas public utility may acquire through the exercise of the right of eminent domain as hereinafter provided for its use for the underground storage of natural gas any underground reservoir which the commission shall have found to be suitable and in the public interest for the underground storage of natural gas, and in connection therewith may acquire such other interests in property as may be required adequately to maintain and operate such underground reservoir facilities; provided, however, that the acquisition by the exercise of the right of eminent domain of underground reservoirs granted hereby, shall be limited as follows:

(a) No sand, formation, or stratum which is producing or has produced, or which is capable of producing oil, shall be subject to appropriation hereunder.

(b) No gas bearing sand, formation, or stratum shall be subject to

appropriation hereunder, unless the recoverable volumes of native gas therein have all been produced or unless such sand, formation or stratum has a greater value or utility as an underground reservoir for the purpose of insuring an adequate supply of natural gas for domestic, commercial, or industrial consumers of natural gas, or for the conservation of natural gas, than for the production of the remaining relatively small volumes of native gas as compared with the original volumes of natural gas therein, provided that no gas, sand, formation or stratum shall be acquired under the terms of this act when the gas in the underground reservoir is being used for the secondary recovery of oil unless gas in necessary and required amounts is furnished to the operator or operators of the secondary recovery operations for as long as oil is produced in paying quantities in the secondary operations for the recovery of oil at the same cost as the cost to it or them at the time of acquisition of the gas being used in such secondary operations, not exceeding, however, the quantity of the appropriated gas that remained recoverable from such sand, formation or stratum at the time of its acquisition, if such operator was or such operators were at such time entitled to the whole thereof, or if it was or they were at such time entitled to less than the whole thereof, then not to exceed the quantity thereof to which such operator was or operators were then entitled.

(c) Only such area of such underground sand, formation or stratum as may reasonably be expected to be penetrated by gas displaced or injected into such underground gas storage reservoir may be appropriated hereunder.

(d) No rights or interests in existing underground gas reservoirs, being used for the injection, storage or withdrawal of natural gas, owned or operated by a natural gas public utility as defined in this act other than the natural gas public utility seeking to acquire the same, shall be subject to appropriation hereunder.

The exercise of the right of eminent domain hereby granted shall be without prejudice to the rights of the owner of said lands or of other rights or interests therein to drill or bore into or through the underground reservoir so appropriated in such manner as shall comply with orders, rules and regulations of the commission issued for the purpose of protecting underground reservoir against pollution and against the escape of natural gas therefrom and shall be without prejudice to the rights of the owner of said lands or other rights or interests therein as to all other uses thereof. The additional cost of complying with such regulations or orders in order to protect the storage reservoir shall be paid by the natural gas public utility.

History: En. Sec. 3, Ch. 259, L. 1955.

60-804. Certificate of commission—publication. Any natural gas public utility desiring to exercise the right of eminent domain as to any property for use for underground storage of natural gas shall, as a condition precedent to the filing of its complaint in the district court, apply for and obtain from the commission a certificate setting out findings of said commission (a) that the underground sand, stratum or formation sought to

be acquired is suitable for an underground reservoir for the storage of natural gas and that its use for such purposes is in the public interest; (b) the amount of native gas, if any, remaining therein and the portion thereof recoverable; (c) and that the applicant has in good faith sought to acquire the rights sought hereunder; provided, that the commission shall issue no such certificate until after public hearing is had on the application, pursuant to notice given to all persons known to have an interest in the property proposed to be acquired in the manner provided by the laws of the state of Montana for service of process in a civil action as set forth in Chapter 30, Title 93, Revised Codes of Montana of 1947, as amended, and the executive secretary of the commission shall for such purposes be vested with the same powers and charged with the same duties as the clerk of the district court has under said chapter.

History: En. Sec. 4, Ch. 259, L. 1955.

60-805. Proceedings. Any natural gas public utility having first obtained a certificate from the commission as hereinbefore provided, desiring to exercise the right of eminent domain for the purpose of acquiring property for the underground storage of natural gas shall do so in the manner hereinafter provided. Such natural gas public utility shall present to the district court of the county wherein the land is situated, or to the judge thereof a complaint setting forth the purpose for which the said property is sought to be acquired, a description of the property sought to be appropriated and the names of the owners thereof as shown by the records of such county. The plaintiff shall file the certificate of the commission as a part of its complaint and no order by the court granting said complaint shall be entered without such certificate being filed therewith, and subsequent proceedings shall follow the procedure provided by law in the exercise of the rights of eminent domain, sections 93-9901, et seq. Revised Codes of Montana of 1947, as amended.

History: En. Sec. 5, Ch. 259, L. 1955. amended sections 93-9902, 93-9903, 93-9908, 93-9909 and 93-9911, respectively.

(g) who has, in the state of Montana, or in any other state of the United States, wilfully abandoned such child; or,

(h) who has caused the child to be maintained by any public orphans' home, asylum, charitable home or charitable agency or any licensed adoption agency, or the state department of public welfare of the state of Montana for a period of one (1) year without contributing to the support of said child during said period.

(3) When any child who is an orphan (i.e., a child who has lost both father and mother), or a half-orphan (i.e., a child who has lost either father or mother), or who is an illegitimate child, has been kept and maintained in or at any public orphans' home, asylum, charitable home or charitable agency, or by the state department of public welfare in this state for a period of one (1) year or more, such orphan, half-orphan, or illegitimate child may be adopted with the consent of a licensed adoption agency as such an agency is defined by law, or with the consent of the state department of public welfare, or with the consent of the Montana state orphans' home, without the consent of a living parent, if any, unless such living parent has paid toward the expense of maintenance of such half-orphan or illegitimate child at least sixty percentum (60%) of the legitimate cost of keeping and maintaining said child during said period of one (1) year or more if able to do so.

(4) Whenever any child has been left by its parents in any public orphans' home, or asylum, or a children's home, or with any licensed adoption agency or foster home, for a period of more than one (1) year, and the parents of such child, if living, are not residents of the state of Montana, or the surviving parent, if living, is not a resident of the state of Montana, the consent of such parents or parent is not necessary to its adoption irrespective of whether such parents or parent have contributed to the support of the child during said period and, in all such cases, the state department of public welfare, or the Montana state orphans' home, or any licensed adoption agency, is authorized to give such consent as is in this chapter required, and such consent shall be given in the same manner that parents are authorized by law to consent to the adoption of children.

(5) (a) Whenever the adoption of a child, whether legitimate or illegitimate, is sought in any petition for adoption, and the case is one in which the consent of the parent is not required, the court shall, nevertheless, upon the filing of such petition, cause notice of said petition, and service of process for the attendance of said parent or parents at the hearing on said petition to be made on the parent or parents of the child in the following manner: The court shall order a citation to issue to the parent or parents in the name of the state of Montana, and under the seal of the court, directing such parent or parents to appear in court at a time to be fixed by the court, and show cause why said petition should not be granted; except no citation shall be required in any case where the parent or parents have been deprived of the custody of their child or children by the judgment of a court of competent jurisdiction in a proceeding to have such child or children declared neglected or dependent children under the provisions of sections 10-501 to 10-519. Such citation together with a copy of the petition for adoption shall be personally served upon such parent or parents.

(b) If, however, any such parent or parents cannot be found within this state, service may be had by publication of a copy of said citation in the manner provided for the publication of summons by section 93-3014. If after completion of such service, any parent so served does not appear, the court may act upon the petition, and the order of the court thereon shall be binding upon all persons so served; provided that any such person shall have the right to appeal from the order in the manner and form provided for appeals from the judgment in civil actions.

History: En. Sec. 10, Ch. 240, L. 1957.

61-211. Interlocutory and final decree. Upon examination of the report described in section 9 [61-209] and after hearing, the court may issue an interlocutory decree giving the care and custody of the child to the petitioners, pending the further order of the court. Thereafter the investigator shall observe the child in his adoptive home and report in writing to the court within six (6) months on any circumstances or conditions which may have a bearing on the adoption. After six (6) months from the date of the interlocutory decree the petitioners may apply to the court for a final decree of adoption. The court shall thereupon set a time and place for

final hearing. Notice of the time and date of the hearing shall be served on the state department of public welfare and the investigator. every owner or manager of a barber shop, school or college which continues in active operation shall annually, on or before May 31st renew his barber shop, school or college license and pay the required fee.

Every barber shop, school or college license which has not been renewed during the month of May in any year shall expire on the 31st day of May in that year, and for the restoration of an expired barber shop license the fee shall be ten ($10.00) dollars, and for an expired barber school or college license, the fee shall be fifty-five ($55.00) dollars.

CHAPTER 10—MEDICINE—REGULATION OF PRACTICE

Section 66-1003. Examination and qualifications of applicants.

66-1003. (3118) **Examination and qualifications of applicants.** Every person who is an applicant to practice medicine and surgery in the state of Montana shall apply to said board of medical examiners for a certificate so to do. Every person applying shall present his or her diploma to the said board for verification as to its genuineness;

(a) if the diploma is found to be genuine, and is issued by a university, college or school currently approved by the council on medical education and hospitals of the American medical association, which fact said board shall determine, and

(b) if the person presenting and claiming said diploma be the person to whom the same was originally granted, said person shall thereupon,

submit to an examination at a time and place designated by said board, which may be the time and place of a regular meeting of said board, in and upon each of the following branches of medicine and surgery, to-wit: Anatomy, physiology, materia medica, therapeutics, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, and diseases of the eye and ear. Said board shall cause such examination to be both scientific and practical, and of sufficient breadth, thoroughness and intensity to test the candidate's fitness to practice medicine and surgery. After examination, such board, if the candidate has been found qualified, shall grant a certificate to such candidate to practice medicine and surgery in the state of Montana, which said certificate can be granted only by the consent of not less than four (4) members of said board, and which said certificate shall be signed by the president and signed and attested by the secretary of said board and authenticated by the seal thereof; provided, however, that in all cases where an applicant for a certificate under this section shall produce and exhibit to said board a genuine certificate from a board of medical examiners (however designated by the law of any other state or a Province of Canada) duly appointed and existing under the laws of any state of the United States or a Province of Canada, and which state or Province of Canada through its said board recognizes certificates or licenses issued by the board of medical examiners of Montana, certifying to the facts:

(1) that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state or Province of Canada issuing said certificate, and that said board issuing said certificate has subjected the applicant to a thorough written examination to ascertain this fact, or certifying to the facts;

(2) that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state or Province of Canada issuing said certificate; and to the further fact, if such is the case, that said applicant was exempt from examination under the provisions of the law of said state or a Province of Canada, by reason of his residence in said state or a Province of Canada in the active practice of medicine and surgery at the time of the passage in said state or a Province of Canada of said law requiring the examination of applicants to practice medicine and surgery; and if said board of medical examiners is satisfied and finds that the requirements for admission to the practice of medicine and surgery in such other state or a Province of Canada, past or current, are the equivalent of the Montana requirements; he or she may, in the sound discretion of said board of medical examiners of Montana, upon paying the fee required of applicants for examination under the provisions of section 66-1008, and otherwise complying with all the requirements of the medical practice act of Montana, receive from said board of medical examiners of Montana a certificate to practice medicine and surgery within this state, and upon filing said certificate with the county clerk of the county in which he resides, as provided in section 66-1005, said person shall be a legally qualified practitioner of medicine and surgery in the state of Montana; provided, however, that the board may, in any case of an applicant for admission by reciprocity, require a full written examination of said

applicant. During any period intervening between the regular meetings of said board of medical examiners, any person desiring to practice medicine in this state may present his or her diploma to the president or secretary of said board, who may, upon the concurrence of any four (4) members of the board, issue a temporary certificate to practice, valid only until the next regular meeting of said board.

All physicians and surgeons who hold certificates heretofore granted by the existing board of medical examiners of Montana, or who are now legally entitled to practice medicine and surgery in this state, shall be exempt from the provisions of this section. Licenses or certificates to practice medicine and surgery in the state of Montana shall be issued only to citizens of the United States of America or to subjects of the Dominion of Canada who have filed their declaration of intention to become a United States citizen: provided, however, that the board of medical examiners shall have the power to annul and revoke any license or certificate issued to any physician and surgeon who has filed his declaration of intention to become a United States citizen, and who thereafter fails to become naturalized within the time and manner provided for and prescribed by Congress. The board may, by specific regulation, prescribe and enforce reciprocity requirements current with changes in standards in the practice of medicine and surgery.

Physiotherapy

The practice of physiotherapy constitutes the practice of medicine under Montana law. State v. Bain, — M —, 295 P 2d 241, 243.

Where a person represented himself as Dr. Bain, physiotherapist, there was a violation of this section since physiotherapy is the practice of medicine and the affixing of the word "Dr." was in a medical sense. State v. Bain, — M —, 295 P 2d 241.

CHAPTER 15—PHARMACY—REGULATION OF SALE OF DRUGS AND MEDICINES

Section 66-1507. Annual renewal of registration fees.

66-1507. (3177) Annual renewal of registration fees. Every person licensed and registered by the board shall annually pay to the board a renewal of registration fee of five dollars ($5.00). It shall be unlawful for any such person who refuses or fails to pay such renewal fee to practice pharmacy in this state. The practice of pharmacy in the state of Montana is declared a professional practice affecting the public health, safety and welfare and is subject to regulation and control in the public interest.

Every certificate and renewal shall expire at the time prescribed, not later than one (1) year from its date. Any person who has been registered and licensed by the board and has defaulted in the payment of said renewal fee may be reinstated within two (2) years of such default without examination upon payment of the arrears.

Amendment

The 1957 amendment inserted the third sentence.

66-1522. Use of words "drug store," "pharmacy," etc.

Unconstitutional

Held, that since under sections 66-1508 and 66-1525 a store can sell ordinary household or medicinal drugs, they cannot be deprived of the use of the word "drug" in advertisement under this section since the act makes no requirement that the registered pharmacist who may use the name "drug" and sell the drugs make any analysis, inspection or examination of the drug to be passed on by him to the purchasing public. Pike v. Porter, 126 M 482, 253 P 2d 1055, 1056.

The provision excluding those who are not registered pharmacists from the use of the word "drug" in advertising household drugs bears no reasonable relationship to the protection of human life, health or safety but merely discriminates in favor of a certain class and is in consequence unconstitutional and invalid. Pike v. Porter, 126 M 482, 253 P 2d 1055, 1057.

CHAPTER 17—PHOTOGRAPHY—REGULATION

66-1701. Photography defined.

Unconstitutional

Chapter 37 of Laws 1937 (66-1701 et seq.) known as the Photographic Examiners Act declared unconstitutional as violative of sections 3 and 27 of Article 3 of the Montana Constitution and section 1 of the 14th Amendment to the Constitution of the United States. 66-1903. (4058) **Real estate broker defined.** A "real estate broker," within the meaning of this act, is a person who for a compensation, or promise thereof, sells or offers for sale, buys or offers to buy, lists or solicits for prospective purchasers, receives or demands an advance fee, negotiates, or offers to negotiate, either directly or indirectly, whether as the employee of another or otherwise, the purchase, sale, exchange of real estate, or any interest therein, for others, as a whole or partial vocation. The word "person" as used in this act, shall be construed to mean and include a corporation. issued primarily for the purpose of promoting the sale or lease of business opportunities or real estate or for referral to real estate brokers or salesmen, other than a newspaper of general circulation, prior to the printing thereof. The provisions of this act shall not apply to any person who purchases property for his own use or account, nor to any person, who, being the owner of property, sells, exchanges, or otherwise disposes of the same for his own account, nor to any person holding a duly executed power of attorney written in a separate instrument designated as such, from the owner granting power to consummate the sale, exchange or leasing of real estate, nor to the services rendered by an attorney at law for or on behalf of his client, nor to any receiver, trustee in bankruptcy, guardian, administrator, or executor, nor to any person acting under the order of the court, nor to any person selling under a deed of trust.

Amendment

The 1957 amendment inserted the words "lists or solicits for prospective purchasers, receives or demands an advance fee" in the first sentence; added the third sentence and deleted the words "nor to any person making one single transaction a year" which formerly appeared as the first "nor clause" in the fourth sentence.

Effective Date

Section 3 of Ch. 129, Laws 1957 provided the act should be in effect from and after its passage and approval. Approved March 9, 1957.

estate broker. The co-partnership shall also file with their application a good and sufficient bond in the sum of five thousand dollars ($5,000.00), conditioned that the co-partnership shall conduct their business as real estate brokers in accordance with the requirements of this act.

An unincorporated association shall comply with the rules prescribed for a co-partnership.

When a corporation makes application for a license, it shall state in its application a list of its officers and directors, and their addresses, its principal place of business in this state, which shall be deemed its home office, and the names of the officers for whom a license is asked; the commissioner shall require its filing of a recommendation for each of said officers as in the case of an individual applicant, a good and sufficient bond in the sum of five thousand dollars ($5,000.00), conditioned that the corporation shall conduct its business as a real estate broker in accordance with the requirements of this act, provided that the total aggregate liability of any surety under such bond shall not exceed the face amount of the bond.

The commissioner may require such other proof as he may deem advisable as to the honesty, truthfulness and good reputation of any applicant for a license, whether an individual or member of a co-partnership or officer of a corporation, before issuing the license; provided, however, that if a real estate broker has once been licensed under this act, upon his application for a renewal of his license, the commissioner may, in his discretion, waive the filing of new recommendations or references.

Upon the filing of the application, if the same be accompanied with a proper recommendation or recommendations, bond or bonds, and fee hereinafter specified, if the commissioner is satisfied with the showing made, he shall forthwith issue the license, which shall continue thenceforward, unless revoked, until the first day of April next ensuing. If the commissioner shall not be satisfied with the showing made by the applicant, or if the necessary bond or bonds, satisfactory to the commissioner be not given, he may refuse to issue the license, in which case the applicant must appear before the commissioner within the time and manner provided in this act whenever a license application is refused, cancelled, or revoked.

For every real estate broker's license issued, the commissioner shall require, before issuance, a fee of ten dollars ($10.00), provided, that if a license be taken out after the first day of October, but one-half the fee shall be required, but the license shall expire on the first day of April following, and in case of licenses issued to co-partnerships, unincorporated associations, and corporations, he shall require such fee for each such co-partnership, unincorporated association, or corporation to whom such license is issued.

If the applicant or licensee is a salesman the commissioner also shall notify the broker employing him or in whose employ he is about to enter by mailing notice by registered mail to the broker's last known business address. 66-2204. (3220) **Applications for license to practice—examinations—fees.** Any citizen of the United States who is over the age of twenty-one (21) years desiring to begin the practice of veterinary medicine or veterinary surgery in the state of Montana, or who shall desire to hold himself or herself out to the public as a practitioner of veterinary medicine or veterinary surgery, except as provided in section 66-2211, shall make application to said board of examiners for license so to do. Such application shall be upon a form furnished by said board, and shall be accompanied by satisfactory evidence of the good moral character of the applicant, and shall present evidence of his having graduated in and received a degree from a legally authorized veterinary medical school having educational standards equal to those approved by the American veterinary medical association. On application, a photostatic copy of the diploma of said applicant shall be submitted to said board for inspection and verification, and such photostatic copy shall be and remain the property of the board. Every person applying to said board for license to practice shall pay to the board the fee of twenty-five dollars ($25.00), which fee shall in no case be refunded, and which shall become a part of the funds of the treasury of the board. Said board shall by means of examination, either oral or written or practical, or such combination of oral or written or practical as the board may determine, ascertain the professional qualifications for license of all applicants under this act, except that investigation under reciprocity arrangements may replace examination for licensees from other states as provided by section 66-2208, and the board shall issue such license to all who are found upon such examination or investigation to be in the judgment of said board competent to practice, and no such license shall be issued to any person who is not found by such examination or investigation to be competent.

Such examination shall be held in January and June of each year at a time and place or places specified by said board. Such examination shall cover theory and practice, materia medicia [medica] and therapeutics, livestock sanitaton, surgery, and communicable diseases and such other subjects chosen by the board as are ordinarily included in the curriculum of a legally chartered school of veterinary medicine recognized and approved by the American veterinary medical association.

Said board shall consecutively number all applications received and note upon each the disposition made of it and preserve same for reference, and shall number consecutively all licenses issued; provided, that veterinarians who are at the time of the passage and approval of this act licensed and registered to practice veterinary medicine in the state of Montana, shall be entitled to a license without such examination.

All applicants must achieve a grade of seventy per cent (70%) in all subjects in order to obtain a license. An applicant who has failed an examination may apply to be re-examined at any subsequent examination, shall pay another application fee in the amount of twenty-five dollars ($25.00), and shall take another complete examination in all subjects.

An applicant for examination hereunder may in the discretion of the board be given a temporary permit to practice veterinary medicine prior to taking the examination, provided such applicant is employed by and working under the supervision of and in the same office with a veterinarian licensed under this act; such temporary permit shall be valid only until the date of the next succeeding examination, and no longer, and under no circumstances shall the board issue a second temporary permit to the same person. A temporary permit shall not be issued to a person who has failed an examination given by the board.

History: En. Sec. 4, Ch. 82, L. 1913; amd. Sec. 1, Ch. 150, L. 1919; re-en. Sec. 3220, R. C. M. 1921; amd. Sec. 4, Ch. 90, L. 1955.

Amendment

The 1955 amendment made numerous changes in this section. For section prior to amendment see parent volume.

66-2207. (3223) **Issuance, registration and reinstatement of licenses.** The state board of veterinary medical examiners will, at the conclusion of a regular examination or after investigation under reciprocity arrangements as provided by section 66-2208, if in their judgment the applicant is duly qualified therefor, issue a license to practice veterinary medicine.

Every license so granted by the board shall be issued under seal, and shall be signed by the president and secretary-treasurer of the board, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, veterinary medical education, and all other matters required by law, and that after full examination or investigation under reciprocity arrangements he or she has been found duly qualified to practice.

Each person licensed by the board to practice veterinary medicine in this state shall procure from the secretary of the board on or before July first, annually, his certificate of registration. Such certificate shall be issued by the secretary upon the payment of a fee to be fixed annually by the board, not exceeding the sum of ten dollars ($10.00), and certificate so issued shall be prima facie evidence of the right of the holder to practice veterinary medicine in this state during the time for which it is issued. Failure of a person licensed by the board to procure a certificate of registration on or before July first of every year shall ipso facto constitute a forfeiture of the license held by such person, provided, however, that any person who has thus forfeited his license may have it restored to him by making written application for restoration within one (1) year of such

forfeiture setting forth the reasons for failure to procure the certificate of registration at the time specified by this section and accompanied by payment of the registration fee hereinabove set forth and such additional restoration fee not to exceed ten dollars ($10.00) as the board may require. Such person so making application for restoration of license within one (1) year of its forfeiture by him shall not be required to submit to examination.

Notwithstanding any other provisions in this chapter, any person licensed by the board who enters, or is called to active duty by, any branch of the armed services of the United States shall be entitled to receive automatic registration of his license during the period of his duty with the armed services, provided, however, that within one (1) year after release or discharge from duty in such armed services he shall procure a certificate of renewal from the board and pay the regular fee therefor. Failure of such person to procure such certificate of renewal within one (1) year after such release or discharge shall be the equivalent of a failure to procure a certificate of registration on or before July first of any year, and the same forfeiture and restoration requirements shall be invoked.

Each person licensed by the board shall at all times have his residence and office address on file with the board.

History: En. Sec. 7, Ch. 82, L. 1913; re-en. Sec. 3223, R. C. M. 1921; amd. Sec. 5, Ch. 90, L. 1955.

Amendment

The 1955 amendment made numerous changes in this section. For section prior to amendment see parent volume.

66-2208. (3224) **Display of license and certificate—arrangement with other boards.** No person shall practice veterinary medicine in the state of Montana without possessing and displaying prominently in his or her principal office a license and a current and valid certificate of registration issued pursuant to the provisions of this act. The board of veterinary medical examiners may make arrangement with similar boards in the several states insofar as practicable, whereby due credit for state and territorial licenses will be allowed in the state of Montana to such licensees of said board as desire to secure license to practice veterinary medicine in this state, and whereby licensees of the board of veterinary medical examiners in this state will secure due credit for license issued by said board, whenever such licensees desire to secure license to practice in any other state or territory; but no arrangement shall be made under the provisions of this section which will be liable to lower the standard of practice of veterinary medicine in the state of Montana. The board may, if deemed necessary, require an examination of applicants for license from other states after careful consideration of credentials from such states. The board shall by regulation establish methods and procedures for investigation of applicants for license by reciprocity, and no license shall be issued as a result of reciprocity between the states to any applicant unless such applicant has been lawfully and continuously in practice as a licensed veterinarian for at least one (1) year in the state from which he applies immediately preceding the date of his application for a license to practice in this state.

No person shall practice veterinary medicine or veterinary surgery, or farriery, in the state of Montana unless licensed by the state board of veterinary medical examiners of the state of Montana, and registered as required by this chapter; nor shall any person practice veterinary medicine, surgery, or farriery, whose authority to practice is suspended or revoked by said board.

(k) Revocation by proper authorities for any of the above reasons of a license issued by a sister state.

The board may neither refuse to issue a license or certificate of registration nor suspend or revoke any license and certificate of registration, however, for any such cause, unless the person accused has been given at least twenty (20) days' notice in writing of the charge against him, and a public hearing by the board is first had.

Such hearing shall be held by the board or by a referee appointed by the board; and the board or its duly authorized referee is hereby authorized to administer oaths, subpoena witnesses and compel the production of relevant books and papers and receive evidence in order to carry out the provisions of this act.

life, health, and property, and to promote the public welfare; providing for the registration of qualified persons as professional engineers and land surveyors, and providing for the certification of engineers-in-training; defining the terms "engineer," "professional engineer," "engineer-in-training," "practice of engineering," "land surveyor," and "practice of land surveying"; creating a state board of registration for professional engineers and land surveyors and providing for the appointment of its members; fixing the term of the board; defining its powers and duties; setting forth the minimum qualifications and other requirements for registration; making the administration of this act self supporting by establishing fees with expiration and renewal requirements; exempting certain groups; and providing for the enforcement of this act and penalties for its violation, and repealing sections 66-2301 through 66-2323 of the Revised Codes of Montana, 1947, and all acts and parts of acts in conflict herewith.

66-2325. Short title. This act shall be known and may be cited as the Montana Professional Engineers' Registration Act.

History: En. Sec. 2, Ch. 150, L. 1957.

66-2326. Definitions. The term "engineer" as used in this act shall mean a professional engineer as hereinafter defined.

The term "professional engineer" within the meaning and intent of this act shall mean a person who, by reason of his special knowledge of the mathematical and physical sciences and the principles and methods of engineering analysis and design, acquired by professional education and practical experience, is qualified to practice engineering as hereinafter defined, as attested by his legal registration as a professional engineer.

The term "engineer-in-training" as used in this act shall mean a candidate for registration as a professional engineer who is a graduate in an approved engineering curriculum of four years or more from a school or college approved as of satisfactory standing by the engineers' council for professional development or its successor as an agency evaluating professional engineering curricula, or who has had four years or more of experience in engineering work of a character satisfactory to the board; and who, in addition, has successfully passed the examination in the fundamental engineering subjects as provided in section 15 [66-2338] of this act, and who shall have received from the board, as hereinafter defined, a certificate stating that he has successfully passed this portion of the professional examinations.

The term "practice of engineering" within the meaning and intent of this act shall mean any professional service or creative work requiring engineering education, training, and experience and the application of such special knowledge of the mathematical, physical, and engineering sciences to such professional services or creative work as consultation, investigation, evaluation, planning, design, and supervision of construction for the purpose of assuring compliance with specifications and design, in connection with any public or private utilities, structures, buildings, machines, equipment, processes, works, or projects.

The practice of engineering shall not include the work ordinarily performed by persons who operate or maintain machinery or equipment, or communication lines or signal circuits, or electric power lines or pipelines.

The term "land surveyor" as used in this act shall mean a person who engages in the practice of land surveying as hereinafter defined.

The practice of land surveying within the meaning and intent of this act includes surveying of areas for their correct determination and descrip-

tion and for conveyancing, or for the establishment or re-establishment of land boundaries and the plotting of lands and subdivisions thereof.

The term "board" as used in this act shall mean the state board of registration for professional engineers and land surveyors provided for by this act.

History: En. Sec. 3, Ch. 150, L. 1957.

66-2327. Board—members—term. A state board of registration for professional engineers and land surveyors is hereby created whose duty it shall be to administer the provisions of this act. The board shall consist of five professional engineers, who shall be appointed by the governor. No more than two members shall be from the same branch of the profession of engineering. All board members shall have the qualifications required by section 5 [66-2328].

The members of the first board shall be appointed within ninety days after the passage of this act. Two members of the first board shall be members of the previous civil engineer board, and shall serve for one and two year terms respectively. The other appointments to the first board shall be for the terms of three, four, and five years respectively, or until their successors are duly appointed and qualified. Every member of the board shall receive a certificate of his appointment from the governor and before beginning his term of office shall file with the secretary of state his written oath or affirmation for the faithful discharge of his official duty. Each member of the board first appointed hereunder shall receive a certificate of registration under this act from said board. On the expiration of the term of any member, the governor shall appoint for a term of five years a registered professional engineer, having the qualifications required by section 5 [66-2328], to take the place of the member whose term on said board is about to expire. Each member shall hold office until the expiration of the term for which such member is appointed or until a successor shall have been duly appointed and shall have qualified. A member of the board may be appointed to succeed himself.

Each member of the board shall be a citizen of the United States and a resident of this state, and shall have been engaged in the practice of engineering for at least twelve years, and shall have been in responsible charge of important engineering work for at least five years. Responsible charge of engineering teaching may be construed as responsible charge of important engineering work.

History: En. Sec. 5, Ch. 150, L. 1957.

66-2329. Board—compensation and expenses. Each member of the board shall receive per diem when actually attending to the work of the board or any of its committees and for the time spent in necessary travel. Such per diem shall be fixed by the board in its sound discretion, but it shall not exceed twenty-five dollars ($25.00) per day. In addition thereto, each member shall be reimbursed for all actual traveling, incidental, and clerical expenses necessarily incurred in carrying out the provisions of this act.

History: En. Sec. 6, Ch. 150, L. 1957.

66-2330. Board—removal of members—vacancies. The governor may remove any member of the board for misconduct, incompetency, neglect of duty, or for any other sufficient cause. Vacancies in the membership of the board shall be filled for the unexpired term by appointment by the governor.

History: En. Sec. 7, Ch. 150, L. 1957.

66-2331. Board—organization—meetings. The board shall hold a meeting within thirty days after its members are first appointed, and thereafter shall hold at least two regular meetings each year. Special meetings shall be held at such time as the rules and regulations of the board may provide. Notice of all meetings shall be given in such manner as the rules and regulations may provide. The board shall elect annually the following officers: A chairman, a vice-chairman, and a secretary. A quorum of the board shall consist of not less than three members.

History: En. Sec. 8, Ch. 150, L. 1957.

66-2332. Board—powers. The board shall have the power to adopt and amend all rules and regulations and rules of procedure, not inconsistent with the constitution and laws of this state, which may be reasonably necessary for the proper performance of its duties and the regulations of the proceedings before it. The board shall adopt and have an official seal.

In carrying into effect the provisions of this act, the board, under the hand of its chairman and the seal of the board may subpoena witnesses and compel their attendance, and also may require the production of books, papers, documents, etc., in a case involving the revocation of registration or practicing or offering to practice without registration. Any member of the board may administer oaths or affirmations to witnesses appearing before the board. If any person shall refuse to obey any subpoena so issued, or shall refuse to testify or produce any books, papers, or documents, the board may present its petition to the district court, setting forth the facts, and thereupon such court shall, in a proper case, issue its subpoena to such person, requiring his attendance before such authority and there to testify or to produce such books, papers, and documents, as may be deemed necessary and pertinent by the board. Any person failing or refusing to obey the subpoena or order of the said court may be proceeded against in the same manner as for refusal to obey any other subpoena or order of said court.

History: En. Sec. 9, Ch. 150, L. 1957.

66-2333. Professional engineers' fund—receipts and disbursements—secretary—assistants. The secretary of the board shall receive and account for all moneys derived under the provisions of this act, and shall pay the same monthly to the state treasurer, who shall keep such moneys in a separate fund to be known as the "professional engineers' fund." Such fund shall be kept separate and apart from all other moneys in the treasury, and shall be paid out only by warrants drawn by the state auditor, upon claims filed and approved as required by law. All moneys in the "professional engineers' fund" are hereby specifically appropriated for the use of the board. The secretary of the board shall give a surety bond to the state in such sum as the board may determine. The premium on

said bond shall be regarded as a proper and necessary expense of the board, and shall be paid out of the "professional engineers' fund." The secretary of the board shall receive such salary as the board shall determine in addition to the compensation and expenses provided for in section 6 [66-2329]. The board may appoint an assistant secretary or executive secretary or may employ such clerical or other assistants as are necessary for the proper performance of its work, and may make expenditures of this fund for any purpose which in the opinion of the board is reasonably necessary for the proper performance of its duties under this act, including the expenses of the board's delegates to annual conventions of, and membership dues to, the national council of state boards of engineering examiners. Under no circumstances shall the total amount of warrants issued by the state auditor in payment of the expenses and compensation provided for in this act exceed the amount of the examination and registration fees collected as herein provided.

History: En. Sec. 10, Ch. 150, L. 1957.

66-2334. Records and reports—register. The board shall keep a record of its proceedings and a register of all applicants for registration, which register shall show (a) the name, age, and residence of each applicant; (b) the date of the application; (c) the place of business of such applicant; (d) his educational and other qualifications; (e) the branch or branches of engineering in which the applicant qualified; (f) whether or not an examination was required; (g) whether the applicant was rejected; (h) whether a certificate of registration was granted; (i) the date of the action of the board; and (j) such other information as may be deemed necessary by the board.

The records of the board shall be prima facie evidence of the proceedings of the board set forth therein, and a transcript thereof, duly certified by the secretary of the board under seal, shall be admissible in evidence with the same force and effect as if the original were produced.

Annually, as of June 30, the board shall submit to the governor a report of its transactions of the preceding year, and shall also transmit to him a complete statement of the receipts and expenditures of the board, attested by affidavits of its chairman and its secretary.

History: En. Sec. 11, Ch. 150, L. 1957.

66-2335. Roster. A roster showing the names and places of business of all registered professional engineers and all registered land surveyors shall be published by the secretary of the board during the month of April of each year. Copies of this roster shall be mailed to each person so registered, placed on file with the secretary of state, the clerk of each incorporated city and town and in the office of each county clerk and recorder within the state, and furnished to the public upon request.

History: En. Sec. 12, Ch. 150, L. 1957.

66-2336. Requirements for registration. The following shall be considered as minimum evidence satisfactory to the board that the applicant is qualified for registration as a professional engineer, or land surveyor, or for certification as an engineer-in-training, respectively:

(1) As a professional engineer:

a.—Graduation in an approved engineering curriculum of four years or more from a school or college approved as of satisfactory standing by the engineers' council for professional development, or its successor as an agency evaluating professional engineering curricula; and a specific record of an additional four years or more of experience in engineering work of a character satisfactory to the board, and indicating that the applicant is competent to practice engineering (in counting years of experience, the board at its discretion may give credit, not in excess of one year, for satisfactory graduate study in engineering), and by successfully passing an oral or written examination, or both, as the board may determine; or

b.—A specific record of eight years or more of experience in engineering work of a character satisfactory to the board, and successfully passing a written, or written and oral, examination designated to show that the applicant is competent to practice engineering; or

c.—A specific record of twelve years or more of lawful practice in engineering work of a character satisfactory to the board and indicating that the applicant is competent to practice engineering and has had responsible charge of important professional engineering work for at least five years, and provided applicant is not less than thirty-five years of age.

(2) As an engineer-in-training:

a.—Graduation in an accredited engineering curriculum of four scholastic years or more from a school or college approved as of satisfactory standing by the engineers' council for professional development, or its successor as an agency evaluating professional engineering curricula, and successfully passing a written examination in the basic engineering subjects; or

b.—A specific record of four years or more of experience in engineering work of a character satisfactory to the board, and successfully passing a written examination in the basic engineering subjects.

(3) As a land surveyor:

a.—Graduation from a school or college approved as of satisfactory standing by the engineers' council for professional development, or its successor as an agency evaluating professional engineering curricula, including the completion of an approved course in surveying; and an additional two years or more of experience in land surveying work of a character satisfactory to the board and indicating that the applicant is competent to practice land surveying; or

b.—A specific record of six years or more of experience in land surveying work of a character satisfactory to the board and indicating that the applicant is competent to practice land surveying, and successfully passing a written, or written and oral, examination in surveying prescribed by the board; or

c.—A specific record of ten years or more of lawful practice in land surveying work of a character satisfactory to the board and provided applicant is not less than thirty years of age.

No person shall be eligible for registration as a professional engineer, or land surveyor, or certification as an engineer-in-training, who is not of good character and reputation.

In considering the qualifications of applicants, engineering teaching may be construed as engineering experience.

The satisfactory completion of each year of an approved curriculum in engineering in a school or college approved as of satisfactory standing by the engineers' council for professional development, or its successor as an agency evaluating professional engineering curricula, without graduation, shall be considered as equivalent to a year of experience in section 13 (1) b and (2) b [this section]. Graduation in a curriculum other than engineering from a college or university of recognized standing may be considered as equivalent to two years of experience in section 13 (1) and (2) b [this section]; provided, however, that no applicant shall receive credit for more than four years of experience because of undergraduate educational qualifications.

The mere execution, as a contractor, of work designed by a professional engineer, or the supervision of the construction of such work as a foreman or superintendent shall not in itself be deemed to be qualifying engineering experience.

Any person having the necessary qualifications prescribed in this act to entitle him to registration shall be eligible for such registration although he may not be practicing his profession at the time of making his application.

History: En. Sec. 13, Ch. 150, L. 1957.

66-2337. Application for registration—fees. Applications for registration shall be on forms prescribed and furnished by the board, shall contain statements made under oath, showing the applicant's education and detailed summary of his technical work, and shall contain not less than five references, of whom three or more shall be engineers having personal knowledge of his engineering experience.

The registration fee for professional engineers shall be twenty dollars ($20.00), ten dollars ($10.00) of which shall accompany application, the remaining ten dollars ($10.00) to be paid upon issuance of certificate. When a certificate of qualification issued by the national bureau of engineering registration is accepted as evidence of qualification, the total fee for registration as professional engineer shall be ten dollars ($10.00).

The fee for engineer-in-training shall be ten dollars ($10.00), which shall accompany the application and shall include the cost of examination and issuance of certificate. When certification as an engineer-in-training by another state, or any territory or possession of the United States, or of any country, is accepted as evidence of qualification, the fee for engineer-in-training in Montana shall be one dollar ($1.00). When registration as a professional engineer is completed by an engineer-in-training, an additional fee of ten dollars ($10.00) shall be paid before issuance of certificate as a professional engineer.

The registration fee for land surveyors shall be ten dollars ($10.00), which shall accompany the application. The fee for registration as both a professional engineer and land surveyor shall be thirty dollars ($30.00), ten dollars ($10.00) of which shall accompany the application, the remaining twenty dollars ($20.00) to be paid upon issuance of certificate.

Should the board deny the issuance of a certificate of registration to any applicant the initial fee deposited shall be retained as an application fee.

History: En. Sec. 14, Ch. 150, L. 1957.

66-2338. Examinations. When oral or written examinations are required, they shall be held at such time and place as the board shall determine. When examinations are required on fundamental engineering subjects (such as are ordinarily given in college curricula), the applicant shall be permitted to take this part of the professional examination prior to his completion of the requisite years of experience in engineering work, and satisfactory passage of this portion of the professional examination by the applicant shall constitute a credit for a period of ten years. The board shall issue to each applicant upon successfully passing the examination in fundamental engineering subjects a certificate stating that he has passed the examination and that his name has been recorded as an engineer-in-training.

The scope of the examinations and the methods of procedure shall be prescribed by the board but, with special reference to the applicant's ability to design and supervise engineering works, so as to insure the safety of life, health, and property. Examinations shall be given for the purpose of determining the qualifications of applicants for registration separately in engineering and in land surveying. A candidate failing on examination may apply for re-examination at the expiration of six months and will be re-examined without payment of additional fee. Subsequent examinations will be granted upon payment of a fee to be determined by the board.

History: En. Sec. 15, Ch. 150, L. 1957.

66-2339. Certificates of registration—seal. The board shall issue a certificate of registration, upon payment of registration fee as provided for in this act, to any applicant who, in the opinion of the board, has satisfactorily met all the requirements of this act. In the case of a registered engineer, the certificate shall authorize the "practice of engineering." In the case of an engineer-in-training, the certificate shall state that the applicant has successfully passed the examination in fundamental engineering subjects required by the board and has been enrolled as an "engineer-in-training." In the case of a registered land surveyor, the certificate shall authorize the "practice of land surveying." Certificates of registration and certificates as engineer-in-training shall show the full name of the registrant, shall have a serial number, and shall be signed by the chairman, and the secretary of the board under seal of the board.

The issuance of a certificate of registration by this board shall be prima facie evidence that the person named therein is subject to the responsibilities and entitled to all the rights and privileges of a registered professional engineer or of a registered land surveyor, while the said certificate remains unrevoked or unexpired.

Each registrant hereunder shall upon registration obtain a seal of the design authorized by the board, bearing the registrant's name and the legend, "Registered Professional Engineer," and/or "Registered Land Surveyor." Plans, specifications, plats, and reports prepared by a regis-

trant shall be stamped with the said seal when filed with public authorities, during the life of the registrant's certificate, but it shall be unlawful for any one to stamp or seal any documents with said seal after the certificate of the registrant named thereon has expired or has been revoked, unless said certificate shall have been renewed or reissued.

History: En. Sec. 16, Ch. 150, L. 1957.

66-2340. Expiration and renewals—fee. Certificates of registration shall expire on the last day of the month of December following their issuance or renewal and shall become invalid on that date unless renewed; provided, however, that certificates issued after the effective date of this act and prior to January 1, 1958, shall expire December 31, 1958. It shall be the duty of the secretary of the board to notify every person registered under this act, of the date of the expiration of his certificate and the amount of the fee that shall be required for its renewal for one year; such notice shall be mailed at least one month in advance of the date of the expiration of said certificate. Renewal may be effected at any time during the month of December by the payment of a fee of five dollars ($5.00) for either a professional engineer or land surveyor, or both. The failure on the part of any registrant to renew his certificate annually in the month of December as required above shall not deprive such person of the right of renewal, but the fee to be paid for the renewal of a certificate after the month of December shall be increased ten per cent for each month or fraction of a month that payment of renewal is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the normal renewal fee.

History: En. Sec. 17, Ch. 150, L. 1957.

66-2341. Persons presently registered as civil engineer and/or land surveyor. No person who heretofore has been duly registered as a civil engineer and/or land surveyor under the laws of Montana and whose registration has not been revoked shall be required to register again under this act, and his former registration shall be fully recognized under the provisions of this act. All certificates including those for engineer-in-training heretofore issued and not revoked shall have the same force and effect as if they had been issued under the provisions of this act, and shall be subject to the same rules, terms and conditions as are the certificates provided for in this act.

History: En. Sec. 18, Ch. 150, L. 1957.

66-2342. Present professional engineers—persons in military service. At any time within one year after this act becomes effective, upon application therefor and the payment of the registration fee of twenty dollars ($20.00), the board shall issue a certificate of registration, without oral or written examination, to any professional engineer, who shall submit evidence under oath satisfactory to the board that he is of good character, has been a resident of the state of Montana for at least one year immediately preceding the date of his application; and was practicing engineering in a branch of engineering other than civil engineering and land surveying, as defined in section 66-2303 of the Revised Codes of Montana,

1947, at the time this act became effective, and was performing engineering work of a character satisfactory to the board.

The board at its discretion may require applicants under this section to appear for personal interview.

After this act shall have been in effect one year, the board shall issue certificates of registration only as provided for in section 13 [66-2336] or section 22 [66-2345] hereof, except for individuals who are in the military service of the United States at the time this act becomes effective who were residents of this state at the time of entering such service, and who were practicing engineering immediately preceding or during said service, and have performed work of a character satisfactory to the board, for whom the provisions of this section shall apply at any time within one year after their respective honorable separations from said service.

Graduates of an approved engineering curriculum of four years or more from a school or college approved as of satisfactory standing by the engineers' council for professional development, or its successor as an agency evaluating professional engineering curricula; who are in the military service of the United States at the time this act becomes effective, shall be certified as engineers-in-training without examination, upon application therefor and payment of the fee of ten dollars ($10.00) at any time within one year after honorable separation from such service.

For civil engineers or land surveyors the preceding applies, except that such individuals shall have been in the military service of the United States as of July 1, 1948, as was provided in section 66-2318, Revised Codes of Montana, 1947.

History: En. Sec. 19, Ch. 150, L. 1957.

66-2343. Engineering plans and specifications for public works. All engineering plans and specifications for public works of the state of Montana, or any agency thereof, or of any county, city, or school district of the state, shall bear the seal and signature of the engineer responsible therefor.

History: En. Sec. 20, Ch. 150, L. 1957.

66-2344. Registration of persons registered by other states or authorities. The board may, upon application therefor, and the payment of a fee of ten dollars ($10.00), issue a certificate of registration as a professional engineer to any person who holds a certificate of qualification or registration issued to him by proper authority of the national council of state boards of engineering examiners, or of the national bureau of engineering registration, or of any state or territory or possession of the United States, or of any country, provided that the applicant's qualifications meet the requirements of this act and the rules established by the board.

History: En. Sec. 21, Ch. 150, L. 1957.

Any person may prefer charges of fraud, deceit, gross negligence, incompetency, or misconduct against any registrant. Such charges shall be in writing, and shall be sworn to by the person making them and shall be filed with the secretary of the board.

All charges, unless dismissed by the board as unfounded or trivial, shall be heard by the board within three months after the date on which they shall have been preferred.

The time and place for said hearing shall be fixed by the board, and a copy of the charges, together with a notice of the time and place of hearing, shall be personally served on or mailed to the last known address of such registrant, at least thirty days before the date fixed for the hearing. At any hearing, the accused registrant shall have the right to appear personally and by counsel, to cross-examine witnesses appearing against him, and to produce evidence and witnesses in his own defense.

If, after such hearing, three or more members of the board vote in favor of finding the accused guilty, the board shall revoke the certificate of registration of such registered professional engineer or land surveyor.

The board, for reasons it may deem sufficient, may re-issue a certificate of registration to any person whose certificate has been revoked, providing three or more members of the board vote in favor of such re-issuance. A new certificate of registration, to replace any certificate revoked, lost, destroyed, or mutilated, may be issued, subject to the rules of the board, and a charge of three dollars ($3.00) shall be made for such issuance.

Any person who shall feel aggrieved by any action of the board in denying or revoking his certificate of registration may appeal therefrom to the district court of the county in which such denial or revocation was made, and, after full hearing, said court shall make such decree sustaining or reversing the action of the board as to it may seem just and proper.

Title of Act

An act concerning gifts of securities and money to minors; to make uniform the law with reference thereto; providing for severability and repealing all acts and parts of acts in conflict herewith.

67-1802. Manner of making gift. (a) An adult person may, during his lifetime, make a gift of a security or money to a person who is a minor on the date of the gift:

(1) if the subject of the gift is a security in registered form, by registering it in the name of the donor, another adult person (an adult member of the minor's family, a guardian of the minor) or a trust company, followed, in substance, by the words: "as custodian for _____
(name of minor)
under the Montana Uniform Gifts to Minors Act";

(2) if the subject of the gift is a security not in registered form, by delivering it to an adult person other than the donor (an adult member, other than the donor, of the minor's family, a guardian of the minor) or a trust company, accompanied by a statement of gift in the following form, in substance, signed by the donor and the person designated as custodian:

"GIFT UNDER THE MONTANA UNIFORM GIFTS TO MINORS ACT

I, _____, hereby deliver to _____ as custodian
(name of donor) (name of custodian)
for _____ under the Montana Uniform Gifts to Minors Act,
(name of minor)
the following security(ies):

(insert an appropriate description of the security or securities delivered sufficient to identify it or them.)

_____
(signature of donor)

_____ hereby acknowledges receipt of the above described
(name of custodian)

security(ies) as custodian for the above minor under the Montana Uniform Gifts to Minors Act.

Dated: _____

_____
(Signature of custodian)"

(3) If the subject of the gift is money, by paying or delivering it to a broker or a bank for credit to an account in the name of the donor, another adult person (an adult member of the minor's family, a guardian of the minor) or a bank with trust powers, followed in substance, by the words: "as custodian for _____ under the Montana Uniform
(name of minor)
Gifts to Minors Act."

(b) Any gift made in a manner prescribed in subsection (a) may be made to only one minor and only one person may be the custodian.

(c) A donor who makes a gift to a minor in a manner prescribed in subsection (a) shall promptly do all things within his power to put the subject of the gift in the possession and control of the custodian, but neither the donor's failure to comply with this subsection, nor his designation of an ineligible person as custodian, nor renunciation by the person designated as custodian affects the consummation of the gift.

History: En. Sec. 2, Ch. 245, L. 1957.

67-1803. Effect of gift. (a) A gift made in a manner prescribed in this act is irrevocable and conveys to the minor indefeasibly vested legal title to the security or money given, but no guardian of the minor has any right, power, duty or authority with respect to the custodial property except as provided in this act.

(b) By making a gift in a manner prescribed in this act, the donor incorporates in his gift all the provisions of this act and grants to the custodian, and to any issuer, transfer agent, bank, broker or third person dealing with a person designated as custodian, the respective powers, rights and immunities provided in this act.

History: En. Sec. 3, Ch. 245, L. 1957.

67-1804. Duties and powers of custodian. (a) The custodian shall collect, hold, manage, invest and reinvest the custodial property.

(b) The custodian shall pay over to the minor for expenditure by him, or expend for the minor's benefit, so much of or all the custodial property as the custodian deems advisable for the support, maintenance, education and benefit of the minor in the manner, at the time or times, and to the extent that the custodian in his discretion deems suitable and proper, with or without court order, with or without regard to the duty of himself or of any other person to support the minor or his ability to do so, and with or without regard to any other income or property of the minor which may be applicable or available for any such purpose.

(c) The court, on the petition of a parent or guardian of the minor or of the minor, if he has attained the age of fourteen years, may order the custodian to pay over to the minor for expenditure by him or to expend so much of or all the custodial property as is necessary for the minor's support, maintenance or education.

(d) To the extent that the custodial property is not so expended,

the custodian shall deliver or pay it over to the minor on his attaining the age of twenty-one years or, if the minor dies before attaining the age of twenty-one years, he shall thereupon deliver or pay it over to the estate of the minor.

(e) The custodian, notwithstanding statutes restricting investments by fiduciaries, shall invest and reinvest the custodial property as would a prudent man of discretion and intelligence who is seeking a reasonable income and the preservation of his capital, except that he may, in his discretion and without liability to the minor or his estate, retain a security given to the minor in a manner prescribed in this act.

(f) The custodian may sell, exchange, convert or otherwise dispose of custodial property in the manner, at the time or times, for the price or prices and upon the terms he deems advisable. He may vote in person or by general or limited proxy a security which is custodial property. He may consent, directly or through a committee or other agent, to the reorganization, consolidation, merger, dissolution or liquidation of an issuer, a security which is custodial property, and to the sale, lease, pledge or mortgage of any property by or to such an issuer, and to any other action by such an issuer. He may execute and deliver any and all instruments in writing which he deems advisable to carry out any of his powers as custodian.

(g) The custodian shall register each security which is custodial property and in registered form in the name of the custodian, followed, in substance, by the words: "as custodian for _____ under
(name of minor)
the Montana Uniform Gifts to Minors Act." The custodian shall hold all money which is custodial property in an account with a broker or in a bank in the name of the custodian, followed, in substance, by the words: "as custodian for _____ under the Montana Uniform
(name of minor)
Gifts to Minors Act." The custodian shall keep all other custodial property separate and distinct from his own property in a manner to identify it clearly as custodial property.

(h) The custodian shall keep records of all transactions with respect to the custodial property and make them available for inspection at reasonable intervals by a parent or legal representative of the minor or by the minor, if he has attained the age of fourteen years.

(i) A custodian has (and holds as powers in trust), with respect to the custodial property, in addition to the rights and powers provided in this act, all the rights and powers which a guardian has with respect to property not held as custodial property.

History: En. Sec. 4, Ch. 245, L. 1957.

67-1805. Custodian's expenses, compensation, bond and liabilities. (a) A custodian is entitled to reimbursement from the custodial property for his reasonable expenses incurred in the performance of his duties.

(b) A custodian may act without compensation for his services.

(c) Unless he is a donor, a custodian may receive from the custodial property reasonable compensation for his services determined by one of the following standards in the order stated:

(1) A direction by the donor when the gift is made;
(2) A statute of this state applicable to custodians;
(3) The statute of this state applicable to guardians;
(4) An order of the court.

(d) Except as otherwise provided in this act, a custodian shall not be required to give a bond for the performance of his duties.

(e) A custodian not compensated for his services is not liable for losses to the custodial property unless they result from his bad faith, intentional wrongdoing or gross negligence or from his failure to maintain the standard of prudence in investing the custodial property provided in this act.

History: En. Sec. 5, Ch. 245, L. 1957.

67-1806. Exemption of third persons from liability. No issuer, transfer agent, bank, broker or other person acting on the instructions of or otherwise dealing with any person purporting to act as a donor or in the capacity of a custodian is responsible for determining whether the person designated by the purported donor or purporting to act as a custodian has been duly designated or whether any purchase, sale or transfer to or by or any other act of any person purporting to act in the capacity of custodian is in accordance with or authorized by this act, or is obliged to inquire into the validity or propriety under this act of any instrument or instructions executed or given by a person purporting to act as a donor or in the capacity of a custodian, or is bound to see to the application by any person purporting to act in the capacity of a custodian of any money or other property paid or delivered to him.

History: En. Sec. 6, Ch. 245, L. 1957.

67-1807. Resignation, death or removal of custodian—bond—appointment of successor custodian. A successor custodian has all the rights, powers, duties and immunities of a custodian designated in a manner prescribed by this act.

(b) A custodian, other than the donor, may resign and designate his successor by:

(1) executing an instrument of resignation designating the successor custodian; and

(2) causing each security which is custodial property and in registered form to be registered in the name of the successor custodian followed, in substance, by the words: "as custodian for _____ under the (name of minor)
Montana Uniform Gifts to Minors Act"; and

(3) delivering to the successor custodian the instrument of resignation, each security registered in the name of the successor custodian and all other custodial property, together with any additional instruments required for the transfer thereof.

(c) A custodian, whether or not a donor, may petition the court for permission to resign and for the designation of a successor custodian.

(d) If the person designated as custodian is not eligible, renounces or dies before the minor attains the age of twenty-one years, the guardian of the minor shall be successor custodian. If the minor has no guardian, a donor, his legal representative, the legal representative of the custodian, an adult member of the minor's family, or the minor, if he has attained the age of fourteen years, may petition the court for the designation of a successor custodian.

(e) A donor, the legal representative of a donor, an adult member of the minor's family, a guardian of the minor or the minor, if he has attained the age of fourteen years, may petition the court that, for cause shown in the petition, the custodian be removed and a successor custodian be designated or, in the alternative, that the custodian be required to give bond for the performance of his duties.

(f) Upon the filing of a petition as provided in this section, the district court shall grant an order, directed to the persons and returnable on such notice as the court may require, to show cause why the relief prayed for in the petition should not be granted and, in due course, grant such relief as the court finds to be in the best interests of the minor.

History: En. Sec. 7, Ch. 245, L. 1957.

(b) The court, in a proceeding under this act or otherwise, may require or permit the custodian or his legal representative to account and, if the custodian is removed, shall so require and order delivery of all custodial property to the successor custodian and the execution of all instruments required for the transfer thereof.

History: En. Sec. 8, Ch. 245, L. 1957.

67-1809. Construction. (a) This act shall be so construed as to effectuate its general purpose to make uniform the law of those states which enact it.

(f) deleted the words "in a state office or regularly" which appeared between the words "person" and "employed," before amendment the statement in parentheses "(except as herein otherwise provided)" appeared between the words "appointive" and "officers," deleted the words "but including the president and all deans, professors and instructors in every department, college, and school of the university of Montana" which appeared after the word "basis," inserted the words "of administration" after the word "board" and deleted two former paragraphs which read "Temporary employees shall not be eligible to membership. All permanent and probationary employees shall become members on the first day of employment, and proper deductions shall be made from the salaries of such employees beginning on the first day of employment. Upon completion of six (6) consecutive months of service temporary employees shall be deemed permanent employees for the purpose of this act, and proper deductions shall be made from the salaries of such employees on the first day following the completion of such six (6) months' consecutive service. Permanent seasonal employees shall in no event be considered temporary employees." In subd. (m) substituted the words "'Prior service' shall mean all state service rendered before the first day of July, 1945"; for the words "'Prior service' shall mean all state service, or service to a contracting city, rendered before the first day of January, 1945; and all service rendered as an employee of the university before the same date"; in subd. (q) substituted the proviso clause for the words "and that prior to entering state service he was in the position first held by him in such service, but such 'compensation earnable' shall not exceed four hundred sixteen dollars and sixty-six cents ($416.66) per month" and deleted subd. (ai).

Subdivision (f)

CHAPTER 2—RETIREMENT SYSTEM CREATED—WHO ARE MEMBERS

Section 68-202. Members—re-entry into state service—school district employees.
68-203. Who are ineligible to membership in system.

68-202. Members—re-entry into state service—school district employees. (a) From and after July 1, 1955. All employees shall become members on the first day of employment.

(b) Every employee who re-enters state service shall become a member unless he has had an original election of exemption from membership and his state service was not interrupted by a break of more than one (1) month. A seasonal employee who has had an original election of exemption from membership will not be subject to the requirement regarding the break in service while continuing in his original employment and employed on a seasonal basis, but upon termination of employment to accept new employment or absence of more than one (1) month in returning to original employment in any ensuing season, such a seasonal employee shall become a member of the retirement system upon re-entry.

(c) Time during which an employee of a school district is absent from state service during official vacation shall be counted as service in determining eligibility for membership under this act.

Amendment

The 1955 amendment substituted the present subd. (a) for a former introductory clause and subd. (a) which read "Except as herein expressly excluded from membership all employees shall become members of the retirement system as follows: (a) All permanent and probationary employees shall become members on the first day of employment. Temporary employees shall be deemed permanent employees upon the completion of six (6) consecutive months of service, and such employees shall become members on the first day following the completion of such six (6) consecutive months of service."

68-203. Who are ineligible to membership in system. The following employees shall not become members of the retirement system:

(a) Elective officers, other than elective officers who filed with the board of administration an election in writing to become members; provided, that any person so excluded from membership, who later becomes a member hereof, shall have the option of making contributions to the retirement system in the amount which he would have contributed had he not been so excluded, and he shall then receive credit for prior service in the same manner as if he had not been so excluded. If he shall affirmatively exercise the option, the contributions of the state, or the contracting city because of his membership, shall be the same as they would have been had he not been so excluded.

(b) Inmates of state institutions who are allowed compensation for such service as they are able to perform.

(c) Persons in state institutions principally for the purpose of training, but who receive compensation.

(d) Independent contractors who are not employees.

(e) Employees serving on a part time basis unless such employees are members at January 1, 1946, or any time of employment after that date on a part time basis, or unless such employment is regular and continuous and in the opinion of the employing power will extend for more than one (1) year, and requires service for at least one-half (½) the time required of employees in the same group or class, serving on a full time basis. Any employee who is a member at January 1, 1946, and who is serving on a part time basis not requiring at least one-half (½) the time required of employees in the same group or class serving on a full time basis, may elect to terminate his membership in the system. Any employee so selecting shall be considered as permanently separated from state service, solely for the purposes of section 68-701(m).

(f) Persons in state service on July 1, 1945, or prior thereto who filed with the board of administration an election not to become members, provided any person so excluded from membership by his own election may on or before, but not after, July 1, 1948, file with the board of administration an election to become a member and receive credit for prior service, and shall become a member of the retirement system on the date of filing such election. Such person shall receive credit for prior service only if his election to become a member is filed with the board on or before, but not after July 1, 1948, and shall have the option of paying to the retirement system all or part of the amount which he would have contributed had he not been so excluded but had been a member to and including the date of filing such election to become a member, plus interest which would have accumulated thereon through such date. Upon the retirement of such person under section 68-801, the pensions provided by contributions of the state under this act shall be the same as if such person affirmatively exercised the option to pay to the retirement system all of that amount with accumulated interest.

(g) Persons directly appointed by the governor, who do not file with the board of administration an election in writing to become members.

(h) Persons who are members of any other retirement or pension system supported wholly or in part by funds of the United States government, any state government or political subdivision thereof and who are receiving credit in such other system for service, it being the purpose of this section to prevent a person from receiving credit for the same service in two (2) retirement systems supported wholly or in part by public funds, and no person shall receive such credit under any circumstances. Any member of the retirement system who, because of his employment by the state, shall be required to become a member of any such other systems, shall be considered solely for the purposes of section 68-701 (m) as permanently separated from state service. The accumulated contributions of any member who shall have died after becoming a member of such other system and before receiving said accumulated contributions, shall be paid to the beneficiary nominated by him to receive any death benefit payable under section 68-1101. Contributions to the retirement fund under

section 68-1307 on the basis of compensation earned by members after the effective date of termination of membership herein because of the membership in such other system, shall be repaid to the fund from which said contributions were made. For the purpose of this section, persons who merely are receiving pensions or retirement allowances, or other payments, from any source whatever, on account of service rendered to some other agency than the state and when such persons were not in state service, shall not be considered, because of such receipt, members of any other retirement or pension system.

(i) Appointive members of boards and commissions who serve the state or contracting agency on an intermittent basis, and who are paid on a per diem basis.

(j) Persons who become public employees under the meaning of this act after they have reached their sixtieth birthday and have no creditable service in this system, and who do not file with the board of administration an election to become members.

History: En. Sec. 5, Ch. 212, L. 1945; amd. Sec. 2, Ch. 297, L. 1947; amd. Sec. 3, Ch. 92, L. 1955.

Amendment

The 1955 amendment added subds. (i) and (j).

Membership

As to elected officers and persons directly appointed by the governor the Public Employees' Retirement Act provides that they may elect to become members by complying with the provisions of subdivisions (a), (f) and (g) hereof. Corwin v. Bieswanger, 126 M 337, 251 P 2d 252, 253.

CHAPTER 5—BOARD OF ADMINISTRATION—POWERS AND DUTIES

Section 68-501. Board of administration.

68-501. Board of administration. The board of administration shall consist of five (5) members appointed by the governor, three (3) of which members shall be public employees and shall be members of the retirement system, and two (2) of which shall be members at large. Terms of office shall be for five (5) years provided, however, that those first appointed after this act takes effect shall be for terms, respectively, of one (1), two (2), three (3), four (4), and five (5) years but their successors shall hold office for terms of five (5) years; provided not more than one (1) employee member of the retirement board shall be an employee of the same department, bureau or agency of the state or contracting public agency. Members of the board shall be paid their actual and necessary expenses and those members of the board who are not members of the public employees' retirement system shall be entitled to receive in addition to actual and necessary expenses compensation at the rate of ten dollars ($10.00) per day.

The attorney general is hereby designated legal counsel for the board.

(a) Vacancy on board—how filled. Any vacancy occurring ninety (90) days or more before the expiration of the term of any member of the retirement board shall be filled by appointment by the governor. The person thus appointed shall serve for the remainder of the unexpired term.

(b) The board may establish such rules and regulations as it deems proper, within the limitations of this act and for its proper administration,

operation and enforcement. The board shall elect one (1) of its members president, and shall appoint and fix the compensation of a secretary who shall have the power to administer oaths, and other necessary employees. It shall maintain its office in the city of Helena. A quorum of the board shall be three (3) members. The board may appoint a committee of one or more of its members, which shall have authority to perform routine acts, such as retirement of members and fixing of retirement allowances, approval of death claims and correction of records necessary in the administration of the system in accordance with the provisions of this act and rules and regulations of the board. All expenses of the administration of this act in excess of amount provided by the one dollar ($1.00) membership fee shall be a charge on the appropriation made from the general fund of the state.

(c) The board shall determine who are employees within the meaning of this act and shall be the sole authority and judge under this act as to the conditions under which persons may be admitted to and continue to receive benefits under the retirement system, and shall have exclusive control of the administration and investment of the fund. As soon as practical after the close of each fiscal year, the board shall file with the governor a report of its work for such fiscal year.

(d) Subject to the following and to all other provisions of this act, and such rules and regulations as it may adopt in pursuance thereof, the board shall determine and may modify allowances for service and disability.

(e) The board of administration shall fix and determine how much service rendered in any fiscal year shall be the equivalent of a year of service and parts thereof, but shall credit one (1) year for two hundred and fifty (250) or more days of service rendered by employees on a per diem basis and one (1) year for ten (10) months or more of service rendered by employees on a monthly basis, but not more than one (1) year for all service in any fiscal year. In determining the credit to be granted for service rendered on a part time basis, for purposes of calculating retirement allowances, the service shall be reduced to a full time basis according to the service required, in the next preceding sentence, for credit for one (1) year of service. In calculating benefits based on service so determined, except in calculating the additional pension provided in subdivision (g) of section 68-901 compensation earnable shall be taken as the compensation which would be earnable if the employment had been on a full time basis, and with a compensation derived by multiplying the member's compensation by ratio of full time to the time he was required by his employment to engage in his duties. In calculating the credit to be granted for service rendered on a part time basis, for purposes of determining qualifications for retirement, and of calculating benefits payable upon death before retirement, the service required in this paragraph for credit for a year of service shall not be used, but instead, a year of service shall be credited for each year during which the member was employed throughout the year on a part time basis and was engaged in his duties the full amount of time he was required by his employment to be so engaged. Credit for fractional years will be granted to the extent of the

fraction derived by dividing the time during which the member was engaged in his duties within the year, by the time he was required by his employment to be so engaged.

(f) Time during which a member is absent from public service without compensation shall not be allowed in computing service; except that time during which a member is absent from public service by reason of having been ordered on duty with the armed forces of the United States, or by reason of voluntary service by the member in said forces or on ships operated by or for the United States government, either during a war involving the United States as a belligerent or in any other national emergency, and for ninety (90) days thereafter shall be considered as time spent in public service, for the purpose of qualification for retirement and death benefits, but not for calculation of retirement benefits unless the member elects to contribute and contributes under the retirement system. Any member so absent and until his return within the said ninety (90) days may resign from the system. Any members so absent shall have the right to contribute to said system, either during his service with the armed forces of the United States or in the merchant marine of the United States, and ninety (90) days thereafter or upon his return to the state service, at times and in a manner fixed by the board of administration, amounts equal to the contribution which would have been made by him to the system on the basis of his compensation earnable at the commencement of his absence. If he does so contribute he shall receive credit for public service for such time in the same manner as if he had not been absent from public service. Whenever a member elects to continue his contributions, the state or the contracting city, or county or other agency shall thereupon contribute an amount equal to that which it would have contributed under section 68-1307 or under the contract between the board and the legislative body, as the case may be, if the member had not been absent from state service.

Any member so absent or any member absent from state service by reason of having been ordered by an authorized official of the state of Montana or the United States, to duties outside state service shall be paid upon his request, his accumulated contributions. Such payment shall terminate any election by said member under this section to contribute.

Time during which a member is absent from public service by reason of injury or illness determined within one (1) year after the end of such absence as arising out of and in the course of his employment, shall be considered as spent in public service, for the purpose of qualification for retirement and death benefits, but not for the calculation of retirement benefits, except as he received compensation, as defined in this act and as distinguished from disability indemnity under the workmen's compensation act during the absence, and then only to the extent of compensation received.

(g) Each employee shall file with the board of administration such information affecting his status as a member of the retirement system as the board may require.

(h) Credit for prior service shall be granted to each person other than persons who are employees of the university or of a contracting city at

the time of becoming members of the retirement system, who has rendered such service as defined in this act, and who has become a member of the retirement system on January 1, 1946, or within three (3) years after last rendering prior service. Credit for prior service shall be granted to each person who is employed by the university at the time of becoming a member of the retirement system regardless of whether he had been retired under the system prior to the effective date hereof, who has rendered such service as defined in this act, and who has become a member of the retirement system on January 1, 1946, or within three (3) years after last rendering prior service.

Credit for prior service shall be granted to each person who is employed by a contracting city at the time of becoming a member of the system, who has rendered such service as defined in this act, and who has become a member of the retirement system within three (3) years after last rendering prior service. Notwithstanding the three (3) sentences next preceding, credit for prior service shall be granted to each person employed by the state including the university, who became a member while employed on a part time basis, because of amendments to this retirement act, or who became a member prior to said amendments, because of a change in status to a full time basis. The credit for prior service to be granted persons employed by a contracting city who are included under the retirement system shall be established by contract between the board and the legislative body of such city; and such credit as may be granted to a person shall be in the form of a percentage, not to exceed the analogous percentage applicable to employees of the state, for each year of prior service. Prior service so credited shall be the basis for a retirement allowance or benefit as provided in this act only if the membership in the retirement system continues unbroken until retirement or retirement allowance or until the granting of such other benefit; provided, that termination of membership by withdrawal of accumulated contributions followed by the redeposit of such contributions upon re-entrance into public service as herein provided shall not constitute a break in membership, but this section shall not be construed to entitle any person to credit as prior service for time during which he was not in public service as defined in this act.

Credit for any prior service, not previously granted, shall be granted to a member upon request for retirement provided that the member has a total of not less than ten (10) years of creditable state service of which not less than three (3) years have been as a contributing member of the retirement system and the retirement allowance does not include credit for all state service prior to July 1, 1945, or in the case of a contracting city prior to the date of the contract, or July 1, 1947, whichever is earlier. Proper certification of such service must be furnished.

(i) The management and control of the retirement system shall be vested in the board of administration, and it shall exercise the following powers and perform the following duties:

(j) The board of administration shall keep in convenient form such data as shall be necessary for the actuarial valuation of the retirement fund created by this act. On July 1, 1946, and at the end of every two-year

period thereafter, it shall cause to be made an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries under the provision of this act, and shall further cause to be made an actuarial valuation of the assets and liabilities of the public employees' retirement fund herein created, and from time to time shall determine the rate of interest being earned on the said retirement fund. Upon the basis of any or all of such investigation, valuation, and determination, said board shall adopt such mortality, service and other tables and such interest rate, in lieu of the interest rate specified herein, or any of such items as it shall deem necessary, and shall make such revision in rates of contributions of members as it may deem necessary to comply with the provisions of section 68-701. No adjustment shall be included in the new rates for time prior to the effective date of such revision.

(k) The board shall credit contributions of members of the state and contracting cities with interest at the rate being used under the system on the effective date hereof, compounded each June 30, subject to the foregoing subdivision (j) of section 68-501. At the end of each fiscal year, beginning with the second fiscal year of the operation of the retirement system, it may credit to all contributions held in the retirement fund on June 30 of the then current fiscal year, such interest in excess of said rate provided herein as it may deem proper in the light of the earnings of the retirement fund during such fiscal year, but such additional interest credited during any fiscal year shall not be greater than the excess of said earnings over the interest otherwise credited to contributions during that year. Interest at said rate, compounded annually, subject to said foregoing subdivision (j) hereof, shall be used in the calculation of benefits under any mortality table adopted by the board, regardless of any additional interest allowed on contribution under this paragraph.

In addition to other records and accounts, it shall keep such records and accounts as may be necessary to show at any time:

The total accumulated contributions of members.

The total accumulated contributions of retired members less the annuity payments made to such members.

The accumulated contributions of the state and of contracting cities held for the benefit of members on account of service rendered as members of the retirement system.

All other accumulated contributions of the state and of contracting cities which shall include the amounts available to meet the obligation of the state and of the contracting cities, respectively on account of benefits that have been granted to retired employees and on account of prior service of members.

(l) In addition to rendering the annual report to the governor required by subsection (c) of this section, it shall cause to be published annually a financial statement showing an actuarial valuation of the assets and liabilities of the retirement system created by this act and a statement as to the accumulated cash and securities in the retirement fund as certified by the state auditor, but until all prior service is verified, the board of administration may omit from the financial statement published annually, assets and liabilities resulting from such prior service, and may include

assets and liabilities on account of service rendered as members in amounts equal only to accumulated contributions held on account of such service.

Amendment

The 1955 amendment in subd. (h) substituted the third paragraph for two former paragraphs which read "Credit for prior service shall be granted to all persons who have been at any time since July 1, 1945, or who may at any time hereafter become members or employees of the state or of a contracting city, contracting county, public agency or contracting public agency, notwithstanding any other provisions of the Public Employees' Retirement Act, as amended or supplemented; subject however, to the following conditions: namely, that any such person desiring to qualify for the benefits of the act must contribute to the pension accumulation fund of the public employees' retirement system for the purpose of accomplishing such qualification, an amount which shall be based on age and sex at the time of original membership, and upon the compensation earnable by such person during the month preceding the separation of such person from the state service. The time of original membership is hereby defined as the date when any such person elects to become a member of the public employees' retirement system. Provided that credit for prior service shall be granted to all retired members for all state service rendered prior to January 1, 1945, notwithstanding the date of participation of the contracting public agency in the public employees' retirement system or any other limitation or provision of the Public Employees' Retirement Act." In subd. (k) substituted the words "on June 30" for "at June 30th."

Subd. (h) Retroactive

Under the amendment by chapter 224 of Laws 1951, subsection (h) is retroactive and a person who retired in 1949 is entitled to a credit for his service prior to January 1, 1945 and his increase in the retirement pension would be from the date of his retirement not just the date that chapter 224 of Laws 1951 went into effect. Davidson v. Love, 127 M 366, 264 P 2d 705. (See, however, dissenting opinion, 127 M 366, 264 P 2d 705, 708.)

CHAPTER 7—MANAGEMENT OF RETIREMENT FUND

Section 68-701. Management of retirement fund.

68-701. Management of retirement fund. The retirement fund shall be managed as follows:
